

TIPS FOR A VIRTUAL COLLEGE FAIR

REGISTER FOR BOTH EVENTS

Due to the large size of our fair, we have created 2 registrations. Make sure you register for both A-L & M-Z.

You don't want to miss connecting with your future university!

CHECK OUT THE COLLEGES

You will have access to schools from all over the world! Review the "List of Schools Attending", and make a note of schools you want to connect with.

DO A TECH CHECK

Is your tech ready to go? Charge your phone, plug in your headphones and make sure your webcam is working. Missing access to a computer or internet? Check out our Technology Resources Page. <https://bit.ly/33xiMqy>

CLEAR YOUR SPACE

You will be able to text chat with video and audio. If you are using a camera, be aware of what others can see. Also, aim for a quiet room so it is less distracting for you and the person you're talking to.

LOOK AROUND

On the day of the fair take a look around and check out different booths. This is your chance to learn a lot in a short period of time. Don't hold back!

SHOW YOUR BEST SELF

Make a good impression. Be comfortable, but stay away from PJ's. Smile and nod as if you would in person. Think about how you want to introduce yourself and have questions prepared.

ASK QUESTIONS

Ask questions and take notes! Ask about your major, financial aid, student life, diversity, and housing. What is their coronavirus plan for next year? Visit our website for a complete list of possible questions.

FOLLOW UP

After making all those great connections, you will want to follow up. Collect their contact information and don't hesitate to send them an email if you have specific questions or concerns that you were not able to address during the fair.

STAY HYDRATED & HAVE FUN

The event is 2.5 hours long & while you can come and go as you please, we recommend you take advantage of as many booths as possible. This may be tiring so you want to choose a comfortable chair & have water & snacks near by. Have Fun!!
