SUBJECT: Policy Change: Advanced Placement Credit

On September 23, 2016, Assembly Bill (AB) 1985 Advanced Placement Credit (2016, Williams) was signed into law by Governor Brown. This law requires the Chancellor of the California Community Colleges, in collaboration with the Academic Senate of California Community Colleges, to develop and require each community college district to begin adoption and implementation of a uniform policy, regarding Advanced Placement (AP) Credit. To the extent that they conflict, current title 5, section 55052 "Advanced Placement Examinations" has been superseded by AB 1985. For your convenience, the text of AB 1985 is attached to this policy as Appendix A.

In accordance with the law, the policy is that any student who passes a College Board AP examination with a minimum score of three in a subject matter similar to that of the AP Examination, the student will be awarded credit in a general education area. Each community college is required to post the most recent AP credit policy on its website.

AP POLICY LANGUAGE FOR GENERAL EDUCATION CREDIT

Colleges shall award General Education Area credit as shown on the CCC AP GE List. For General Education Requirements refer to title 5 § 55063.

If the college does not have a course similar in content to the AP Examination, then the college shall award credit for the indicated GE Area as shown on the California Community College AP List. If there is no GE Area that fits the AP Examination, the college may award elective credit. This policy does not address course-to-course awarding of AP credit as that is a local decision made by the appropriate discipline faculty.

California Community College General Education Advanced Placement (CCC GE AP) List:
