

AR 5570 Credit Card Marketing (New AR)

In accordance with Title 5, Section 54400 of the California Code of Regulations, the following rules govern the solicitation of credit cards on College property:

1. All banks and other commercial entities (including their third-party representatives) shall be required to obtain a Facility Use Permit before engaging in activities for the purpose of marketing credit cards to students on College property or at an event sponsored by the College.
2. All credit card marketing activities shall be restricted to Main Campus in the Library Plaza area.
3. In order to help ensure that students are provided the opportunity to make reasonably informed decisions about both the general degree of credit indebtedness they are equipped to incur and the terms of a particular offer of credit, all banks and other commercial entities (including their third-party representatives):
 - a. Are permitted to solicit students by providing them with information on credit card offers, including credit card application materials and accompanying information relating to the terms and conditions of a particular offer of credit as required by law.
 - b. Are required to display appropriate signage identifying the bank or other commercial entity they represent and verifying that they have registered with the College.
 - c. Are prohibited, while on-campus, from collecting personal information from students specifically for credit card application purposes (including, but not limited to, completed credit card application forms and similar materials), either at the time of solicitation or any other time while on-campus. Instead, the student shall be informed that once they have read and considered the materials, the student may complete application materials and submit to an off-campus office of the bank or other soliciting entity at a later time.
 - d. Are prohibited, while on campus, near the campus (within 1,000 feet) or while at an event sponsored by or related to the campus, from offering tangible items to students for the purpose of inducing students to apply for a credit card or participate in an open-ended consumer credit plan offered by such card issuer or creditor.
4. Banks and other commercial entities (including their third-party representatives) engaged in marketing activities that are found to be in material violation of any provision of this Administrative Regulation may be denied access to the campus for the purpose of engaging in such activities for a specified period, depending on the nature and extent of the violation.
5. Any banks or other commercial entities who engage in marketing activities on College property must comply with the Credit Card Accountability Responsibility and Disclosure Act of 2009.
