

## ASSOCIATE DEGREE **IN** NURSING PROGRAM

"Care for one...that's love. Care for hundreds...that's nursing."

Employment of registered nurses is **projected to grow 15 percent from 2016 to 2026**, much faster than the average for all occupations. Growth will occur for a number of reasons, including an increased emphasis on preventive care; growing rates of chronic conditions, such as diabetes and obesity; and demand for healthcare services from the baby-boom population, as they live longer and more active lives.

Estimated salary outcomes for Registered Nurses (RN).
