CSU General Education Requirements 2017-2018

Students may follow the pattern of study outlined below or, the Intersegmental General Education Transfer Curriculum (IGETC) to meet lower-division general education requirements for the CSU system.

- SMC does not accept foreign coursework from non-U.S. regionally accredited institutions to meet CSU GE requirements.
- **Important:** Courses in Areas A1, A2, A3, and B4 must be completed with a grade of C- or higher in each course.
- For information regarding “CSU Certification” see the Transfer section of the catalog.

### TO TRANSFER

A student must:

- Complete 60 semester/90 quarter CSU-transferable units including a minimum of 30 semester/45 quarter units in general education courses with a minimum GPA of 2.0.
- Complete Areas A1, A2, A3, and B4 with a grade of C- or higher in each course.
- Be in good standing at the last college or university attended, and have completed or made up any missing college preparatory subject requirements.

Prior to transfer, it is strongly recommended that students complete the CSU GE pattern in full including the American Institution graduation requirement. Certain programs have more applicants than there are spaces available. These “impacted programs” have additional screening requirements. Please see an SMC counselor or visit [www.smc.edu/articulation](http://www.smc.edu/articulation) for details.

### CSU CERTIFICATION

“Certification” means that Santa Monica College has verified that a student has completed the lower-division general education requirements for the California State University system.

Certification from a community college is important, because without it, students will be held to the general education requirements specific to the CSU campus to which they are transferring. This typically involves additional lower-division coursework. Once a student is "certified", however, the CSU campus of choice will identify the student as having completed the lower-division requirements that are spelled out in the articulated agreements between the CSU and Santa Monica College. *Students should note that 9 units of upper-division general education courses must be completed after transfer.*

Courses from other schools may be considered for certification by petition through a process called "pass along certification." Please see a Santa Monica College counselor for assistance.

It is the student’s responsibility to request certification. Petitions for certification may be filed in the Admissions Office from January 1 through July 31 for the Spring semester, and October 1 through December 1 for students planning to complete requirements during the Fall semester.

Certification petitions are available on those dates in the Admissions Office and online (go to [www.smc.edu/admissions/forms.htm](http://www.smc.edu/admissions/forms.htm)). Request for certification will be processed ONLY during those periods.

### APPLICATIONS

Applications to the CSU are available online at [www.csumentor.edu](http://www.csumentor.edu). Applications to impacted programs must be filed during the priority-filing period, which is the first month applications are accepted for a given term. Many campuses are approaching capacity in a number of academic disciplines and are likely to close to applications after the first month of the filing period. Campuses, which are less impacted, may accept applications up to one month prior to the opening day of the term, though individual programs may close earlier. APPLICATIONS SHOULD BE FILED AS EARLY IN THE FILING PERIOD AS POSSIBLE TO ENSURE PRIORITY CONSIDERATION!

### PRIORITY APPLICATION FILING PERIODS

Students are encouraged to attend an application workshop. The application priority filing periods are:

Credit by Exam: Advanced Placement (AP) Tests

Students are granted units and subject credit for SMC degrees/certificates for College Entrance Examination Board (CEEB) Advanced Placement Tests with scores of 3, 4, or 5. Students must have the College Board send AP exam results to the SMC Admissions Office (hand carried copies will NOT be accepted).

AP credit can also be used to meet IGETC, CSU GE, and SMC Associate degree (majors and/or GE) requirements.

- AP credit granted at SMC does NOT reflect credit granted by a transfer institution.
- AP credit must be used in the IGETC area indicated, regardless of where the certifying institution’s discipline is located.
- AP credit may be incorporated into the CSU GE certification by any certifying institution. All CSU campuses will accept the minimum units shown and apply them toward fulfillment of the designated CSU GE area if the examination is included as part of a full or subject-area certification. Please note that individual CSU campuses may choose to grant more units than those specified toward completion of CSU GE requirements.

Students interested in petitioning for AP credit should meet with a counselor. Students should be aware that AP test credit is evaluated by corresponding it to an equivalent SMC course, e.g., History 11. A student who receives AP credit and then takes the equivalent SMC course will have the unit credit for the duplication deducted prior to graduation. Credit by Advanced Placement exam is noted and listed first on a student’s transcript, with units assigned and no grade.

Use of AP credit varies at each transfer institution. Please check the transfer institution’s catalog for details.

UCLA will not grant AP credit if the exam is taken after the student has completed 24 semester units of college coursework.
