Special Guest Speaker KEN BAIN

President of the Best Teachers Institute, Ken Bain spent much of his academic career at Vanderbilt, Northwestern, and NYU, before becoming Provost and Vice President for Academic Affairs, and Professor of History and Urban Education (National Center for Urban Education), University of the District of Columbia, a post he left in July 2013. He was the founding director of four major teaching and learning centers: the Center for Teaching Excellence at New York University, the Searle Center for Teaching Excellence at Northwestern University, the Center for Teaching at Vanderbilt University, and the Research Academy for University Learning at Montclair University. Internationally recognized for his insights into teaching and learning and for a fifteen-year study of what the best educators do, he has been invited in recent years to present workshops or lectures at over three hundred and fifty universities and events. His now classic book *What the Best College Teachers Do*. (Harvard University Press, 2004) won the 2004 Virginia and Warren Stone Prize for an outstanding book on education and society, and has been one of the top selling books on higher education. It has been translated into twelve languages and was the subject of an award-winning television documentary series in 2007. The sequel, *What the Best College Students Do*, also from Harvard University Press, won the Virginia and Warren Stone Prize in 2012, and has become an international best seller.

He has won four major teaching awards, including a teacher-of-the-year award, faculty nomination for the Minnie Piper Foundation Award for outstanding college teacher in Texas in 1980 and 1981, and Honors Professor of the Year Awards in 1985 and 1986. A 1990 national publication named him one of the best teachers in the United States.

11:00 am – 12:00 pm WORKSHOPS

Ken Bain Follow-Up Workshop

Location: Main Stage
Presenting: Ken Bain

Continued discussion with the author.

Introduction to Reading Apprenticeship

Location: HSS 105
Presenting: Jean Paik-Schoenberg, Kathleen Motoike, Kayli Weatherford, Angelina Misaghi

With reading apprenticeship, students can become confident and engaged critical thinkers and readers. In this workshop, we will discuss specific strategies to help students approach and understand texts within your discipline. Randomized studies show improvement of reading comprehension in students of all levels.

Campus Safety Update

Location: SCI 140
Presenting: Chief Vasquez, SMC Campus Police

Have you noticed the new phones in all of the classrooms? What about the new Emergency Information sheets? During the winter break, did you receive a call at 4:30 in the morning? Please join us for a Campus Safety Update and find out all of the new things going on at SMC in order to better prepare the campus for an emergency.

First Aid Training

Location: HSS 103
Presenting: Sgt. Mark Kessler, Sgt. Jere Romano

Come hear an overview about basic first aid and how to help others in an emergency.

China: Lessons Learned

Location: SCI 145
Presenting: 2013 SMC China Group

Join the group of SMC faculty and staff who travelled to China last year to hear about their thought-provoking journey of learning and discovery. During this open-ended panel discussion, you will hear some of the myths that were dispelled and facts that were learned and how these lessons have influenced their interactions with students. The presentation will also include a beautiful video created by journalism professor Saul Rubin that captures this two-week experience.

What Am I Supposed to Do Now?!

Location: HSS 165
Presenting: SMC Crisis Prevention Team

Join us for an opportunity to solve classroom behavior and management issues as they relate to students with autism, depression, suicidal ideation, and other issues. Real-life SMC situations, which recently occurred, will be discussed and analyzed. Try your hand at resolving these complicated and sometimes disturbing scenarios.

Microsoft Word Tips and Tricks Advanced

Location: BUS 255
Presenting: Warren Cancilla

Come learn from this hands-on workshop helpful tips and tricks using Microsoft Word to make your life easier.

Strategies for Student Success in Math and Numbers Based Classes (i.e. Economics, Accounting, Physics)

Location: HSS 104
Presenting: Ming Lu

Many students have an aversion to math or any type of class that deals with numbers such as physics, economics, or accounting classes. This workshop will present some strategies that instructors can share with their students to help them become successful in their course.

1:00 pm – 2:15 pm WORKSHOPS

“Solidarity”

An Award-Winning Student Film by Dustin Brown

Location: Main Stage

Presenting: Dustin Brown, Salvador Carrasco

This is the very first film to come out of SMC’s new Film 33 class. Following the screening, we’ll have a Q&A with student Dustin Brown and Professor Carrasco who will discuss how SLOs are implemented into the film-production program.

Ask a Question, Save a Life: QPR Suicide Prevention Training

Location: SCI 145

Presenting: Alison Brown, Sandra Rowe

In this training, you will learn how to recognize the warning signs of suicide; know how to offer hope, and how to get a person at risk the help they need. Just as people trained in CPR and the Heimlich maneuver can help save thousands of lives each year, people trained in QPR learn how to Question, Persuade, and Refer someone to help. It is an action plan that can result in lives saved.

Choosing and Creating Accessible Instructional Resources

Location: HSS 104

Presenting: Ellen Cutler, Tom Peters

This presentation will summarize and demonstrate the major universal design principles for creating accessible instructional resources including web content, Word documents, PowerPoint presentations, PDF files, Google Docs, and multimedia. This information will help you comply with SMC’s legal mandate for creating and purchasing accessible instructional resources.

Google Apps: Leveraging the Cloud

Location: HSS 165

Presenting: Lee Johnston

An interactive discussion about Google Apps and its unique capability to extend the classroom and improve engagement and productivity. For many, how to unlock the power of Google Apps remains an enigma. This session focuses on the practical application of Google Apps document and share concepts. After this session attendees will understand the fundamentals of how to access Google Apps, create a Google document, upload and convert common document types, and share video and other common content with students.

First Aid Training

Location: HSS 103

Presenting: Sgt. Mark Kessler, Sgt. Jere Romano

Come hear an overview about basic first aid and how to help others in an emergency.

Discipline-Focused Career Counseling Courses: Motivating Students Toward a Career Path in STEM

Location: HSS 105

Presenting: Melanie Bocanegra, Katrina Davy, Vicki Rothman

The Science and Research Initiative (SRI) seeks to increase the number of SMC students that pursue degrees in Science, Technology, Engineering, and Mathematics (STEM). The SRI program utilizes the cohort model to create a supportive learning environment while challenging students to pursue rigorous academic activities such as summer intensives and lab research. One of the most successful elements of the SRI program has been our STEM focused “Career Planning” and “Job Search Strategy” courses. In this workshop, participants will be guided through interactive career planning activities, see examples of SRI student career research projects and career portfolios, practice your personal pitch, and learn how effectively use networking tools such as LinkedIn.

Study Abroad at SMC: Past, Present, and Future

Location: HSS 204

Presenting: Moderated by Kelley Brayton and Eric Minzenberg

An open discussion of the recent history of study abroad at SMC and opportunities available such as Turkey, South Africa, and China.

Meeting Student Needs Beyond the Classroom

Location: SCI 140

Presenting: Linda Sinclair, Audrey Sandoval, Brenda Benson, Sherri Bradford, Fran Chandler, Maria Martinez, Joy Tucker

Accept the challenge! Work with Joy Tucker and Fran Chandler as they challenge us to think about what our departments might do to meet student needs beyond the classroom. Come and hear about this vibrant program and get excited about working together in the College community!

Emergency Preparation Workshop

Location: HSS 156

Presenting: SMC Campus Police

If you missed or need a refresher course of this important training, please join us for this practical workshop led by our SMC Campus Police on how to prepare for an emergency situation and possibly prevent a crisis situation.
