An aerial photograph of the Santa Monica College campus during the golden hour of sunset. A long, straight road, likely Santa Monica Boulevard, runs vertically through the center of the image, lined with palm trees and buildings. The sun is low on the horizon, creating a strong orange and yellow glow that silhouettes the buildings and trees. In the background, a range of mountains is visible under the bright sky.

WINTER 2020 SCHEDULE OF CLASSES

SMC IN FOCUS

Stories of transformation and new possibilities from Santa Monica College's bi-monthly newsletter.

FROM SMC TO HARVARD

Enrolling at SMC was UCLA transfer Abraham Barkhoder's "best decision." Then, no paid consultants or LSAT tutors helped him get into Harvard Law School; he developed his own plan of attack. Now he's sharing it, gratis.

FLYING HIGH AT NIKE

Graphic design majors Bridgette Ricketts and Roland Gonzales never dreamed of becoming designers at Nike. That's exactly what happened—after an apprenticeship with footwear design legend & SMC alum D'Wayne Edwards.

TIGHT CONNECTIONS: OLGA VAGIN

The life journey of Life Sciences instructor & UCLA research scientist Olga Vagin illustrated the importance of interconnectedness, reaching from a Santa Monica College room all the way back to her native Tashkent.

MAKING FINANCIAL FLUENCY FUN

Worried about the lack of financial literacy education, Accounting professor Jenny Resnick decided to do something. Many colleagues joined in to teach students about things like debt management, tax planning, savings and so much more.

AFTER 65 YEARS, MISSION ACCOMPLISHED

Saul Isler, 85, wanted to earn a college degree—even though it had been 65 years since he dropped out of university. He found a culture that made him "kvell" at SMC, and on June 11, 2019, he walked across that stage . . . a graduate, at long last.

FINDING HERSELF AGAIN

Having fled a difficult past, Aqueelah English was at a crossroads when she discovered SMC and its Guardian Scholars program for current and former foster youth. It saved her life, and she earned a 4.0 GPA during her first semester.

- Are 16 years of age or older and submit an official “Student Score Report” for passing the California High School Proficiency Examination, or
- Are a qualifying younger student who is at least 13 years of age, has completed 8th grade, and is participating in SMC’s Concurrent Enrollment program (see smc.edu/hsce for details),

APPLYING FOR ADMISSION

Continuing students do **NOT** have to reapply for admission. If you have never attended Santa Monica College (**new student**), or have been away for two or more consecutive semesters (**returning student**), or applied to SMC but did not actually enroll in a class, you must first:

- File an application for admission online (go to smc.edu/apply and click on ‘Launch Application Online’ to get started);
- At least four weeks before the start of the session, **arrange for transcripts** of previous college work (or high school work, if no college work was completed) **to be sent directly to the Admissions Office**. Copies issued to a student (even if in a sealed envelope) will NOT be accepted.

You will be emailed an admission letter. Please review it for information on any outstanding admission issues, orientation, placement, education planning/counseling, and enrollment.

All regularly admitted first-time SMC students are required to complete the math and English placement process (or the ESL placement test), complete the

online college orientation, and prepare an education plan (see smc.edu/myedplan for details). Once done, you will be able to enroll for classes through Corsair Connect at smc.edu/cc on the date and time of your enrollment. There is **NO need to come to campus to enroll**.

International Students

Santa Monica College defines an “international student” as a student attending the College while in F-1 or F-2 visa status. The international student application is available online (go to smc.edu/iapp). Please visit smc.edu/international for additional information about the application process and deadline dates, tuition and fees, and support services for F-1 and F-2 students. For the winter 2020 session, applications for out-of-country applicants must be submitted by October 15, 2019; and applications for in-country applicants who already have an F-1 or F-2 visa must be submitted by November 15, 2019.

- If you have F-1 status from another school, you may enroll at SMC on a limited basis. Please consult with the International Education Center.
- If you have another type of visa status (not F-1 or F-2), you may enroll through the Admissions Office. However, if you are currently on a B visa, you cannot enroll until you change status to a visa with education privileges. Please contact the International Education Center for details.

Veterans

Santa Monica College is approved as an institution for higher learning for veterans and veterans’ dependents entitled to education assistance from the Veterans Administration (VA). SMC cooperates with the VA in helping veterans, and offers academic, career, and transfer counseling, as well as priority enrollment, tutoring, and other services to support veterans in achieving their education goals.

If you wish to attend SMC under one of the veterans’ assistance bills, please see the information and instructions at smc.edu/vet or consult a counselor in the Veterans Resource Center (VRC).

Students with Disabilities

If you wish to use the special counseling services provided through the Center for Students with Disabilities, call 310-434-4265. See page 48 for more information.

Printed SMC materials are available in alternate media upon request. To request publications in alternate formats for disability accommodation, send email to DSCcontact@smc.edu or call 310-434-4265. This Schedule of Classes is also available online (see smc.edu/schedules).

Disqualified Students

If you were disqualified from a previous college, OR were disqualified from Santa Monica College AND have been away from SMC for two consecutive semesters (one year) or longer, you are required take certain steps to qualify for readmission. Go to smc.edu/apply and click on the “Petition for Reinstatement” link for details.

If you have been disqualified from SMC *more than once*, you will be required to take a break from attending SMC for up to a maximum of one year.

For further information, please see an SMC counselor.

ASSESSMENT AND PLACEMENT

Assembly Bill 705 requires Santa Monica College and other California community colleges to help students enroll in and complete transfer-level coursework in English and math within one year. You will be placed in **English** and **math** based on either your prior work or a guided self-placement, depending on when and where you completed your prior work, as shown below.

*Please note: The ESL placement process remains the same and requires completion of the ESL placement test. Also, Santa Monica College continues to provide testing for **Chemistry 10** and for purposes of demonstrating **math proficiency** for graduation.*

If you have completed the 11th grade or graduated high school in the U.S. in the last 10 years:

- You will be placed using multiple measures that include your high school GPA, courses, and grades reported on your CCCApply admission application.
- **You may check your placement once you have activated your Corsair Connect account at smc.edu/cc.** Just log in, click the “Placement” tab, and review your placement. If you do not see courses listed, your SMC admission application is missing some necessary information. Follow the instructions on the screen, enter the information requested. Once done, you will see your placement.

If you graduated high school in the U.S. more than 10 years ago or graduated high school in another country:

- You will be placed using “guided self-placement,” a set of online tools that help evaluate how prepared you are with the skills you are expected to have before starting a particular English or math class. To be guided to the best class for your needs, it is important that you read everything presented to you carefully, and that you answer honestly.
- To access the guided self-placement tools, activate your Corsair Connect at smc.edu/cc. Then log in, click the “Placement” tab, and follow the instructions on the screen.
- Plan on completing your English and math placements together. You may take each guided self-placement only one time.
- Please note: The math self-placement presents six options based on your academic and career path (major) or the course you are interested in taking. If you are not sure which option to choose, check with a counselor. You may take any of the math guided self-placements only one time.

About Your English and Math Placements

The purpose of Assembly Bill 705 is to help you enroll in and complete transfer-level classes in English and math within one year. For English, depending on your placement, you will start in one of two ways: (a) directly in English 1, a transfer level course; or (b) directly in English 1 paired with English 28, a supporting course. In some instances, you may also be encouraged to take another reading or grammar supporting course. See page 21 for the English Course Sequence.

For math, depending on your placement, you will start in one of three ways: (a) directly in a transfer-level math course; (b) directly in a transfer level math course paired with one supporting course; or (c) one semester of a math course that provides an accelerated path to transfer level math, and then followed by one semester of transfer level math, either as a standalone course or

paired with a supporting course. See page 31 for the Mathematics Course Sequence.

Other Assessment Services

Santa Monica College will continue to offer assessment services for ESL, the Chemistry 10 challenge exam, and math proficiency for graduation. You must have already applied for SMC admission, and must present a valid government-issued photo identification (e.g., driver license, passport, military ID). Test preparation materials are available online at smc.edu/assessment.

The Success and Engagement Center (formerly the Assessment Center) is located in Student Services Center S145. The Center offers testing services on a walk-in, first-arrival basis. Please check our website (smc.edu/assessment) or call 310-434-8040 for up-to-date information on office and testing hours.

Is Placement Required?

Completing the placement process in English or ESL and in math is **mandatory** if you are:

- A first-time college student enrolling in more than six units during your first semester at SMC; or
- A continuing student who has not completed the placement process; or
- Enrolling in an English, ESL, or math course for the first time (even if not a first-time college student); or
- Enrolling in courses with required English or math preparation (prerequisites).

Based upon your placement results, you will receive an English, ESL, or math placement recommendation.

Placement Exemptions & Placement and Prerequisite Waivers

You may be exempt from the placement requirement if you meet certain qualifications. You may also be granted placement and prerequisite waivers — as well as credit — for selected English, ESL, math, and chemistry courses under specific circumstances. Please see our webpage (smc.edu/waivers) for an overview, then consult with a counselor in the Counseling Department for details.

Please note: Although you may be exempt from the placement process, you still must successfully complete — or receive waivers for — any prerequisite courses that are required for classes in English (or ESL), math, Anatomy 1, Biology 21/22/23, Chemistry 11/12/21/22/24, Film 31/32, Microbiology 1, Nursing 17, Physics 7/9/22/23/24, and Physiology 3. For further information, please consult with a counselor in the Counseling Department.

ABOUT YOUR TRANSFER UNITS

Many students use Santa Monica College as the freshman and sophomore years of a four-year college plan. SMC is a leader in transferring students to their junior year at four-year colleges and universities, including the UC and CSU systems. Each of these institutions has a list of courses that must be completed to:

- satisfy general education requirements,
- satisfy lower-division pre-major requirements, and
- satisfy elective requirements.

How credit for an SMC course transfers to your future school depends on how that school will accept the course, and how clearly defined your transfer goal is.

To make things easier for SMC students to transfer successfully, Santa Monica College has worked out transfer agreements — called articulation agreements — with most local colleges and universities on how

your units of credit transfer or meet graduation or other requirements. You can look up transfer information yourself (go to assist.org for details), but you will find it much easier to talk to a counselor in the Counseling Department. To schedule an appointment with a counselor, please call 310-434-4210.

STUDENT-ATHLETES PLEASE NOTE: If you plan to transfer with an *athletic scholarship*, please see an athletic counselor for a list of these requirements and to arrange for continuous counseling while enrolled at SMC.

ACCESSIBILITY ADVISORY

To the best of our knowledge, SMC does not schedule courses in inaccessible locations. However, some locations may not be accessible to students with specific disability-related access needs. SMC will relocate classes to accommodate individual students. To initiate this process, please contact the Center for Students with Disabilities at 310-434-4265 (voice) or 310-434-4272 (fax).

The path of travel from the public bus stops on Centinela to the Bundy and Airport Arts campuses is a steep grade that may be inaccessible for some with mobility limitations. However, the Sunset Ride — an accessible public bus line — which transfers from Big Blue Bus Line #14, stops inside the Bundy Campus.

In addition, the following rooms have access restrictions:

ESL, Art, and Letters & Science buildings: Accessible restrooms require an access key.*

Letters & Science: Rooms 201, 203, 205.

Liberal Arts: Rooms 200, 204, 214, 217, 220, 223, 228, 231, 236, 237, 239, 240, 243.

Access keys are required for elevators when classes are not in session in the Business, Art, and Student Activities buildings, as well as for the Gym basement elevator.

*For restroom access-key copies, go to the Center for Students with Disabilities (Student Services Center S155) or call 310-434-4265.

Enrollment

IMPORTANT: All enrollment transactions take place online. You may enroll in any class with space available until the evening **before** the **second** class meeting, if the class is less than 90% full. Beginning the day of the **second** class meeting, you must have an Instructor Authorization Code for each class you wish to enroll in, even if the class has space available. EXCEPTIONS: (1) The enrollment deadline for *online, hybrid, or Arranged Hours classes* is the Sunday evening prior to the week the course begins; (2) for *classes meeting once per week and courses with a lab*, you may enroll until 10 p.m. the night before the first class meeting. If the class is full, you will need an Instructor Authorization Code.

Please note: All enrollment takes place on the web via Corsair Connect at smc.edu/cc. *If a class is closed, please keep trying, as it will re-open if space becomes available.* For more information about the enrollment process, please see smc.edu/enroll.

ENROLLMENT BY WEB

You may enroll by web on or after the enrollment date and time listed for you. You can enroll from any computer in the Admissions Office lobby, the SMC Library, or the Cayton Computer Lab (which requires a valid A.S. sticker and password). You may also enroll from home if you have Internet access.

ABOUT PRIORITY ENROLLMENT

You are STRONGLY encouraged to enroll as close to your assigned date and time as possible, since students who come after you in priority will quickly fill the classes you need if you wait too long.

State and local regulations, combined with other factors, determine the order in which your enrollment date and time are assigned. It is important complete the SMC assessment process, online orientation, and education plan requirements as soon as possible — especially if you are pursuing a degree, certificate, or transfer, or you are a first-time college student — because the sooner you do so, the sooner you will receive your enrollment appointment.

LOSS OF ENROLLMENT PRIORITY

You may lose your priority enrollment status if you do not complete SMC’s online orientation (see smc.edu/orientation), placement process (go to smc.edu/cc and click the “Placement” tab), or an abbreviated education plan if you are a new student, or a comprehensive education plan if you are a student who will have either earned 15 degree-applicable units by the end of the term or will have completed a third semester (whichever comes first; see the information at smc.edu/myedplan). You will also lose priority enrollment if you are on academic or progress probation for two consecutive semesters/terms, or you accumulate excessive units. For more information, please refer to smc.edu/admissions (click on ‘Enrollment Priority’ under the Policies section).

OPEN SEAT NOTIFICATION

If you wish to take a course, but the section you want is already closed, you may sign up for an Open Seat Notification list up to two weeks before the term starts. You will receive a notification if a seat becomes available. A notification does NOT mean you are enrolled in the course. When you receive a notification, it is YOUR responsibility to go to Corsair Connect at smc.edu/cc and enroll in the class. You may also unsubscribe from the Open Seat Notification list up to two weeks before the term starts.

WAITLISTS

You may be given the opportunity to join a waitlist for a class section, starting two weeks before the term begins. You will be able to track your status on the waitlist through Corsair Connect at smc.edu/cc. The waitlist is provided to faculty, who can add students to the class if there are seats available once the class starts. If you are on a waitlist, you will receive a notice by email if a seat has become available, and may enroll in the course on a first-come, first-served basis. Please visit smc.edu/enroll for more details about the waitlist process.

SMC STUDENT I.D.

To obtain your SMC Student I.D. card, go to the Cashier’s Office/Student ID at Student Services Center S181. Your SMC Student I.D. provides a convenient way to check out materials from the Library and access the campus tutoring labs and learning resource centers. When combined with A.S. Activities and swipe-activated, your SMC Student I.D. allows you to ride free on all Big Blue Bus routes, and to purchase discount tickets for selected student events or activities.

Fees

All fees are subject to change without notice. See smc.edu/fees for the latest details.

If you qualify for the SMC Promise Program, you are exempt from paying enrollment, student I.D., Health Services, and A.S. Activities fees. See smc.edu/freetuition for details.

There are no enrollment, student service, or Health Services fees for Noncredit (Adult Education) classes (designated by section numbers of 7000 or above).

Some classes require additional fees for materials and supplies. Consult the class listings in this schedule to determine whether any such fees are required. Please note that these fees are NOT refundable.

ON-CAMPUS AND SATELLITE CAMPUS VIRTUAL PARKING PERMITS

A virtual on-campus parking permit does NOT guarantee you a parking space. What a virtual parking permit does is entitle you to use on-campus student parking areas on a space-available, first-arrival basis. NOTE: Your virtual parking permit is for ON-CAMPUS PARKING ONLY — it is NOT a residential (street) parking permit.

For parking at **SMC’s main campus, SMC Performing Arts Center, or the Center for Media and Design**, you MUST purchase a virtual parking permit for \$45 for the winter session. The virtual parking permit provides access to parking lots at ALL SMC campuses. You may purchase virtual parking permits online through Corsair Connect at smc.edu/cc. If you have been awarded a California College Promise Grant for the academic year, you may purchase a virtual parking permit for \$30 at the Cashier’s Office.

Parking at **SMC Airport Arts and Bundy campuses** is FREE if you are attending classes there, but REQUIRES A VIRTUAL PARKING PERMIT. Satellite campus virtual parking permits may be requested online through Corsair Connect at smc.edu/cc. See smc.edu/transportation for details.

Parking at the **SMC Bundy Lot** is FREE for ALL SMC students, but REQUIRES A VIRTUAL PARKING PERMIT. Please see SMC’s transportation webpage (smc.edu/transportation) for the latest details.

PLEASE NOTE: Student virtual parking permits are NOT valid for faculty/staff parking areas.

Inter-campus shuttle service is FREE (SMC I.D. required). Please consult SMC’s parking webpage (smc.edu/transportation) for routes and operating hours.

Accessible Parking: The display of a DMV accessible placard AND registration for an SMC virtual parking permit entitles you to park in any accessible, student, or staff parking space.

An important caution: Car alarms are disruptive to other students and our neighbors. Cars with activated alarms in the SMC parking areas will be TOWED IMMEDIATELY at YOUR expense.

“ANY LINE, ANY TIME” BIG BLUE BUS

SMC students with a current SMC Student I.D. can ride ANY Big Blue Bus ANY time — for FREE! — if they have paid the Associated Students Activities fee AND have swipe-activated their SMC Student I.D. Special thanks go to the SMC Associated Students for funding this major expansion of SMC’s transportation initiative — launched in 2007 in partnership with the Big Blue Bus — aimed at improving access to SMC and reducing traffic, noise, and air pollution in the community. See smc.edu/transportation for details.

WITHDRAWAL REFUND SCHEDULE

See “Academic Policies” on page 52 for information on withdrawal refunds. Withdrawal refund deadlines appear next to each enrolled class listed in your Corsair Connect account.

Payment Policy

PAYMENT

PLEASE NOTE: You may be eligible to receive some form of financial aid. Call the Financial Aid Office at 310-434-4343 as soon as possible. Work Study funds and the California College Promise Grant (CCPG) are available for the winter session (go to smc.edu/financialaid for details). Please note: The California College Promise Grant and SMC Promise Program do NOT cover upper-division coursework fees.

You can pay your fees by using a MasterCard or Visa credit card at the same site where you enroll. For other payment options, see the “How to Pay” information.

Payments of enrollment and related fees for courses you enroll in are due by the deadline dates published on the fees webpage and in your Corsair Connect account. **Please see smc.edu/fees for payment deadline dates and other related information.** It is YOUR responsibility to drop any courses you do not wish to continue. If you do not drop the courses by the refund deadline — even if you never went to class — you will be responsible for paying the fees and a hold will be placed on your records until all fees are paid. A hold on your records prevents you from enrolling in future courses at SMC and restricts access to Admissions Office services such

as providing transcripts, enrollment verification, issuing diplomas, etc. See smc.edu/fees for the latest details.

How to Pay

SMC offers students several payment options.

- You may pay fees in cash or by check, money order, cashier’s check, Visa, MasterCard, or Discover. You may also pay with American Express, but in person ONLY.
- Nonresident tuition may be paid in cash, or by money order, cashier’s check, or a personal check drawn on a California bank, in person, at the Cashier’s Office.

You may pay:

- By web using a Visa or MasterCard ONLY (**web enrollment takes place on a certified secured site, and all data transactions are encrypted**; to pay fees online, log onto Corsair Connect at smc.edu/cc and make sure the **correct “school semester”** is selected, then select “Pay Fees Online” from the menu on the left);

Astronomy

Astronomy is a quest to understand the Universe itself. Astronomers study the Solar System, planets, stars, novae, supernovae, brown dwarfs, black holes, galaxies, and space using principles of physics, chemistry and mathematics. It is an attempt to find out what these entities are made of, how they formed, and how they change. Astronomers measure the light from these entities, throughout the entire electromagnetic spectrum, from radio to gamma rays. Astronomy has provided a basis of improvement in such areas as medical imaging, aircraft navigation, and satellite communications. Some of the many career paths that Astronomy majors may embark upon right here in the Los Angeles Area (one of the leading global hubs of the Aerospace Industry) include NASA Research Scientist, University Professor, Space Systems Engineer, Sci/Space/Tech Journalist/Blogger/Podcaster, Science Teacher, Orbital Mechanic, Science Fiction Film Consultant, Planetarium Director, Educational Outreach Specialist, Curriculum Designer, Space Tourism Agent, Public Relations Person, STEM Coordinator, Rocket Launch Analyst, Data Technician, and Optical Instrumentalist.

Biological Sciences

Coursework and study in the biological sciences provides a foundation for future employment in many of the fastest growing and emerging STEM (Science, Technology, Engineering and Math) fields today. Students of biology are at the front lines of many of the most critical questions our society is facing in the 21st century and beyond, including addressing climate change, the biodiversity crisis, resource management and population growth, emerging/infectious diseases and public health. Students of biology become lab technicians, nurses, genetic counselors, physicians, environmental scientists, landscape architects, state and national park rangers, researchers in agriculture, pharmaceuticals and biotechnology, teachers and college professors. Logic and critical thinking skills developed as a student of biology are applicable to nearly every field and every discipline and provide a foundation for making informed personal, business and public policy decisions.

Students must be present for the first session of biological science classes to be assured of admission to limited laboratory spaces. Students who wish to enroll in a Life Sciences course must demonstrate that they have met the prerequisites for the course prior to enrollment. Continuing students must complete prerequisite courses with a C or better. If currently enrolled in a prerequisite course at SMC at the time of enrollment, students will be admitted to subsequent courses based upon midterm placement results, but will be dropped if the prerequisite course is not completed with a C or better. Students who have successfully completed one or more prerequisite courses (earning a grade of C- or better in both the lecture and lab courses and an average of C (2.0) or better overall) at another institution may be able to verify having met the prerequisites by submitting a transcript and course description and course syllabus for the prerequisite courses.

Chemistry

Chemists study the properties of matter and make qualitative and quantitative analysis of many substances. They conduct a variety of experiments and tests in laboratories to develop new knowledge or maintain control over the quality of existing products and procedures. Chemists may work in research and development, or production and quality control in the chemical manufacturing industry, and in education or government institutions.

Students must be present at the first lab session of a chemistry course to be assured of admission to limited lab spaces.

Students who wish to enroll in a chemistry course must demonstrate that they have met the prerequisites for the course prior to enrollment. Continuing students must complete prerequisite courses with a C or better. If currently enrolled in a prerequisite course at SMC at the time of enrollment, students will be admitted to subsequent courses based upon midterm placement results, but will be dropped if the prerequisite course is not completed with a C or better. Students who

have successfully completed one or more prerequisite courses (earning a grade of C- or better in both the lecture and lab courses and an average of C (2.0) or better overall) at another institution may be able to verify having met the prerequisites by submitting a transcript and course description and course syllabus for the prerequisite courses.

Some of the courses listed in this section are accompanied by Supplemental Instruction. Supplemental Instruction (SI) is an academic assistance program that utilizes free peer-assisted weekly study sessions to help students learn the most difficult course content. For more information, please see the SI website at smc.edu/si.

Geography

Geography is the science of studying human and physical attributes on the surface of the Earth. These attributes may be marks of human occupation, properties of some natural environment, or both. Geographers ask the questions "Where" and "Why there", with an interest in describing and explaining the various ways in which people have made Earth their home at scales ranging from the local to the global. Geography is an integrative discipline whose interests in space and place and whose perspectives from both environmental and social sciences foster a greater understanding of the interrelationships between the human and physical worlds. The use of Geospatial Technologies, including Geographic Information Science (GIS), Remote Sensing (RS), and Global Positioning Systems (GPS), are now widely used in the visualization, measurement and analysis of Earth's physical features and human societies, as well as the interaction between them.

Media Studies

Media is a versatile discipline consisting of two areas of study: media studies and media production. Our media studies area focuses on the analysis of the mass media. Media Studies courses use an analytical and historical approach, and students develop skills to assess the role and impact of mass media on society. Students examine the history, values, and structure of media in the US and internationally. Media literacy skills are another fundamental component of Media Studies Courses. Upon successful completion of our Media Studies courses, each student should leave as a media literate individual — a more aware, critical audience member with a well-developed sense of mass media's role in society. There is a wide range of employment possibilities for students trained in Media Studies, including positions in public relations, business, sales, public and personnel relations, and advertising.

Our Media Production courses provide hands-on training in the areas of Television, Radio and Internet Broadcasting, including broadcast news, sports, promotional videos, podcasting, short form and emerging media (360/virtual and augmented reality). Students completing the Broadcasting degrees and/or certificates are prepared for both employment opportunities in the broadcasting industry and transfer into four-year degree programs. The Promo Pathways program provides intensive training and internships for students pursuing promo advertising careers opportunities in the broadcasting industry and transfer into four-year degree programs.

Urban Studies

Urban Studies is an interdisciplinary investigation of our dynamic world of cities and their suburbs. From points of view ranging from the local to the global, students in this field examine cities as complex social groupings of people and institutions, as well as cultural landscapes of buildings, pathways, and public and private spaces. Urban Studies is concerned with what cities are and have been, as well as with ever-changing ideas about what cities could and should be. Urban Studies prepares students for careers in fields such as urban planning, architecture, public policy, and real-estate development, and it informs discussions of issues such as housing, transportation, urban renewal, segregation, sustainability, and suburban sprawl.

URBAN 8, INTRODUCTION TO URBAN STUDIES 3 UNITS

Transfer: UC, CSU

IGETC AREA 4 (Social and Behavioral Sciences)

• Prerequisite: None.

This course introduces students to the multi-disciplinary study of urban society and space. Cities are examined both as complex social-economic groupings of people, and as material landscapes of buildings, pathways, and public and private spaces. Attention is paid to what cities are and have been (the evolving urban experience of the past and present) as well as to ever-changing ideas about what cities should be (urban planning and design for the future). While the overall perspective of the course is global, its primary focus is on the cities of North America and, in particular, the Los Angeles metropolitan area. This emphasis is evident both in the classroom and in field trips or other assignments that ask students to apply classroom ideas to our local urban setting.

Urban Studies 8 is the same course as Geography 8. Students may earn credit for one, but not both.

Women's, Gender, and Sexuality Studies

Women's, Gender, and Sexuality Studies is an interdisciplinary field of inquiry analyzing structures of power, especially as they are grounded in gender, race, sexuality, ethnicity, nationality, ability, and other sources of inequalities. Students have the opportunity to attain a fuller understanding of human behavior, culture, and society made possible by investigating women's lives, as well as the lives of other marginalized groups, and acquaint themselves with the experience of subordinate genders of various economic, ethnic, and racial backgrounds.

Black Collegians Program

The Santa Monica College Black Collegians is an academic-transfer program that promotes academic excellence and guides students through the transfer process. Students are assisted in examining their options for transfer and in completing an educational plan which will lead to transferring to the institution of their choice. Since 1990, nearly 400 SMC Black Collegians have transferred to four-year colleges and universities. They are currently attending or have graduated from institutions such as Spelman College, Howard University, CSU Long Beach, USC, Stanford, UCLA, and UC Berkeley.

Some of the special benefits that students receive from the Black Collegians Program include: a personal counselor who will support and guide students throughout their stay at SMC; a special "College Success" course that will help students strengthen skills to enhance academic success; innovative academic and personal growth forums; a mentor who will advise and direct; access to a network of supportive peers, teachers and staff members; scholastic recognition and monetary awards.

If you feel you can benefit from the opportunities offered by the Black Collegians Program, please apply in Counseling & Transfer Services or the African American Collegian Centers in the Student Services Center SSC 201. Mentor Program in the Arts

Santa Monica College's Mentor Program in the Arts provides extremely gifted students in the fine and applied arts with one-on-one support training by professionals in their special fields. Designed for individuals whose talents exceed the scope of the traditional curriculum at the College, the Mentor Program is tailored to students whose continuing education or professional careers depend on juried performances or compiled portfolios of work.

Students in the program embark on a course of study in an intense learning environment with individual or small-group instruction in two areas: art and music. The program usually includes a public exhibition or performance. Upon completing the program, students are individually guided through the process of transferring to a university, art school, music conservatory, or other appropriate institution to continue their studies. In some cases, students are helped to launch their professional careers directly through placement in apprenticeship programs or employment with professionals in the field.

To participate, students must demonstrate exceptional ability and commitment. Each department has its own policies for admission, prerequisites, and corequisites in the program. The selection process is determined by a faculty committee and includes a portfolio review or an audition. This review usually takes place at the end of a semester for participation in the program the following semester. Students selected may participate for up to four semesters under the direct supervision and guidance of a designated Mentor.

Through the SMC Associates support group, scholarships, materials, and other resources are often made available to help these students. Students interested in participating in the Mentor Program should contact the chair of the department in which they would like to study as soon as possible. For other information, contact the appropriate Department Chair.

Internship Program

An internship is an off-campus or on-campus work experience that is designed to enhance student learning in the classroom. Through internships, students achieve "Learning Objectives" designed to help expand career options, learn about the 'work culture,' and develop new job skills.

Students interested in becoming interns can go to smc.edu/internship to find out how to get involved in SMC's Internship Program, and to smc.edu/jobs4u to find out about the many kinds of internships that are available.

To be eligible for an internship class, a student must be a 'continuing student' at Santa Monica College. A continuing student is one who attended SMC the previous Fall or Spring semester and completed at least 6 units. For example, a Fall semester or Summer session intern is required to have attended SMC the previous Spring semester and completed at least 6 units. A Spring semester intern is required to have attended SMC the previous Fall semester and completed at least 6 units.

To enroll in an internship, students are required to attend a one-hour **Internship Orientation** meeting at the beginning of the semester. Visit our website (smc.edu/internship) or call the Career Services Center for the orientation meeting schedule.

Students earn college credit based on the number of internship hours worked. Each unit of college credit requires **60 hours of unpaid** (volunteer), or **75 hours of paid** work per semester. The General Internship classes are listed in this schedule of classes under Counseling and Testing. The classes are Counseling 90A, B, C, and D, and range from 1 to 4 units of credit. **General Internships** need not be related to the student's educational or career goals.

F-1 students must see the immigration coordinator at the International Educational Center before enrolling in an internship.

Several departments at SMC also offer **Specific Internships** that are related to a student's major or career goal. These internships combine on-the-job learning experiences with college curriculum, and are for students who are beginning, changing, or advancing in a career, or who are moving ahead in a major. Students can call the Career Services Center at 310-434-4337 to find out which departments offer internships.

SMC's Career Services Center hosts an Internship Fair each Spring semester, offering students the opportunity to meet potential employers and ask questions about the internships being offered. Visit our website (smc.edu/internship) to find out when the next Internship Fair will be held.

For further information or for help in finding an internship, call the Career Services Center at 310-434-4337, or visit our website (smc.edu/internship).

Study Abroad

Studying abroad is an enriching, life-changing experience! There is no substitute for the experience of living in another culture and learning — first-hand — how others think, live, and work.

Santa Monica College offers faculty-led Study Abroad programs designed to take students to another country and immerse them in an exciting and engaging learning program. Each program gives students the opportunity to earn SMC credit as they expand their own intercultural awareness and foster a more global experience. Students who successfully complete a minimum of three (3) semester units while attending a Study Abroad program will fulfill SMC's Global Citizenship graduation requirement for the Associate degree.

For program information, please visit the IEC's Study Abroad website (smc.edu/studyabroad).

Financial Assistance

FINANCIAL AID OFFICE

smc.edu/financialaid
Student Services Center S133 310-434-4343
 The Financial Aid Office at Santa Monica College strongly encourages students to apply for financial aid by going to fafsa.ed.gov and completing the Free Application for Federal Student Aid (FAFSA). Students who have been ineligible to receive financial aid in the past should re-apply each year and are encouraged to come in and ask about other resources that may be available to them.

The Financial Aid Office provides a number of important student services, including:

- Providing information regarding the types of financial aid available;
- Helping collect and complete all necessary financial aid forms and documents; and
- Providing guidance on student loans and debt management.

The Financial Aid Office annually provides more than \$45 million in federal, state, and other assistance to SMC students. The major aid programs at SMC are:

- **Pell Grants** — Federally funded grants of up to \$6,095 per year to eligible undergraduate students;
- **Federal Supplemental Educational Opportunity Grant (FSEOG)** — A Federal grant given to the College for disbursement to eligible students (average Santa Monica College student award is up to \$100 per semester until these funds are completely expended);
- **Cal Grant B** — State-funded award for eligible students from disadvantaged backgrounds or low-income families who have exceptionally high financial need, to provide them assistance with enrollment fees, living expenses, books, supplies, and transportation (the average Santa Monica College student award is \$1,656 per year; *both FAFSA applicants and California Dream applicants may qualify*);
- **Cal Grant C** — State-funded award for eligible students from low- and middle-income backgrounds enrolled in vocational training programs, to provide them assistance with training costs such as tools, books, and equipment (average Santa Monica College student award is \$547 per year; *both FAFSA applicants and California Dream applicants may qualify*);
- **Student Success Completion Grant (SSCG)** — State-funded grant awarded to full-time students and full-time Cal Grant B or C recipients, to provide an additional \$1,298 to students enrolled in 12-14 units per semester, or up to \$4,000 to students enrolled in 15 or more units per semester;
- **California College Promise Grant** — State-funded grant that covers certain enrollment fees for eligible students;

- **Santa Monica College Promise** — Free enrollment and fee waivers for high school students who graduate in 2019 and go directly to SMC as full-time students (see smc.edu/freetuition for details);
- **Federal Work-Study (FWS) funds** — Federally funded program that provides wages to eligible students for both on-campus and off-campus employment;
- **Stafford Loans (subsidized and unsubsidized)** — Federally administered, low-interest loans to eligible students; and
- **Parent Loans for Undergraduate Students (PLUS Loans)** — Federally administered, low-interest loans to parents of students who are considered dependent according to federal regulations.

Students can apply for federal financial aid and the California College Promise Grant directly through the SMC Financial Aid website (smc.edu/financialaid), where they will find useful links to federal and state agencies. Students may also drop by the Financial Aid Office for answers to specific questions.

To be eligible to receive most forms of financial aid, a student must show documented "financial need" as determined by the FAFSA. However, there are a number of other specific federal requirements that must also be met. To be eligible for federal financial aid, you must:

- Be a US citizen, a permanent resident, or an eligible non-citizen (if you do not understand these terms, ask the Financial Aid Office to explain them to you);
- Have a valid Social Security Number;
- Have a high school diploma or GED;
- Be enrolled in an eligible program at SMC;
- Make satisfactory academic progress in your coursework;
- Have complied with US Selective Service requirements (male students only);
- Have not been convicted of the possession and/or sale of illegal drugs; and
- Not be in default on a student loan or owe a refund on any state or federal grant you may have received in the past.

Please note: AB540 students can also apply for Cal Grants and California College Promise Grants by completing a California Dream Act application. To receive a Cal Grant, AB540 students need to be enrolled in an eligible program, have a high school diploma/GED, and meet satisfactory academic progress. In addition, male AB540 students are required to comply with US Selective Service requirements.

The Financial Aid Office is open Monday and Thursday 8:30 a.m.-4:30 p.m., Tuesday and Wednesday 8:30 a.m.-6 p.m., and Friday 8 a.m.-12 noon. Hours are subject to change without notice.

Academic Policies

MATRICULATION

SMC has a planned education process called “matriculation,” which helps you match your interests, abilities, needs, and goals with the College’s courses, programs, and services. The matriculation process includes orientation, placement, and educational planning/counseling to design a program of courses that meets your education goals.

To find out how the matriculation process can benefit you, please see the annual SMC catalog (available online at smc.edu/catalog) or — better yet! — stop by and talk to one of SMC’s academic counselors in the Welcome Center or the Counseling Department.

PROGRAM CHANGES

Enrollment in classes is done online through Corsair Connect at smc.edu/cc. Beginning the day of the second class meeting, you will need an Instructor Authorization Code to add courses, even if space is available.

ATTENDANCE AND WITHDRAWALS FROM CLASSES

A STUDENT ENROLLED IN ANY CLASS AT SMC MUST ATTEND — OR (IF AN ONLINE CLASS) ACTIVELY PARTICIPATE IN — ALL SESSIONS OF THE CLASS THAT MEET DURING THE FIRST WEEK OF THE CLASS OR RISK BEING DROPPED FROM THE CLASS BY THE INSTRUCTOR.

You may withdraw from classes online through Corsair Connect at smc.edu/cc. It is the **YOUR responsibility to withdraw from a class** by the course-specific deadline — informing the instructor is NOT sufficient notice. Failure to withdraw (officially drop) from a class could result in a grade of F (0.0), and owed fees.

The Admissions Office is not responsible for incomplete online transactions. Please confirm your transactions (including withdrawals), then print and review your revised schedule. You must have this proof to contest any discrepancies.

- **Specific deadlines to request a refund, avoid a W, or receive a guaranteed W are listed in your Corsair Connect account.**
- **Late withdrawals with extenuating circumstance:** After the guaranteed “W” deadline has passed, you may withdraw from a class using the Late Withdrawal Petition Process **ONLY** if there are extenuating circumstances (such as verified cases of an accident, illness, or other circumstances beyond your control) which make the withdrawal necessary. It may take several weeks to review your request, and there is no guarantee it will be approved. If your request is approved, you will receive a W, and units earned in the class will be included in “enrolled units” on your SMC transcript. PLEASE NOTE: If you have not withdrawn by this deadline, you will receive a grade of A (4.0), B (3.0), C (2.0), D (1.0), F (0.0), P (Pass),

or NP (No Pass) from the instructor. If you do not qualify for late withdrawal or you cease to attend the class, you may receive a grade of F (0.0).

- **If you have completed a course** — including taking the final exam or submitting final projects — you are **not** eligible for a late withdrawal. If you are contesting a grade for a completed course, you should meet with the instructor.

A complete explanation of how withdrawal deadlines are determined is available online (see smc.edu/AdminRegulations) and in the annual SMC catalog (online at smc.edu/catalog).

PLEASE NOTE: Short-term and open-ended courses have their own deadlines (go to smc.edu/datesdeadlines for details).

POLICY ON FEES

ATTENTION: Payment Policy

- ALL fees for winter session courses you enroll in must be paid no later than the fee payment deadline of 7 p.m. on December 18, 2019. Failure to pay or arrange to postpone fees by this date will result in your classes being dropped. Please note: Domestic nonresident students and F1 students are not eligible to postpone their fees.
- Fee postponement is available to eligible California residents and AB540 students only, not F1/F2 or other nonresident students. If you postponed your fees, a hold will be placed on your records and will remain until the fees are paid. A hold on your records prevents you from enrolling in courses at SMC and restricts access to Admissions Office services such as providing transcripts, issuing diplomas, etc.
- If you do not drop a course by the refund deadline, you will be responsible for paying the fees — even if you did not go to class.
- See smc.edu/fees for the latest details.

Enrollment Fee

This is a state-mandated student enrollment fee of \$46 per unit, and is subject to change without notice.

SMC Student I.D. Card and Associated Students Activities Fee

This is an optional fee of \$32.50 that includes the fee of \$13, which funds the cost of the SMC Student I.D. card with picture, and the Associated Student Activities fee of \$19.50, which funds services (such as “Any Line, Any Time” rides on the Big Blue Bus) and activities for the entire Santa Monica College student body.

The SMC Student I.D. card fee and Associated Students Activities fee are both optional. Contact the Admissions Office or Cashier’s Office at time of enrollment if you do not wish to pay these fees.

Health Services Fee

This is a mandatory fee of \$18 that provides a variety of health services. You are exempt from paying the Health Services fee if you:

- Enroll exclusively in noncredit or not-for-credit courses, or enroll in online classes only, or
- Declare in a personally-signed statement that you depend exclusively on prayer for healing in accordance with the teachings of a bona fide religious sect (documentation of such an affiliation is required).

Nonresident Tuition Fee

The mandatory tuition fee for students classified as nonresidents (including students who are citizens of a foreign country and hold only temporary resident status in the United States) is \$324 per semester unit (plus \$46 enrollment fee,

for a total of \$370 per semester unit), or \$300 per semester unit (plus \$46 enrollment fee, for a total of \$346 per semester unit) for students who qualify for an Assembly Bill 947 exemption. See the residency requirements at smc.edu/admissions and click on the “Residency” link, or contact the residence clerk in the Admissions Office for AB 947 exemption details. Please see the Fees webpage at smc.edu/fees for details. Please note: All nonresident tuition fees are subject to change without notice.

Upper-Division Coursework Fee

The mandatory upper-division coursework fee for students pursuing the Bachelor of Science degree in Interaction Design is \$84 per graded unit. This fee is IN ADDITION TO the \$46 per unit enrollment fee, for a total of \$130 per graded unit for students classified as residents. Students classified as nonresidents must pay the mandatory upper-division coursework fee of \$84 per graded unit IN ADDITION TO the \$46 enrollment fee AND the \$324 tuition fee, for a total of \$454 per graded unit. Students who qualify for an Assembly Bill 947 exemption must pay the mandatory upper-division coursework fee of \$84 per graded unit IN ADDITION TO the \$46 enrollment fee AND the \$300 tuition fee, for a total of \$430 per graded unit.

Materials and Supplies Fees

Some classes require additional fees for materials and supplies. Consult the class listings in the Schedule of Classes to determine whether any such fees are required. Fees for materials and supplies are not refundable.

On-Campus Virtual Parking Permit Fee

This fee is required **ONLY** if you wish to use the on-campus parking facilities at SMC’s main campus, SMC Performing Arts Center, or the Center for Media and Design. Parking is **FREE** at other SMC satellite campuses, **BUT** requires a virtual parking permit; see smc.edu/transportation for details). Regular virtual parking permits — which can be purchased online through Corsair Connect at smc.edu/cc — are \$85 for the fall or spring semester and \$45 for the winter or summer session. Funds from this fee are used to maintain and improve SMC’s parking facilities.

Students who qualify for a California College Promise Grant (CCPG) because they or their family currently receive benefits under Temporary Aid to Needy Families (TANF/CalWORKs), or SSI/SSP (Supplemental Security Income), or General Assistance/General Relief are eligible to purchase an on-campus virtual parking permit at a reduced rate.

Returned Payments and Outstanding Balances

Returned checks and rejected credit card payments are subject to a fee of up to \$25 and are taken care of at the Auxiliary Services Office, located at 1738 Pearl St. An administrative hold will be placed on your records until the matter is resolved. If you leave SMC owing a balance and do not pay it, you will be responsible for all collection costs and/or attorney’s fees. This debt may also be reported to all three major credit bureaus.

WITHDRAWAL REFUND SCHEDULE

If you are eligible for a refund, it will be processed and mailed to you within approximately 45 days of the start of the term.

Enrollment Fee

No refunds of enrollment fees are available to you if you withdraw from winter session classes after the published refund deadline for enrolled classes. Refund deadlines for enrolled classes can be found in your Corsair Connect account next to your enrolled classes. If you withdraw prior to the deadline date, you will receive a 100% refund of enrollment fees (minus a processing charge of \$10). See smc.edu/fees for more information on withdrawal refund deadlines.

Nonresident Tuition

If you withdraw from winter session classes at Santa Monica College before the published refund deadlines for the classes in which you are enrolled, you will receive a 100% tuition refund, minus any relevant processing fees.

Student Services, Activities, and Health Fee

If you withdraw from winter session classes at Santa Monica College before your semester’s published refund deadline, you will receive a 100% refund for the Health fee, the SMC Student I.D. fee, and the A.S. fee.

On-Campus Virtual Parking Permit Fee

The virtual parking permit fee is not refundable after 10% of the term. To obtain a refund, present your virtual parking permit receipt at the Cashier’s Office.

UNIT LOAD LIMIT

Students who are in good standing may take up to sixteen (16) units during the fall or spring semester, and eight (8) units during the summer or winter session. Please consult a counselor for details.

PROBATIONARY AND DISQUALIFIED STUDENT POLICIES

Santa Monica College students are expected to take responsibility for meeting the SMC Student Success Standards of “Academic Achievement” (maintaining a cumulative GPA of 2.0 or better in all classes taken at Santa Monica College) and “Timely Progress” (not exceeding the allowed percentage of I, W, and NP notations). Failure to meet these standards can lead to:

- Academic probation or progress probation, either one of which will limit how many units you may enroll in, which cannot exceed a maximum of 9 units in a spring or winter session, or 5 units in a winter or summer session;
- Academic disqualification; or
- Progress disqualification.

Both academic and progress disqualification will result in a limit of up to six (6) units maximum during the spring and winter sessions — and up to three (3) units maximum in the winter and summer sessions — if you are reinstated. If you have been disqualified from SMC more than once, you will be asked to take a break from attending SMC for up to a maximum of one year.

If there is ANY possibility that you may be placed on academic or progress probation or be disqualified, you should IMMEDIATELY make arrangements to discuss your situation with a counselor. For details, please visit the SMC Counseling website at smc.edu/counseling and click on the “Disqualified and Probation Policies” link in the menu on the left-hand side of the page, or see a counselor. Additional information on academic and progress probation, academic and progress disqualification, and requirements for reinstatement is also available in the annual SMC catalog (available online at smc.edu/catalog).

PLEASE NOTE: Students who are disqualified for academic and/or progress reasons due to fall 2019 grades will be dropped AUTOMATICALLY from all previously enrolled winter 2020 classes.

CALIFORNIA COLLEGE PROMISE GRANT (CCPG) SATISFACTORY ACADEMIC PROGRESS REQUIREMENT

The State of California requires California College Promise Grant recipients to meet certain minimum academic standards. Please note:

- To remain CCPG-eligible, students must maintain at least a 2.0 GPA and a course completion rate of at least 50%.
- Students who fail to meet the GPA and/or completion rate standards will be placed on CCPG Probation.
- Students on CCPG Probation have one major term (fall or spring semester) to raise their GPA and/or completion rate.
- Students who fail to raise their GPA and/or completion rate up to the minimum standards may become ineligible for a CCPG for the next fall or spring semester unless they (a) have already enrolled in the next fall or spring semester; or (b) have not yet completed 12 units.

For more information about the new CCPG Satisfactory Academic Progress Requirement, including how to appeal the loss of CCPG eligibility, please go to the SMC Financial Aid webpage.

PREREQUISITES AND COREQUISITES CHALLENGES

Students who have not completed prerequisite or corequisite courses at Santa Monica College or other colleges may challenge the requirement under certain circumstances by submitting a Prerequisite Challenge Petition to the appropriate academic department. The student bears the initial burden of proof to show that grounds exist for the challenge. Please see the annual SMC catalog (available online at smc.edu/catalog) for a detailed description of the challenge process.

PASS/NO PASS

Students who wish to take courses on a pass/no pass (P/NP) basis must apply for each course through Corsair Connect (go to “Enrollment” tab and select “P/NP Grading” option) before the class-specific deadline. The decision to take a course on a P/NP basis is irrevocable after the deadline has passed.

AUDITING CLASSES

Santa Monica College does not permit auditing of classes. All students attending credit or noncredit classes at Santa Monica College must be officially enrolled through SMC’s Admissions Office. Older adults attending free, noncredit classes on topics of interest to seniors must be enrolled through SMC Emeritus. Students attending fee-based not-for-credit classes to explore personal interests or gain professional certification — or attending free English as a Second Language (ESL) and other noncredit adult education classes offered through SMC Community Education — must be enrolled through the SMCCE office.

COURSE REPEATS

California Code of Regulations Title 5 limits the number of times a student may repeat a course in the California Community College system. These regulations also require all current and prior course enrollments, repetitions, and withdrawals in a student’s enrollment record to be counted toward the maximum limit.

If you would like — or need — to repeat a course in which you have previously earned an unsatisfactory grade or a W, you may re-enroll ONE TIME without the need to request permission from a counselor. After that, you MUST talk to one of SMC’s academic counselors. Check the Santa Monica College catalog (available online at smc.edu/catalog) for details.

GRADUATION REQUIREMENTS

The Associate degrees (AA, AS, AA-T, AS-T) are granted upon completion of sixty (60) degree-applicable units (general education, area of study, and electives) with a cumulative grade point average of C (2.0) or higher. A minimum of twelve (12) units must be completed at Santa Monica College.

You must file a Petition for Graduation with the Admissions Office. Deadlines for filing:

- Spring — Start of spring semester through April 30
- Summer — Start of summer session through July 31
- Fall — Start of fall semester through December 1

Check the Santa Monica College catalog (available online at smc.edu/catalog) for details, including requirements for graduating with honors.

STUDENT PRIVACY RIGHTS NOTICE

The Family Educational Rights and Privacy Act (FERPA) gives students certain rights with respect to their education records. For a full explanation of FERPA and its implications for college students, please see the SMC catalog (online at smc.edu/catalog) or contact the Admissions Office. What appears below is ONLY a brief summary.

- A student’s FERPA rights include:
1. The right to inspect and review the student’s education records within 45 days of the day the College receives a request for access. California law requires that records be provided within 15 working days.
 2. The right to request the amendment of the student’s education records that the student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.
 3. The right to provide written consent before the College discloses personally identifiable information from the student’s education records, except to the extent that FERPA authorizes disclosure without consent, such as for ‘directory’ information.
 4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5901

STUDENT RIGHT-TO-KNOW AND CAMPUS SECURITY

To comply with the Jeanne Clery Disclosure of Campus Security and Campus Crime Statistics Act (Public Law 101-542), Santa Monica College makes available the completion and transfer rates of first-time, full-time students seeking certificates, degrees, or transfer, as well as statistical information about the types and number of crimes on campus. The College provides this data to inform all current and prospective students — as “consumers” of higher education — on how well Santa Monica College compares with other postsecondary institutions.

Completion and Transfer Rates

The completion and transfer rates presented here are derived from the most current data

available at the time this Schedule of Classes went to press.

Completion rates are calculated by tracking a cohort (group) of first-time students seeking a certificate, degree, or transfer. For the cohort of first-time freshmen entering SMC in fall 2011, 30.71% earned a certificate or degree, transferred to a four-year institution, and/or became transfer-prepared (earned 60 or more transferable units with a GPA of 2.0 or higher) within three years of beginning coursework at SMC.

Transfer rates are calculated by tracking a cohort (group) of first-time students intending to transfer to a four-year institution. For the cohort of first-time freshmen entering SMC in fall 2011, 14.49% transferred to a four-year institution within three years of beginning coursework at SMC.

Crime Statistics for the College Community

Campus crime statistics are compiled and reported according to the guidelines specified in the Clery Act (20 USC 1092F), as defined under the FBI Uniform Crime Reporting procedures. SMC's crime statistics are available online at the US Department of Education website (ope.ed.gov/security) and at the SMC Campus Police website (smc.edu/police). Campus crime statistics — along with safety and crime prevention information — can also be found at many locations at SMC, and are available upon request. Contact the SMC Campus Police Office (434-4608) for details.

ACADEMIC ADJUSTMENTS AND INFORMATION TECHNOLOGY FOR STUDENTS WITH DISABILITIES

SMC complies with State and Federal law with regard to modifying academic policies and procedures and information technology as needed to ensure that they do not discriminate, or have the effect of discriminating on the basis of disability, against qualified applicants or students with disabilities. For details on adjustments and the procedure for requesting them, please visit the Center for Students with Disabilities, located in Student Services Center S155, or call 310-434-4265.

COLLEGE CONDUCT

Santa Monica College has an Honor Code, Code of Academic Conduct, and Rules for Student Conduct, and may discipline students in accordance with code provisions.

Check the annual Santa Monica College catalog (available online at smc.edu/catalog) for additional information.

Student Conduct Code

Students enrolled in the College have an obligation to conduct themselves in a manner compatible with the College's function as an educational institution. A complete copy of the "Rules for Student Conduct" (SMC AR 4410) is available online (see smc.edu/AdminRegulations).

STUDENT COMPLAINTS

Students with complaints, grievances, and personal concerns about Santa Monica College or any of its policies are encouraged to discuss them with the College Ombudsperson. The Ombudsperson provides support and encouragement to students, and attempts to present options and solutions. Complaints are handled confidentially on a case-by-case basis.

Students with complaints about a grade should discuss this with the Ombudsperson in time to

meet the deadline to file a formal appeal. The deadlines are:

- October 15 for spring semester grades,
- November 15 for summer session grades,
- April 15 for fall semester grades, and
- May 15 for winter session grades.

For more information, contact the Ombudsperson, or visit the Ombudsperson's webpage (smc.edu/ombuds).

SELECTIVE SERVICE NOTICE TO MALE STUDENTS

Federal law requires men age 18-25 to be registered with the Selective Service System (SSS) if they are US citizens or immigrant aliens (international students who hold valid student visas are exempt from this requirement). Men must be registered before they can receive federal or state financial aid (including loans and grants) for their education. Registration forms are available online at sss.gov and at any post office.

Residency

RESIDENCY

The following is a summary of Santa Monica College's residency rules and their exceptions. For more detailed information, please go to smc.edu/admissions and click on the "Residency" link in the Popular Links section of the webpage, or contact the residence clerk in the Admissions and Records Office.

- Each person applying for admission to, or enrolled in, a California Community College is classified for tuition purposes as either a "resident" or a "nonresident" of the State of California.
- A "resident" is defined as a citizen of the United States or a person who holds a status that allows him or her to establish residency in the United States for a minimum of one year and one day, who has proof of physical presence in the State of California for one year and one day PRIOR TO the start of the semester for which California residency is being claimed, and who presents evidence of intention to make California his or her permanent home. Dates on any documentary evidence should correspond to dates of physical presence in California.
- A "nonresident" is a person who does not meet the residency requirements of the State of California or who is a citizen of a foreign country and holds only temporary status in the U.S.
- A student classified as a resident will be admitted to the College and exempt from paying nonresident tuition. Enrollment fees (\$46 per unit; subject to change) still apply.
- A student classified as a nonresident is required to pay a tuition fee of \$324 or \$300 (with AB 947 exemption) per semester unit in addition to enrollment fees of \$46 per unit (subject to change).
- A nonresident continuing student between the ages of 19 and 23 (inclusive) requesting reclassification to resident status must submit a petition for change of residency status (Reclassification Form, obtained from the residence clerk in the Admissions Office), show proof of financial independence, provide documents that show the student was not claimed as a dependent for income tax purposes by parents in the past year, and present evidence of intent to establish California as his or her place of residence. Please see the Residency website at smc.edu/residency for helpful tips on establishing California residency.

RESIDENCE OF AN ADULT

A student who is 19 years of age or older and who has lived in California continuously for the last two years shall be presumed to have the intent to make California his or her home.

A student under 19 years of age shall be presumed to have the intent to make California his or her home if both the student and his or her parent(s) have lived in California continuously for the last two years.

A student who is 19 years of age or older applying for admission who has less than two years, but more than one year, of residence in California should be prepared to show proof of residence. Examples of evidence that aid the College admissions officer in identifying intent include, but are not limited to, the following documents:

- California Form 540 and Federal Form 1040 tax returns evidencing California residency/address (with acceptable dates);
- Paycheck stub OR letter of employment verification on company letterhead (signed by a manager of the personnel department);
- California bank account (checking or savings account statements showing charges in the State of California throughout the period while applying for residency determination);
- Marriage license or divorce decree issued in California (with acceptable dates);
- License or certificate issued by the State (with acceptable issue and expiration dates);
- California utility bill (one ONLY of the following: DWP, gas, telephone, cable, or other utility);
- California State aid or social welfare;
- Vehicle registration and/or vehicle insurance (California company);
- California-based health insurance OR Medi-Cal ID (with relevant dates noted);
- Military discharge papers (DD214) OR Leave and Earnings statement indicating California as State of Record;
- California property taxes (in student's name ONLY);
- Union membership in a California local; and
- California public library membership (verified by letter or printout with letterhead or branch stamp).

Documents are subject to verification, and the Admissions and Records Office reserves the right to ask for more documents when making a residency determination. Dates on documents must correspond with physical presence of one year and one day. Bring documentation to the Admissions Office. Restrictions apply. Please visit smc.edu/residency for further details.

RESIDENCE OF A MINOR

Unmarried minors (those younger than 18 years of age) are, by law, incapable of establishing their own residences, notwithstanding their physical presence within California. Admissions will use the following guidelines for determining a minor's residence:

- A minor's residence is the residence of the parent or legal guardian with whom the minor is living;
- If the minor is not living with a parent or legal guardian, then the residence of the parent or legal guardian with whom the minor last lived will be the residence of the minor.

When the residence of a minor student is derived from the parent or legal guardian, the durational requirement (one year in California) must be met by the parent or guardian, but is not required of the student.

A minor whose parents are not living and who does not have a legal guardian may establish his or her own residence.

EXCEPTIONS

Exceptions to the above guidelines will be made under certain circumstances as prescribed by California law and outlined in Administrative Regulation 4110 Residency Determination. See smc.edu/AdminRegulations for details.

VACA EXCEPTION (VACA H.R. 3230)

According to the Veterans Access, Choice, and Accountability Act (VACA H.R. 3230), a "covered individual" is defined as:

1. A veteran who lives in the state in which the institution of higher learning is located (regardless of his/her formal state of residence) and enrolls in the school within three years of discharge from a period of active duty service of 90 days or more.
2. An individual who is entitled to rehabilitation under 38 U.S.C. 3102(a).
3. A spouse or child entitled to transferred education benefits who lives in the state in which the institution of higher learning is located (regardless of his/her formal state of residence) and enrolls in the school within 3 years of the transferor's discharge from a period of active duty service of 90 days or more.
4. A spouse or child using benefits under the Marine Gunnery Sergeant John David Fry Scholarship (provides Post-9/11 GI Bill benefits to the children and surviving spouses of service members who died in the line of duty while on active duty) who lives in the state in which the institution of higher learning is located (regardless of his/her formal state of residence) and enrolls in the school within three years of the Service member's death in the line of duty following a period of active duty service of 90 days or more.
5. After expiration of the 3-year period following discharge or death as described in 38 U.S.C. 3679(c), a student who initially qualifies under the applicable requirements above will maintain "covered individual" status as long as he or she remains continuously enrolled (other than during regularly scheduled breaks between courses, semesters, or terms) at the institution, even if the student enrolls in multiple programs, and shall continue to be exempt from paying nonresident tuition and other fees.

CALIFORNIA NONRESIDENT TUITION EXEMPTION

Any student, other than one with United States Citizenship and Immigration Services (USCIS) **nonimmigrant** visa status (see exception below for students who have been granted T or U visa status), who meets all of the following requirements, shall be exempt from paying nonresident tuition (this exemption is often referred to "AB 540" after the Assembly Bill which enacted the exemption)

- A student is exempt from paying nonresident tuition if the student meets *all* of the following four requirements:
 1. The student must have:
 - attended a combination of California high school, adult school, and California Community College for the equivalent of three years or more, or
 - attained credits earned in California from a California high school equivalent to three or more years of full-time high school course work **and** attended a combination of elementary, middle and/or high schools in California for a total of three or more years, and
 2. The student must have:
 - graduated from a California high school or attained the equivalent prior to the start

of the term (for example, passing the GED or California High School Proficiency exam), or

- completed an Associate degree from a California Community College, or
 - completed the minimum requirements at a California Community College for transfer to the California State University or the University of California, and
3. The student must register as an entering student at, or current enrollment at, an accredited institution of higher education in California, and
4. The student must file an affidavit with the college stating that if the student is a non-citizen without current or valid immigration status, the student has filed an application to legalize immigration status, or will file an application as soon as the student is eligible to do so.
- Students who are nonimmigrants who are victims of trafficking, domestic violence, and other serious crimes who have been granted T or U visa status, under Title 8 of the United States Code, sections 1101(a)(15)(T) or (U) are eligible for this exemption.
 - Students who are nonimmigrants, other than those with T or U visa status as noted above, [for example, those who hold F (student) visas, B (visitor) visas, etc.] are not eligible for this exemption.
 - A year's equivalence at a California Community College is a minimum of 24 semester units of credit or 36 quarter units of credit. For noncredit courses, a year's attendance is a minimum of 420 hours, 210 hours for a semester, and 140 hours a quarter.
 - The accumulation of credit and/or noncredit in any academic year shall be calculated in reference to a year's equivalence. Partial completion in an academic year is allowed. (Example: 12 units of credit courses in an academic year is equal to a semester for purposes of determining eligibility.)
 - Attendance in credit courses at a California Community College toward the attendance requirements shall not exceed two years of full-time attendance.
 - The student must file an exemption request including a signed affidavit with the college that indicates the student has met all applicable conditions described above. Student information obtained in this process is strictly confidential unless disclosure is required under law.
 - Students eligible for this exemption who are transferring to another California public college or university must submit a new request (and documentation if required) to each college under consideration.
 - Nonresident students meeting the criteria will be exempted from the payment of nonresident tuition, but they will *not* be classified as California residents. They continue to be "nonresidents."
 - The California Dream Act extends Cal Grant A and B Entitlement awards, Cal Grant C awards, the California Promise Grant, and institutional financial aid to students who meet these criteria as well as the applicable criteria for eligibility for specific types of financial aid.
 - AB540 does not provide federal student financial aid eligibility for undocumented students. These students remain ineligible for federal financial aid.

SMC PARKING & TRANSIT GUIDE

Transportation at Santa Monica College

Santa Monica College encourages everyone to find a way to get to the main campus without the need to park a car there.

Visit smc.edu/transportation to learn about the transportation services and choices available at SMC.

Then head to the FREE personalized trip planner corsaircommute.com to explore customized point-to-point options, with features that include costs, times, and route maps, as well as health and sustainability factors such as calories burned and CO₂ emitted.

On-Campus Parking

Planning where you park to come to SMC is VERY important, because parking spaces are limited, and street parking in the surrounding neighborhoods is restricted on most days and evenings. SMC campus virtual parking permits are NOT VALID AT ANY TIME on neighborhood streets.

Students who drive to SMC may purchase a virtual parking permit to park on the main campus, Performing Arts Center, or the Center for Media and Design. FREE parking is available at these satellite locations: Bundy and Airport Arts but a free virtual parking permit must be obtained.

Student virtual parking permits for parking on the main campus, Performing Arts Center, or Center for Media and Design cost \$85 for the fall or spring semester, and \$45 for the summer or winter session. Virtual parking permits may be purchased through Corsair Connect (smc.edu/cc) or in person at the Cashier's Office.

Student virtual parking permits for parking at the Bundy and Airport Arts campuses are free. Virtual parking permits may be requested online through Corsair Connect (smc.edu/cc).

Visitor Parking: Visitors who have not made prior arrangements with Campus Police may park—for \$10 per day, with no in-and-out privileges—in the Visitor Parking area at Lot 6, located at 14th and Pico.

Accessible Parking: The display of a DMV accessible placard (or plate) AND an SMC parking decal entitles you to park in any accessible, student, or staff parking space.

An important caution: Because car alarms are disruptive to other students and our neighbors, cars with activated alarms in the SMC parking areas will be TOWED IMMEDIATELY at YOUR expense.

FINANCIAL AID:

Useful Steps and Information

MAINTAINING PERSPECTIVE

Although the “financial aid process” may sometimes seem complicated — don’t give up. The best way to approach the process is to look at it this way: A student who received funding for the 2018-2019 academic year spent an average of about 6 hours gathering information, making photocopies, filling out forms, making more photocopies, and standing in line waiting to use the computer in order to apply for financial aid. However, since the average financial aid award was approximately \$1,500, this would translate into (at least) \$250 for each hour of effort.

FINANCIAL AID LANGUAGE

As you make your way through the financial aid process, you’ll find that certain acronyms and abbreviations are used regularly. Here’s a list of some you’ll probably encounter:

FAFSA — Free Application for Federal Student Aid. This is the application form that students must complete to apply for financial aid. The information submitted on the FAFSA is processed through the Federal Processing Center and financial aid eligibility information is provided directly to the college. The college then determines a student’s eligibility for financial aid, how much and what types of aid the student is eligible to receive, and how much the student is expected to contribute towards his or her education.

EFC — Expected Family Contribution. The amount of money that the student (and parent, when applicable) is expected to contribute toward covering the costs of the student’s education.

SAR — Student Aid Report. The form students receive, after their FAFSA has been processed, which notifies them of their eligibility status for financial aid.

FSEOG — Federal Supplemental Educational Opportunity Grant (see the box labeled “Types of Financial Aid Available” for information).

FWS — Federal Work-Study (see the box labeled “Types of Financial Aid Available” for information).

PLUS — Parent Loans for Undergraduate Students (see the box labeled “Types of Financial Aid Available” for information).

CCPG — A term that used to refer to the California College Promise Grants (see the box labeled “Types of Financial Aid Available” for information).

SSCG — Student Success Completion Grant (see the box labeled “Types of Financial Aid Available” for information).

Before You Begin

SMC offers a variety of *scholarships* and *financial aid* if you need financial assistance to help you attain your educational goals. However, you need to understand the difference between what is considered a scholarship and what is considered financial aid:

Scholarships come from private donors, foundations, and other non-government sources. Scholarships may or may not require you to have financial need to be eligible — and a surprising number of them don’t!

Financial aid comes from federal and state government sources and usually requires you to have demonstrated “financial need” (as well as meet a number of other requirements) to be eligible.

Visit the Scholarship Office to find out more about scholarships. There are more than 300 different types of scholarships available that you might qualify for — too many to list and describe here, but stop by the Scholarship Office as soon as possible. **In addition, don’t forget to look up additional scholarships on the Internet!**

To find out more about financial aid, take a few minutes to read the information below...

If You Need Help

Determining what kind and how much financial aid you might be eligible to receive is often considered a complex process with a lot of variables. However, the process is not impossible to understand and certain application and award calculation procedures have recently been simplified a great deal.

Still, if things seem confusing to you, don’t panic! **At SMC, the Financial Aid Office will help you** apply for federal and state grants, work-study funds, and other financial assistance.

In order to be eligible for most types of financial aid, you must have “financial need” as determined by the federal government. You also need to commit some of your time and effort to working with the Financial Aid Office and **START THE FINANCIAL AID APPLICATION PROCESS AS EARLY AS POSSIBLE**. January is the best time to begin applying for the following academic year (see the timeline below for specific dates and deadlines).

The Financial Aid Office can assist you with your individual situation, answer your questions, sort out information, and help you to apply for financial aid funds.

DEADLINES

Here's How To Apply

When you apply for Federal Financial Aid, you will need to provide information about your personal financial situation. This information is used to determine whether your financial needs meet the requirements for eligibility for financial aid.

STEP 1:

In order to apply for the various types of Federal Financial Aid:

- You (and your parents or spouse, if applicable) need to complete the Free Application for Federal Student Aid (FAFSA) online at fafsa.ed.gov (be sure to apply for a PIN number BEFORE you submit your FAFSA).
- Be sure to use the IRS Data Retrieval Tool to transfer your financial information from your taxes to your application and also be sure to list the six digit Title IV school code for SMC 001265 – on your FAFSA.

NOTE: To apply for a Cal Grant for use at California colleges in the 2019-2020 award year, you must submit a 2019-2020 FAFSA AND a Cal Grant Grade Point Average (GPA) Verification Form. For "priority consideration," you need to submit both by March 2, 2019. The Cal Grant GPA Verification Form needs to be completed by the high school or college you most recently attended.

STEP 2:

After you have submitted your FAFSA:

- You will receive a Student Aid Report (SAR) in the mail, unless you provided an e-mail address. If you provided an e-mail address, you will receive an acknowledgement by e-mail and be referred back to the FAFSA website, where you can print out your SAR information.
- Check to make sure that all of the information listed on your SAR is correct. Pay particular attention to all comments listed on the SAR and any information in bold print or marked "assumed."
- If you need to make corrections to the SAR, inform the Financial Aid Office. Most corrections can be made electronically by SMC.

Students whose FAFSA information was rejected by the Federal Processing Center will receive a letter informing them that

they need to contact the Financial Aid Office immediately in order to correct and re-submit their information.

- Your Student Aid Report (SAR) will tell you if you are ELIGIBLE to receive a Federal Pell Grant. If you do not qualify for a Pell Grant, don't give up! You may still be eligible for other types of financial assistance, including federal work-study and scholarships.

STEP 3:

After the Financial Aid Office receives an electronic version of your FAFSA information from the Federal Processor, you will receive an email from Santa Monica College. This email will direct you to the Financial Aid Portal within Corsair Connect. In the Financial Aid Portal you can see what documents you need to submit or what actions you need to complete.

Students selected for verification will need to submit specific documents to "verify" certain information (such as income, number in household or number in college) listed on the FAFSA. As such, you may be requested to submit copies of federal tax returns and verification of untaxed income, assets, or number in household or college.

- Some students may have to submit proof of Selective Service Registration or Eligible Non-Citizen Status to the Financial Aid Office
- After you have completed all of the required forms and have gathered together all of the requested additional documentation, you may either mail the documents or bring them to the Financial Aid Office
- All of the documents should be returned within 15 working days from the day you received the written request

STEP 4:

After the Financial Aid Office has received and reviewed all of your paperwork, if you are eligible for federal or state aid, you will be sent a:

"Financial Aid Award Notification Email" which will provide you with your estimated financial aid award package. Be advised that the financial aid award amounts listed in the Financial Aid Award Notification Letter are based on full-time enrollment of 12 units or more for both the Fall and Spring semesters.

STEP 5:

In addition to the FAFSA, if you are a California resident, be sure to complete and submit a California College Promise Grants (CCPG; formerly Board of Governors Fee Waivers) in order to determine if you are eligible to have certain enrollment fees waived. Eligibility is based on specific income criteria. You can download the BOG Fee Waiver application form from the Financial Aid Office's website at smc.edu/financialaid

NOTE: AB540 student can apply for Cal Grants and California College Promise Grants (CCPG; formerly Board of Governors Fee Waivers) by

completing the California Dream Application at the following: dream.csac.ca.gov

Information regarding the California Dream Act can be found at the SMC Financial Aid webpage: smc.edu/financialaid

Be sure to follow all instructions CAREFULLY. Remember, when applying for financial aid, you are dealing with several government entities. If something doesn't make sense to you, or if you think your information may be unclear, go to the Financial Aid Office and ask the staff to explain it to you. Ask questions until you are sure you understand.
