

Free Certified Nurse Assistant & Home Health Aide Pre-Certification Programs

Certified Nurse Assistant (CNA) Pre-Certification

- Learn the essentials to work as an entry-level nurse assistant.
- Learn to care for patients in hospitals, assisted living and long-term care settings.
- After completion you will be eligible to take the California Nurse Assistant Competency exam to become a Certified Nurse Assistant.

Home Health Aide (HHA) Pre-Certification

- Prepare for a career as an entry-level home health aide administering in-home health and hospice care and services.
- Learn the essential aspects of patient care, such as the medical and social needs of people being served in a non-clinical setting.

Admission Requirements

- Background Check
- Drug Screening
- Proof of Negative TB Test
- CPR/BLS Certification
- Proof of COVID-19 Vaccine
- Flu Vaccine (during flu season)
