RECOMMENDATION NO. 5 AGREEMENT WITH PUBLIC MEDIA COMPANY (PMC) FOR SALE OF KERW AND KCRU

It is recommended that the Board of Trustees authorize the SMC Superintendent/President to execute a Consulting Services Agreement with Public Media Company (“PMC”) to assist the District in selling KERW 101.3 FM (Los Osos-Baywood Park) and KCRU 89.1 FM (Oxnard).

COMMENT: KCRW programming is broadcast on its main transmitter, at 89.9 FM Santa Monica, and is relayed by five full-power stations (KCRI, Indio; KCRU, Oxnard; KCRY, Mojave; KDRW, Santa Barbara; and KERW, Los Osos-Baywood Park) with additional feeds to nine low-power translators. The station also broadcasts over the internet.

Station management, with District concurrence, is recommending the sale of two of the full-power stations, in order to eliminate a duplicative signal and to reduce operating costs.

KCRU (Oxnard) began broadcasting in 1986 and operates at 850 watts at a height of 1,329 feet above sea level. The signal is now redundant, due to the 2014 purchase of KDRW (Santa Barbara) which operates at 12,000 watts at a height of 2,178 feet above sea level. KCRU costs approximately $27,000 a year to operate.

The KERW (Los Osos-Baywood Park) station was donated to the District in 2016. The station serves the San Luis Obispo area. The station costs approximately $40,000 a year to operate, has 68 active subscribers in the area, with approximately $8,800 a year in donations. Selling the station is an appropriate response as KCRW addresses its cost commitments with the impact of COVID-19.

The two stations have been valued at approximately $1.5 million by Public Media Company (“PMC”), a nonprofit consultancy. Both stations are District-owned assets. Net proceeds from any sale would be held by the District in its capital funds.

The District is recommending the retention of PMC as agent for the sale of the stations, with no upfront fee; a fee of 3% of the gross proceeds; and a 12-month exclusivity in representing the District.

Since its founding in 2001, Public Media Company has structured $390 million in transactions aimed at helping public media operators acquire, merge, transfer, and finance broadcast properties – outlets that have secured public media access for approximately 82 million people. PMC has worked with more than 300 public media organizations in all fifty states from new station owners to multi-channel, TV/radio providers. A complete list of its clients’ transactions can be found at [www.publicmedia.co](http://www.publicmedia.co).

RECOMMENDATION NO. 6 MOU BETWEEN NATIONAL PUBLIC RADIO AND FIVE CALIFORNIA HUB PUBLIC RADIO STATIONS

It is recommended that the Board of Trustees authorize the SMC Superintendent/President to execute a Memorandum of Understanding (MOU) between National Public Radio as the national partner and five California anchor public radio stations: KQED in San Francisco, KPBS in San Diego, CapRadio in Sacramento, KPCC/LAist in Southern California, and KCRW in Southern California. The Santa Monica Community College District is the signatory on behalf of radio station KCRW-89.9 FM.

COMMENT: Every day, National Public Radio (NPR) and its Member Stations work together to tell the story of the WHOLE country from EVERYWHERE in the country. No other news organization has the same on-the-ground reach as public radio. More than 95 percent of Americans live within range of a public radio signal. The public radio network includes 1,800 journalists at more than 200 member stations across the country, plus another 400 reporters and editors at NPR.

The Collaborative Journalism Network is an initiative of NPR that is building partnerships among groups of member stations to strengthen local and regional impact and help bring more of their reporting to a national audience. These regional hubs plan coverage together, share technology that improves efficiency, and hone best practices for engaging, insightful reporting.

Four regional newsrooms are currently in place, in the Midwest, the Gulf states, California, and Texas. A $4.7 million grant from philanthropists Eric and Wendy Schmidt to the Collaborative Journalism Network to support the regional newsrooms in California and in the Midwest was announced this past May. The grant’s purpose is to increase local coverage, especially in underserved communities, and to expand investigative reporting capacity.

California’s public radio collaboration will be led by KQED in San Francisco and includes anchor stations KPBS in San Diego, CapRadio in Sacramento, KPCC/LAist in Southern California, KCRW in Southern California, and NPR as the statewide newsroom’s national partner. The California newsroom will serve all 17 public radio stations across the state that broadcast in 50 cities.

Four of the five anchor stations already work together through the California Dream journalism collaboration, launched with funding from the Corporation for Public Broadcasting in 2017. (KCRW was not part of this original collaboration.) Ultimately, the collaborative aims to include participation from all public radio stations in the state, especially those in “news deserts” or areas that lack robust local news coverage as small town newspapers have declined.

A Memorandum of Understanding (MOU) among the California anchor stations and NPR is recommended for Board of Trustees approval. The collaboration’s initial term (May 11, 2020 through March 31, 2023) is funded in full by a grant to NPR by the Schmidt Family Foundation for $1,522,132. The lead station for the California Hub will be KQED, who will track the grant funding and project costs through the term.

Beyond the initial term, the agreement states that the stations will work with NPR to develop plans for sustaining the Regional Hub, which will include a three-year budget and financial contribution specified via amendment to this MOU. KCRW will evaluate activities and impact of its participation during the initial term to determine whether additional terms are viable, and by March 31, 2022, will decide on whether to continue its participation. The agreement is being circulated for review and execution by all member stations.

RECOMMENDATION NO. 14    GANN LIMIT, 2020-2021 (Amended)
Requested Action: Approval/Ratification
Requested by: Christopher Bonvenuto, Vice President, Business and Administration
Approved by: Dr. Kathryn Jeffery, Superintendent/President

Adopt the amended 2020-2021 Gann Appropriations Limit for the Santa Monica Community College District as $162,667,400 and the 2020-2021 Appropriation Subject to Limit as $124,287,252.

Comment: Proposition 4 (November 1979, Special Election) added Article XIIIB to the State Constitution to place limitations of the expenditures of State and local governments. The calculation of the GANN Limit was completed using the method and worksheets prescribed by the Chancellor’s Office and approved by the Department of Finance.

The Gann Limit figures are based on the prior year limit amended by a State formula. The Appropriation Subject to Limitation is based on the Adopted Budget for 2020-2021. The Gann Limit based on Tentative Budget was previously approved at the September 1, 2020 Board of Trustees meeting and is being resubmitted based on the Adopted Budget.

The idea of the Gann is to limit the growth of government by only allowing expenditures that are tax driven to grow by a certain amount each year (Fund 01.0 only). There are two parts in the calculation: The Appropriations Limit and the Appropriations Subject to Limit. The Appropriations Limit is the maximum amount that the District can budget from tax driven revenue. (Essentially the Gann Limit). This is calculated based on previous years Gann Limit, growth/decline in FTES and an inflation factor determined by the Department of Finance. For 2020-2021, the Appropriations Limit is $162,667,400.

The second factor, the Appropriations Subject to Limit, is how much the District has budgeted that is from tax driven revenues. This essentially is the tax driven revenue (General Apportionment, Taxes, etc.) less the budget of any unreimbursed state, court or federal mandates. For 2020-2021, the Appropriations Subject to Limit is $124,287,252.

As long as the Appropriations Limit is more than the Appropriations Subject to Limit, the District is in compliance. For 2020-2021, there is $38,380,148 left in the GANN Limit. This “extra” can be transferred to other Districts in the state that are over their limit. The transfer will be handled by the Chancellor’s Office.

SUBJECT: TEMPORARY INTERFUND CASH BORROWING

SUBMITTED BY: Vice-President, Business and Administration

REQUESTED ACTION: It is recommended that the Board of Trustees approve the following resolution for Temporary Inter-Fund Cash Borrowing.

WHEREAS, Sufficient cash is needed to pay obligations for current operating requirements lawfully incurred in the fiscal year, and;

WHEREAS, Temporary transfer of cash between District funds is permitted by Education Code Section 42603, and;

WHEREAS, The following restrictions apply to this authorization:
1) Maximum amount of authorized borrowing: $13,500,000
2) For Fiscal Year 2020-2021.
3) Shall not exceed 75 percent of any moneys held in any fund.
4) Funds borrowed shall not be available for appropriation or considered income to the borrowing fund.
5) Borrowing shall occur only when the fund receiving the money will earn sufficient income during the current fiscal year. The amount borrowed shall be repaid either in the same fiscal year or in the following fiscal year if the borrowing takes place within the final 120 calendar days of a fiscal year.

NOW THEREFORE, The Governing Board of the Santa Monica Community College District hereby approves this blanket resolution to authorize the use of an aggregate cash balance in all district funds if the need arises. The maximum amount that is allowable in the borrowing would be $13,500,000.

Comment: Due to the cash deferrals implemented by the State in the 2020-2021 State Budget, Business Services believes it is prudent to pass this resolution to ensure that all financial responsibilities and obligations of the District can be met during the 2020-2021 fiscal year.

The Board of Trustees initially approved this action at the June 2, 2020 meeting. Subsequent to the approval, the Los Angeles County Office of Education issued guidance to all Districts in Los Angeles County that recent changes to Education Code 42603.1 require that for fiscal years 2020-2021 and 2021-2022, a public hearing must be held before the governing board adopts a temporary interfund cash borrowing resolution. This item has been resubmitted to comply with the new requirement.

SUBJECT: RESOLUTION TO URGE CONGRESS TO APPROVE HR 763: ENERGY INNOVATION AND CARBON DIVIDEND ACT

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees approve the following resolution to urge Congress to approve HR 763: Energy Innovation and Carbon Dividend Act.

WHEREAS, we believe America is a great nation and has a proud heritage of addressing humanity’s most pressing problems; and

WHEREAS, we believe it is important to advocate for climate action leading to climate restoration to curtail one of the greatest threats facing communities throughout the world; and

WHEREAS, we believe that climate change is not a partisan issue and that local, state, and national policies should be guided by the best available science; and

WHEREAS, there is a broad scientific consensus among climate scientists that human activities, contributing to increases in greenhouse gas emissions, are the dominant cause of climate change; and

WHEREAS, students and young people represent a particularly vulnerable group because greenhouse gases emitted into the atmosphere will continue to accumulate over the coming decades and will profoundly impact our current students throughout their lives, as well as the lives of future generations; and

WHEREAS, climate change is a social justice and equity issue; while climate change impacts all people and disproportionately impacts all young people and future generations, it disproportionately affects people of color and people in poverty, thereby exacerbating existing inequities and limiting equality of opportunity which is a foundational aspiration for modern America; and

WHEREAS, the global impact, urgency, and magnitude of the challenge of addressing climate change calls for leadership in all sectors of society, all institutions and all elected leaders; and

WHEREAS, national and state elected leaders working in a bipartisan fashion to enact carbon pricing policies could substantially reduce human-made greenhouse gas emissions, thereby protecting our current and future students; and

WHEREAS, we believe that our graduates need to positively shape the world that is yet to be created environmentally and sustainably; and

WHEREAS, on behalf of Santa Monica College, SMC Superintendent/President Dr. Kathryn E. Jeffery has previously signed the “American College and University Presidents’ Climate Commitment”, a nation-wide letter with nearly 1,000 signatories from campuses in 50 states to re-commit to meeting the Paris Climate Accord; and
WHEREAS, by resolution in January 2020, the Santa Monica Community College District Board of Trustees affirmed and committed to pursuing the 2025 and 2030 climate change and sustainability goals as adopted by California Community Colleges Board of Governors for California Community Colleges; and

WHEREAS, Santa Monica College celebrates existing district sustainability initiatives such as the Center for Environmental and Urban Studies; degrees, certificates and classes in Environmental Science and Sustainable Technologies; sustainable facilities practices; Eco Clubs; green jobs resources; the Organic Learning Garden; recycling; vermicomposting; student greening workshops; transportation options, including the award-winning Any Line Any Time program; biking resources; and policies and procedures for sustainability practices; and

WHEREAS, HR 763 puts an annually increasing fee on carbon emissions at their source, with costs passed on to the consumer, and the fees collected distributed to American households in the form of a dividend; and

WHEREAS, HR 763 is a bipartisan solution to climate change, driving down America’s carbon pollution while unleashing American technology innovation and ingenuity, reducing America’s emissions by at least 40% in the first 12 years; improving health and saving lives; putting money directly into people’s pockets every month to spend as they see fit, helping low and middle income Americans; and creating 2.1 million new jobs, thanks to economic growth in local communities across America; and therefore be it

RESOLVED, that Santa Monica College calls on Congress to take swift and effective action on adopting this legislation; and be it further

RESOLVED, that the Santa Monica Community College District Board of Trustees make available notices of this action to the Congressional Climate Solutions Caucus; our state and national representatives in Sacramento and Washington D.C.; our local officials; the college community; and the general public.

GENERAL FUND

General Fund Unrestricted (01.0)

These are the only funds available for the general operations of the District. All other funds are restricted in use.

Summary of 2019-2020

The District closed the 2019-2020 fiscal year with an Unrestricted General Fund operating deficit, including one-time items, of <$9,635,352> (Excluding one-time items, the structural deficit was <$19,955,357>).

In 2019-2020 the District received a Cost of Living Allowance (COLA) increase on State apportionment of 3.26% or $4,350,125 and realized one-time revenues of $1,861,880 related to the reimbursement of excess STRS employer contributions, Part-Time Faculty Office Hour reimbursement and Prior Year Apportionment. Unfortunately, these increases in funding were largely offset by a loss of revenue of <$4,644,979>, related to the continued decline in the enrollment of non-resident students, and the application of an apportionment deficit factor, which was the result of the State’s financial situation, of <0.9502%> or <$1,309,215>. For 2019-2020 total revenues, including one-time items, increased by $234,080 or 0.1% from the prior year.
For 2019-2020, total expenditures, including one-time items, increased over the prior year by $12,897,197 or 7.1% primarily as a result of the negotiated salary increases and/or one-time off schedule and retroactive pay with the Santa Monica College Faculty Association (SMCFA), Classified School Employees Association (CSEA), Santa Monica College Police Association (SMCPOA) and Confidential Employees totaling to $6,073,002. In addition to these increases the District realized increased costs from the full year effect of hiring net terminations of $1,875,507, Health and Welfare benefits for current employees and retirees of $1,742,866, statutory and retirement benefits of $1,486,058, and step, column and longevity increases of $1,407,519.

The combination of these and other items resulted in an unaudited Unrestricted General Fund ending balance, including designated reserves, of $21,040,755 or 10.78% of total expenditures and transfers.

2020-2021 Proposed Adopted Budget

The proposed, adopted budget is based on the 2020-2021 State budget, updated with the latest information provided by the Chancellor’s Office. Changes to projections are expected as the year progresses, and updated information is received.

Major Highlights

Student Centered Funding Formula – Hold Harmless

In FY 2018-2019, the State adopted a new funding formula to determine the Apportionment allocation for each district named the Student-Centered Funding Formula (SCFF). The SCFF calculates Apportionment to be distributed to three main factors: base allocation (enrollment) - 70%, supplemental allocation (number of students receiving financial aid) – 20%, and the student success allocation (number of student success outcome achieved) – 10%. The original SCFF legislation contained a hold harmless provision which stated that through the 2021-2022 fiscal year districts will be funded at either the amount calculated under SCFF or at an amount calculated at the 2017-2018 funding level, plus COLA, whichever is greater. To assist Districts in adjusting to the SCFF the 2020-2021 Budget Act extended the hold harmless period through 2023-2024.

For 2020-2021, the District projects that it will be funded under the hold-harmless provision. Starting with the 2024-2025 fiscal year, when the hold-harmless period ends, the District is projected to receive ~$12.4 million less funding than it would under the Hold Harmless calculation.

2020-2021 State Cash Deferrals

The State of California faced a fiscal year 2020-2021 deficit in excess of $54 billion as of the May Revise. As an alternative to reducing funding to K-14 education, the State implemented a process called “Deferrals”. Under a deferral process, the State will defer payments for the 2020-2021 fiscal year to the 2021-2022 fiscal year. For example, the payment due to the District in February 2021 will be deferred to November 2021, and the payment due in March 2021 will be deferred to October 2021 and so on. Under a deferral process the District is directed to count the payments as if they occurred, hence not resulting in a funding reduction, while the State will count the expense in a future year when the payment is made, resulting in a current year savings to the State. The 2020-2021 Budget Act defers a total of $1.45 billion of apportionment payments.
from fiscal year 2020-2021 to fiscal year 2021-2022 for the entire Community College System which equates to an apportionment deferral for the District of $23.1M or 17% of the total computational revenue. The 2020-2021 Budget Act includes language that, to the extent the federal government provides sufficient federal funds to the State by October 15, 2020, up to approximately $791.1 million of deferrals will be cancelled for the community colleges.

**Linking Budget and Planning**
The District Planning and Advisory Council (DPAC) is the District’s primary planning body and is responsible for developing the annual Master Plan for Education Update, overseeing long-term planning efforts, reviewing the Vision, Mission, Values and Goals, assessing the Colleges planning process and developing new Strategic Initiatives. For 2020-2021 the following action plans have been approved by the Superintendent/President and included in the Adopted Budget:

**Academic and Career Path**
Budget: $85,000 to be funded by Award and Innovation and Guided Pathways

2019-2020 College Initiatives/Projects

The proposed Adopted Budget includes initiatives/projects originally budgeted in the 2019-2020 fiscal year that were not completed due to the COVID pandemic and have been carried over into the 2020-2021 fiscal year. These initiatives/projects include:

**Safe Parking Pilot Program**: $50,000 in one-time funding to develop and implement a Safe Parking pilot program. (2019-2020 Board of Trustees Goals and Priorities Section 1 Sub-section 12 - Assess and focus on solutions to barriers related to students’ personal circumstances that may negatively impact student success)

**Gender Equity and Social Justice Center**: $75,000 in one-time funding to provide start-up funds for furniture, equipment, materials, supplies, training and temporary staffing to assist in implementing the Gender Equity and Social Justice Center. **Gender Equity and Social Justice Center Renovation**: $250,000 in one-time funding, from the Capital Outlay Fund, to fund one-half of the budgeted cost of the renovation of the Associated Students computer lab to implement the new Gender Equity and Social Justice Center. (2019-2020 Board of Trustees Goals and Priorities Section 1 Sub-section 12 Assess and focus on solutions to barriers related to students’ personal circumstances that may negatively impact student success)

**District to Remain Online for 2020-2021 Academic Year**

The public health emergency due to COVID-19 persists and it is unlikely that a safe and widely available vaccine will be available in the coming months. Because the Districts number one concern is to protect the health and safety of our campus community Santa Monica College classes, support services and activities will remain online for the entire 2020-2021 academic year. For more information please visit https://www.smc.edu/news/presidents-messages/2020-09-21-winter-spring-2021-update.php

**2020-2021 Major Assumptions**

The major revenue assumptions include:

- The calculation of apportionment under the hold harmless clause of the SCFF which guarantees the District will receive the amount of apportionment collected in 2019-2020, less a deficit factor of <$1,176,604> or <0.85%>.
- The non-repetition of one-time revenue received in 2019-2020.
- A decrease in funding from the part-time office hours reimbursement program of <$813,281>. (both one-time and on-going)
• A decrease in “State on behalf contribution to STRS” of $1,050,522 as a result of funds appropriated for long-term unfunded liabilities being redirected by the State to reduce the employers’ contribution rates in 2020-2021.

• A decrease in non-resident tuition and Intensive ESL revenue of $4,234,039 due to a projected enrollment decline of non-resident students, net of an increase of non-resident tuition fees from $300 to $305 per unit.

The net effect of all changes in revenues, including those discussed above, has resulted in a projected decrease in total revenues of $8,077,916 or 4.35% from the prior-year unaudited actuals.

The major expenditure assumptions include:

• Increases related to current employee and retiree health and welfare benefits totaling $1,305,951.

• Inclusion of a vacancy list of 19 positions vital to ongoing operations and student success totaling $762,855. The projected cost of the vacancy list reflects a discount of 66% to better indicate current year anticipated expenditures.

• Salary step, column and longevity increases for faculty and sworn police officers in the amount of $736,649.

• Transfer of expenditures previously charged to the Student Equity and Achievement Program to the Unrestricted General Fund of $735,863. These expenditures were deemed no longer appropriate expenditures under SEAP guidelines.

• Implementation of budget saving actions that include supplemental retirement plans for all employees except senior administrators; reduction in hourly instruction and non-instruction; furloughs and salary freezes for administrators, managers, confidentials and CSEA; renegotiation of contracts; reduction in discretionary budgets; transfer of lease payments to other funds; and targeted programmatic reductions. The combined budgetary and actual savings is projected to be $15,950,735.

The net effect all changes in expenditures, including those discussed above, has resulted in a projected decrease in total expenditures of $9,955,308 or 5.1% compared with prior year unaudited actuals.

The breakdown of projected expenditures is as follows: 90.4% on salaries and benefits, 8.9% on contracts and services, 0.6% on supplies and 0.1% on transfers/financial.

Summary

The net effect of the projected changes in revenue and expenditures will result in a projected structural deficit of $17,795,982 and projected operating deficit, including one-time items, of $7,757,960, resulting in a projected ending Unrestricted General Fund Balance of $13,282,795 including designated reserves, or 7.17% of total expenditures and transfers.
2020-2021 Information, Data and Other Assumptions

Revenues

Federal Revenue

The federal revenue levels for 2020-2021 represent projected federal grant administrative allowances including Administrative Cost Allowance (ACA) for Financial Aid programs.

State Revenue – Principal Apportionment

State funding, in the form of Principal Apportionment, under the new Student-Centered Funding Formula, net of the deficit factor, constitutes 77% ($136,612,903) of the District’s operating revenue. The District receives Principal Apportionment through a combination of direct State funds known as General Apportionment, coupled with enrollment fees, property taxes (including Redevelopment Agency Funds) and the Education Protection Account (EPA), which was created as a result of the passage of Prop 30, and extended by the passage of Prop 55. These funds are combined to equal the Total Computational Revenues. If actual receipts of revenue from EPA, Redevelopment Agency (RDA), property taxes and/or enrollment fees differ from estimates, the general apportionment funding will be adjusted, subject to availability of state funding, to keep the total revenue constant.

State Revenue – Other

The proposed adopted budget includes a decrease related to the “State On-behalf Pension Contribution to STRS” of <$1,050,522>, and a decrease in part-time office hours reimbursement funding in 2020-2021 of <$813,281>.

Property Taxes

Based on preliminary projections, the District will receive $34,473,566 in property taxes in 2020-2021. This is a combination of property tax shift, homeowner’s exemption, secured taxes, unsecured taxes, supplemental taxes, RDA pass through and prior years’ taxes. If the receipt of property tax does not meet these projections, the State may impose a deficit factor or constrain State funding to offset the resulting loss in funding.

Lottery

State Lottery revenues are paid each year according to the annual enrollment figures reported on the annual “320” Enrollment Report that is submitted to the California Community College Chancellor’s Office by the District. The proposed adopted budget projects a reduction of lottery revenue of <$314,500> from the prior year due to lower enrollment, net of the increase in the projected non-Prop 20 lottery rate from prior year rate of $148.78 per FTES to $150.00 per FTES. If lottery sales or enrollment fall below projections, lottery revenue will be adjusted accordingly.
Local Revenues

The Local Revenue section of the budget contains Non-resident Tuition, the District’s largest revenue source outside of Principal Apportionment. The Non-resident Tuition line item includes both revenues generated from Non-resident Tuition and revenue from special Intensive ESL classes for international students. For 2020-2021, the District projects a decrease in non-resident FTES of <576.61> or <15.6%> which equates to a projected decline in revenue of ~ <4.0> million in Non-resident Tuition in 2020-2021 from the prior year. Additionally, due to COVID-19 restrictions, the Intensive ESL program is projected to only serve a minimal number of students resulting in a decrease of ~ <210,353> in revenue.

Since 2017-2018 Non-Resident Tuition is projected to have declined by ~<28.9%> or <9,823,276>.

The remaining local revenue categories include property taxes, enrollment fees, student fees, interest, rental of facilities, etc.

Full-time Equivalent Students Served (FTES)

The District is projecting a decrease in resident enrollment of <585.72> credit FTES or <3.0%> from the prior year reported. Under the Student-Centered Funding Formula, this will not result in a decrease in funding as the District is funded under the hold-harmless provision of the formula. The District is also projecting a decrease in non-resident enrollment of <576.61> FTES or <15.6%> from the prior year actual, which will result in a projected decline in revenue of ~ <4.0> million in 2020-2021.

Since 2016-2017, total resident and non-resident FTES served is projected to have declined by ~<13.1%> or <3,406.3> FTES.

Expenditures

Salary and Benefits

Salary expenditure projections reflect applicable step, column and longevity increases for qualified SMCFA and SMCPAOA employees.

In an effort to save costs, the Board of Trustees approved a resolution freezing the salaries and imposing furloughs of two day per month on all Management and Confidential employees effective August 1, 2020 for the fiscal year 2020-2021. In addition, the Board of Trustees entered into a Memorandum of Understanding with the CSEA to freeze salaries, implement one furlough day per month effective August 1, 2020 and not impose any layoffs prior to January 1, 2021. The total projected year over year savings related to these actions is <3,435,895>.

Additionally, the Board of Trustees approved a Supplemental Retirement Incentive Program (SRP) for SMCFA represented employees on June 2, 2020 and approved a Supplemental Retirement Incentive Program for Academic Managers and Classified Managers, CSEA represented employees and Confidential on September 1, 2020 which results in an estimated net savings of <5,122,268>, excluding the cost of backfilling positions deemed vital to operations and student success.
As a cost savings measure and as a result of declining enrollment, hourly instruction and non-instruction allocations were reduced by approximately 5%. Total year over year savings, net of step and column and additional days of summer session falling in the 2020-2021 fiscal year, is projected to be <$1,124,707>.

Benefit expenditure projections reflect increases caused by projected increases in benefits rates, incentives from SRP plan, net of savings.

For the proposed adopted budget, changes in salary, benefit and vacancy line items result in a decrease from the prior year actual by approximately <$8,511,450> or <4.84%>.

2020-2021, salaries and benefits represent 90.4% of total expenditures and transfers for the District’s unrestricted general fund.

Supplies, Services, Capital and Transfers

Supplies, Services, Capital and Transfer expenditure projections reflect departmental requests based on operational needs. For the proposed adopted budget, changes in these line items account for an decrease of approximately <$4,925,213> or <21.6%> over prior year adopted budget allocations. The decrease is mainly due to a decrease in Bad Debts-Students Fees, expenditures for rents and leases that were moved to Capital Outlay Fund, and decrease in the cost of Big Blue Bus contract. Additionally, the District has been granted an exemption to required matches for Federal Work Study and SEOG resulting in projected savings of approximately <$400,000>.

For 2020-2021, supplies, services, capital, and transfers represent 9.6% of total expenditures and transfers for the District’s unrestricted general fund.

The largest line item of non-salary and benefit related expenditure is Contracts/Services. The Contracts/Services line item in the adopted budget includes: Advertising 18%, Bank Fees and Bad Debt 13%, Repairs and Maintenance of Equipment 10%, Other Contract Services 9%, Software Licensing 7%, Consultants 6%, District Copiers 5%, LACOE Contracts (i.e. BEST, PeopleSoft, HRS) 5%, Rents/Leases Big Blue Bus, etc) 4%, Legal Services (including Personnel Commission) 4%, Off-Campus Printing 3%, Postage and Delivery Services 3%, Deferral/Borrowing cost 2%, Conferences and Training 2%, Professional Growth 2%, Memberships and Dues 1%, Audit 1%, Recruiting-Students 1% and Other Services (i.e. Repair-Facility, Field Trips, Fingerprinting, etc.) 4%.

Designated Reserves

The Designated Reserves serve to allocate a portion of the projected ending unrestricted fund balance towards future anticipated expenditures and/or purposes. Designated Reserves help to maintain fiscal stability by recognizing the future expenditure and its possible effect on future fund balances. For 2020-2021, Designated Reserve includes a Reserve for Future STRS and PERS increases. The “Reserve for Future STRS and PERS Increases” line item has been established to partially offset projected increases in District STRS and PERS contributions through 2023-2024. The balance of “Classified Employee Welfare Fund” was distributed among the CSEA members as a one-time payment in 2019-2020.
RESTRICTED FUNDS

General Fund Restricted (01.3)

This fund represents restricted funding that is received by the District from Federal, State, and Local sources. All grants that do not end by June 30, 2021, will be carried over to the 2021-2022 budget, if permissible.

The ending fund balance contains prior year balances from the following programs: Lottery, Parking, Community Services, Contract Education, Health and Psychological Services and the SMC Performing Arts Center. These balances represent revenue recognized and earned in prior years in excess of expenditures and are unavailable for transfer to other programs or funds.

When received, new grants will be presented to the Board of Trustees for approval, and the District’s budget will be augmented to reflect the increase.

Special Reserve Fund (40.0) Capital

This fund is also known as the Capital Expenditures Fund. These funds are used for capital outlay related projects, including the lease payoff of Certificate of Participation 2020-2021 for AET, Photovoltaic Power System and Parking structure, and any expenditures for scheduled maintenance/physical plant, special repair projects, and architectural barrier removal. State funding for capital projects and donations are also accounted for in this fund. In addition, rents and leases for Madison site, the City of Santa Monica swimming pool and the Airport Campus are charged to Capital Outlay Fund in 2020-2021.

All capital expenditures and revenue in the Special Reserve Fund, as well as 42.3, 42.4 and 42.5, reflect the total expenditure allocation and the total revenue for all projects and are not limited to the current year, thus resulting in a zero-ending balance. Money in these funds may not be transferred into the general fund.

Bond Fund Measure S (42.3)

This fund reflects the revenue from the sale of bonds approved through Measure S and the interest earned in the fund. The expenditures in this fund relate to the District’s construction plan approved under Measure S.

Bond Fund Measure AA (42.4)

This fund reflects the revenue from the sale of bonds approved through Measure AA and the interest earned in the fund. The expenditures in this fund relate to the District’s construction plan approved under Measure AA.

Bond Fund Measure V (42.5)

This fund reflects the revenue from the sale of bonds approved through Measure V and the interest earned in the fund. The expenditures in this fund relate to the District’s construction plan approved under Measure V.
**Bond Interest and Redemption Fund (48.0)**

This fund is administered by the Los Angeles County Auditor-Controller’s Office and reflects the receipt of property tax revenue due to voted indebtedness for bond issues and the payment of interest on those bonds plus the redemption of the bonds that mature within the 2020-2021 fiscal year. This information is provided by the Los Angeles County Treasurer’s Office through the Los Angeles County Office of Education.

**Student Financial Aid Fund (74.0)**

This fund consists of all student financial aid programs (PELL, SEOG, Loans, Santa Monica College Promise, Student Success Completion, CARES – Higher Education Relief Fund and Cal Grants). The transfer line items reflect a transfer from the Unrestricted General Fund to meet the match requirements of the individual grant programs.

**Scholarship Trust Fund (75.0)**

This fund is to account for gifts, donations, bequests, and devises (subject to donor restrictions) which are to be used for scholarships or grants in aid to students.

**Auxiliary Operations**

This budget reflects the revenue and expenditures of the auxiliary operations of the District, the Bookstore, the food and vending concessions, and college expenditures in programs such as Athletics, Music, Theatre Arts, the Corsair student newspaper, and transportation.

**Other Post-Employment Benefits Irrevocable Trust - Informational**

To improve transparency and assist the reader, an informational section has been added to the proposed Adopted Budget which details the annual activity, including gains and losses, of the irrevocable trust established by the District in 2008-2009 to assist in the long-term funding of retiree medical benefits.

**CONCLUSION**

This is the recommended budget for adoption. While it reflects the best information currently available, it is expected that changes will occur during the year. Some changes will be the result of revised state revenue allocations based on changes in the state budget, and others will be internal adjustments resulting from new or updated information.
