AR 4114 Student Success and Support Program

Student success is the responsibility of the student and the institution, supported by well-coordinated and evidence-based student and instructional services to foster student academic success. The goal of the Student Success and Support Program (SSSP) is to increase California community college student access and success through the provision of core matriculation services, including assessment and placement, orientation, counseling, advising, and other educational planning services to provide students with the support services necessary to assist them in achieving their education goal and identified course of study.

1. Components and Participation

Following the submission of the admission application, all students will participate in the matriculation process unless specifically exempted from selected components of the process. Failure to fulfill the required components may result in a hold on a student's enrollment or loss of enrollment priority until the services have been completed. The matriculation components shall consist of Assessment and Placement, Orientation, Counseling/Advising/Other Educational Planning Services/Education Plan Development (hereafter referred to as Counseling), and Follow-Up Services for at-risk students. Details concerning these components and exemptions are noted below.

2. Matriculation Status

3. Exempt Matriculants

An "Exemption" is a waiver or deferral of a student's participation in assessment and placement, orientation, or counseling services, which are required of students.

Any student who is exempt from assessment and placement, orientation, and counseling will still be given the opportunity to participate in these services. Exempt students may be subjected to the loss of priority enrollment as noted in Section 4 below. Information on exemptions and waivers is available in the College Catalog and the Schedule of Classes. Exemptions concerning assessment and placement testing are noted in AR 4111.4.

Once the period for exemption expires, students become matriculants, and must then meet any requirements from which they were initially exempted.

Matriculants may be exempt from the orientation and the counseling component if they meet any of the following requirements:
