Comment:  The Adopted Budget needs to be amended to reflect the totals of the departmental budgets. The current system of the Los Angeles County Office of Education requires Board approvals each month for budget adjustments. Only the net amount of the transfers in or out of the object codes is shown. In addition to the budget adjustments, transfers result from requests by managers to adjust budgets to meet changing needs during the course of the year.

RECOMMENDATION NO. 20

SUBJECT: AWARD OF CONTRACT – SMC ART COMPLEX REPLACEMENT PROJECT

SUBMITTED BY: Vice-President, Business/Administration

REQUESTED ACTION: It is recommended that the Board of Trustees (1) relieve AWI Builder Inc. from its bid mistake in accordance with Public Contract Code Section 5103; and (2) award the construction contract to PCN3, Inc., the lowest responsible and responsive bidder for the SMC Art Complex Replacement Project.

Bidder | Amount
--- | ---
AWI Builder Inc.* | $35,950,000
PCN3, Inc. | $45,380,000
The Nazerian Group | $46,144,123
ACC Contractors Inc. | $52,000,000

*A written Notice of Withdrawal was received from the apparent low bidder, AWI BUILDERS INC., within five days of the bid opening date, acknowledging that the bid was submitted in good faith, however due to an unintentional and substantial error in transferring the bid amount, they requested that their bid proposal be withdrawn. The District concluded that the requirements for relief from the bid set forth in Public Contract Code Section 5103 have been satisfied.

FUNDING SOURCE: Measure V, and State of California

COMMENT: The Art Complex at Santa Monica College was originally constructed in 1952, and a small two-story classroom building was added in 1972. Although the building had a minor renovation of space in 2002, the Art program is currently split between the main campus and satellite Airport site.

The two-story 33,466 SF Art complex will be located at the corner of 14th Street and Pico Boulevard, and the new building will replace the old and aging Art Buildings on main campus. The new art complex will house three arts education pillars: studios, teaching spaces and workshops; prioritizing function over discipline.

Twelve (12) General Contractors participated in the mandatory pre-bid job walk and four (4) bids were received. It is recommended that the Board of Trustees authorize staff to contract with PCN3, Inc., the lowest responsible and responsive bidder determined from the list above. The SMC District’s Award shall be finalized upon the review and verification of all the requirements as outlined in the contract documents and the successful execution of the contract.

Award of the construction contract is also contingent upon the receipt of the form DF-14D from the State Chancellor’s Office, which authorizes the award of the construction contract and the release of the construction fund.

RECOMMENDATION NO. 22

SUBJECT: DISTRICT PAYMENT TO CITY OF SANTA MONICA FOR DESIGN-BUILD SERVICES THAT INCLUDE PHASE 1 OF THE MEMORIAL PARK MASTER PLAN RENOVATION AND EXPANSION PROJECT INCLUDING COMBO BALL FIELDS 1 AND 2 AND COMBINED TENNIS/PICKLEBALL COURTS

SUBMITTED BY: Vice-President, Business/Administration

REQUESTED ACTION: It is recommended that the Board of Trustees authorize the Superintendent/President to enter into a payment agreement with the City of Santa Monica up to the amount of $2,750,000 for the City’s design of Phase 1 renovations and expansions of Memorial Park. During the design phase, it is the intent of both the City and the District to negotiate a new agreement concerning the terms of the District’s contribution to the construction of Phase 1.

DISCUSSION: SMC’s 2016 voter-approved bond Measure V designated $20 million to assist the City of Santa Monica with expansion of Memorial Park to accommodate soccer and other field sports for use by college students and the general public. However, due to the COVID-19 crisis, the project has been on hold until recently. The $20 million allocation remains available for the project.

SMC’s Women’s Softball program currently uses the John Adams Middle School multi-purpose fields. Moving the program to Memorial Park increases available hours of use and assures the program of availability for practice, games, and post-season play.

SMC staff and City staff have met multiple times starting in Fall 2022 and have determined that either a reduced portion of Phase 1 can be funded with current resources or that possibly the entire Phase 1 project is within reach as new funds become available. The reduced portion of Phase 1 contains Combo Fields 1 and 2 and combined tennis/pickleball courts.

Memorial Park is Santa Monica’s primary public park for diamond sports, including Little League baseball, youth Fastpitch softball, Santa Monica High School softball and baseball teams, and adult league softball. The expansion and development of Memorial Park will add the adjoining 2.9-acre former Fisher Lumber site to the existing 10.3-acre site.

The City intends to use the progressive design-build method of contracting for design and construction. The District intends to reimburse the City for the City’s design of Phase 1. During the design phase, it is the intent of the parties to negotiate a new agreement concerning the terms of the College’s contribution to the construction of Phase 1. As a condition to the City entering into a design-build contract for Phase 1, the District shall contribute to the design in an amount not to exceed $2,750,000.
It is the intent of the Parties to work cooperatively and in partnership with one another to develop the Phase 1 for joint and community use using Measure V funds and other available funds as determined by the City.

The District shall make payment to the City within 30 days of receipt of an itemized invoice documenting the City’s payment toward the design portion of the contract.

Nothing in the Payment Agreement obligates the City to enter into a design-build contract or constrains the City’s ability to terminate such a contract once it has been approved.

RECOMMENDATION NO. 23

SUBJECT: ADOPTION OF EDUCATION PROTECTION ACCOUNT (EPA - PROP 55, AN EXTENSION OF PROP 30) EXPENDITURE PLAN

SUBMITTED BY: Vice President, Business and Administration

REQUESTED ACTION: It is recommended that the Board of Trustees approve the plan to expend the 2022-2023 Education Protection Account (EPA) funds of $9,728,761 on instructional salaries.

SUMMARY: Proposition 55, The California Children’s Education and Health Care Protection Act of 2016, which was an extension of Proposition 30, temporarily raises the income tax rate for upper-income-earners (over $250,000 for single filers, over $500,000 for joint filers, and over $340,000 for heads of households) through 2030-2031 to fund the State’s Educational Protection Account which provides funding for local school districts and community colleges.

Under Proposition 55, Districts have sole authority to determine how the moneys received from the EPA are spent, provided that the governing board makes these spending determinations in an open session of a public meeting of the governing board. Each entity receiving funds must annually publish on its web site an accounting of how much money was received from the EPA and how that money was spent. Additionally, the annual independent financial and compliance audit required of community colleges shall ascertain and verify whether the funds provided by the EPA have been properly disbursed and expended as required by law.

This recommendation is submitted to comply with Proposition 55 provisions requiring the governing board to make the spending determination in an open session of a public meeting of the governing board. The estimated EPA that our District will receive for 2022-2023 as of P2, is $9,827,751. Accordingly, the amount of EPA funds as of the recalculation of apportionment for 2021-2022 decreased from the P2 amount of $40,927,381 to $40,828,391 or a decrease of <$98,990>. The entire amount for 2022-2023 less the decrease in 2021-2022 funding will be spent on instructional salaries. The EPA funds are NOT additional funds but rather are components of the “computational revenue” calculations and will be offset by a decrease in apportionment funding received by the State.
