

SMC Emeritus Advisory Bodies

Introduction

The Associate Dean of SMC Emeritus – A Program of Santa Monica College since 1974 – has established advisory bodies to advance the following objectives:

1. Advocate for Emeritus students, locally with the Associate Dean and administration.
2. Advocate for Emeritus students, statewide, with the State regarding funding.
3. Act as a proactive voice to the Associate Dean.
4. Advance the objective of Emeritus being responsive to the changing needs of the students.
5. Help communicate important and relevant updates to Emeritus students.
6. Actively raise funds to supplement the state funding.

The advisory bodies consist of six standing committees. Representatives from the standing committees will meet regularly to report on their activities as set forth below. These committees have no policy setting or supervisory powers. Their role is to provide advice, not direction, to the Emeritus Associate Dean and support Emeritus programs.

Committees

- Committees are a mechanism for carrying out activities. There are several standing committees, though additional ones could be created on an as-needed ad-hoc basis. If it is deemed there is no longer a need for a committee, it can be made inactive or simply terminated.
- The standing committees are listed below:

Fundraising	Focus on multiple fundraising efforts to raise additional funds to supplement the state funding, thus serving the interest of the students and supporting SMC Emeritus programs by providing equipment and supplies that we would otherwise do without.
Outreach, Diversity and Inclusion	Assist in marketing to the outside community (i.e. Recruitment), and identify how we can onboard new students to Emeritus, and provide an environment welcoming of a diverse population of older adults.
Student Feedback	Handles publicity within the Emeritus population. Provide a way for students to voice concerns and make suggestions to the administration. Provide feedback from the administration to student suggestions.
Emeritus Student Programs	Vet and suggest ideas (one-time programs, courses and events, for example), review suggestions from students, share thoughts on relative interest (i.e. can we fill a class on X). Please note: all curricular decisions are faculty-driven.
Advocacy	Annual efforts to get elected representatives to visit Emeritus. Schedule a trip to Sacramento to lobby, liaison with Emeritus at other California Community Colleges to coordinate efforts, etc.
Bus Trips	Special bus trips planned during the semesters.

- Committee member qualifications:
 - Must be a student at SMC Emeritus for at least one year.
