About PlanetBids™

PlanetBids is a web enabled procurement and electronic bidding system implemented by the Agency to provide better service and convenience to vendors. For the system to work effectively, you must register online. As a registered and approved vendor within the Agency's vendor database, you will be automatically notified of bid alerts, bid changes or updates and addenda. You may at any time search for the latest contracting opportunities available, request and download documents and bid electronically (if applicable) on all open requests up until bid closing. Best of all, this service is offered to vendors for free!

Vendor Portal

The tray in Vendor Portal enables you to:

- PlanetBids terms and conditions
- Give feedback to PlanetBids, Inc.
- Access User Guide
- Review FAQs OR contact support
