Online Tutoring Room

The screenshot shows the interface of an online tutoring room. At the top is a toolbar with various icons for text formatting (bold, italic, underline, strikethrough), alignment, and other functions. Below the toolbar is a large whiteboard area. A blue rounded rectangle highlights the whiteboard area, which contains the following text:

1 WELCOME TO YOUR ONLINE CONSULTATION! Below is a brief overview of this module. For more information, click the question mark at the top right of the screen.

WHITEBOARD: This area of the screen is the document collaboration whiteboard. Here, you can import or paste a document, or type text. Changes made to text in this window are highlighted and seen immediately by both individuals participating in the online consultation.

TEXT CHAT: You can use the area to the right of the screen to have a text conversation in real time.

TOOLBAR: The icons on the left side of the toolbar allow you to work with a document's formatting. The icons on the right side (or at the bottom if using a phone) include options for your online session, such as importing or exporting a document. Hover over any icon for a text label showing the icon's function.

DRAWING TOOLS: Clicking the pencil icon allows you to draw on top of the whiteboard. Within the drawing area, you can change the brush, clear your drawing, or use a solid background. You can also import images and export the entire drawing area. On a computer, hover over the drawing area to expand it, and hover away from it to minimize it. On a touch screen, touch the pencil icon once to open the drawing function, twice to expand the drawing area, and a third time to close it.

AUDIO AND VIDEO: If your center has enabled audio and video consultations, you can click on the camera icon to allow the other participant to see and hear you. The first time you use audio and video, your browser may prompt you to allow the use of your camera and microphone in your session.

AFTER YOUR SESSION: Your chat transcript and document will be saved in this online meeting. You can always come back by viewing your appointment and clicking the 'start or join online consultation' link.

On the right side of the interface, there is a chat window titled "Chat" with a checkbox for "Send Real Time Chat Updates" and a text input field labeled "type here to chat...".

A “white board” with instructions on it will appear. Please read the instructions. They will explain how to use the different tools in the online tutoring room. After reading the instructions, you can delete them. **Note: Your tutor will also be in the tutoring room and will be able to write on the white board and talk with you.**

Online Tutoring Room

The screenshot shows the interface of an Online Tutoring Room. At the top, there is a toolbar with various icons for text formatting (bold, italic, underline, strikethrough), alignment, undo, redo, eraser, and drawing tools. Below the toolbar is a large whiteboard area. On the left side of the whiteboard, there is a small black rectangle representing a video feed, and below it are three icons: a microphone, a camera, and a document icon. A red box is drawn around these three icons, and a red arrow points from the bottom of the box to the text below. The main content area on the right contains several paragraphs of text, each starting with a number (1-13) in the left margin. The text describes the room's features, including a welcome message, whiteboard instructions, text chat, toolbar functions, drawing tools, audio and video settings, and session completion. On the far right, there is a chat window with a 'Send Real Time Chat Updates' checkbox and a text input field labeled 'type here to chat...'. The video feed area is currently black, indicating the camera is off.
