1. Call to order 1:00 pm

2. The committee voted unanimously to approve the minutes from October 28, 2015. The committee voted to amend the minutes from November 4, 2015 and revisit them in the next meeting.

3. Public Comments

- a. AR 4410 Rules for Student Conduct: Alex reported that she was advised by Deyna that Bob Myers is reworking the language the committee added about the holding and selling of classes by students.

4. Old Business

- a. AR 4111.7: Enrollment Overlap - Courses with Meeting Time Conflicts, AR 4440 Extracurricular Trips, AR 4331: Academic Renewal, AR 4210 F-1 International Students' Visas and AR 4210.1 Other Temporary Nonimmigrant Statuses all passed the 2nd read in the full Academic Senate.
- b. AR 4111.5 Transfers from Other Colleges, passed the first read at the Academic Senate. The Senate did ask how we would enforce that students would in fact submit official transcripts.
- c. AR 4342 Standards of Student Success - Probation and Disqualification
  - i. This AR went to Senate Exec for review and is going back for full Senate review.
  - ii. Alicia asked if we should revisit our Academic Renewal and Progress Renewal policies if they are too lenient to allow for an adjustment of our Progress Probation policy.
  - iii. Esau mentioned that we just reviewed and passed the updates to those ARs and further revisions to those ARs would not substantially impact his opinion on changing the current percentages used to define timely progress.
  - iv. Laurie mentioned that progress probation is not necessarily for students with low GPAs, and that updating the Academic Renewal and Progress Renewal policies may have other implications.

4. Meeting Adjourned at 1:50 pm
