CONSENT AGENDA: ANNUAL RECOMMENDATIONS (continued)

RECOMMENDATION NO. 2  DESTRUCTION OF CLASS 3 RECORDS
Requested Action: Approval
Approved by: Kathryn E. Jeffery, Superintendent/President
            Christopher Bonvenuto, Vice-President, Business and Administration
            Teresita Rodriguez, Vice-President, Enrollment Development
            Sherri Lee-Lewis, Vice-President, Human Resources

Approve the destruction of class 3 records (older than three years) stored for Admissions and Records, Financial Aid, Outreach, Assessment, EOP&S, Business Services, Human Resources and Personnel Commission.

Comment: This is an annual recommendation for class 3 records which are disposable records that have been maintained for at least three years. This classification includes such items as enrollment cards, add-drop cards, purchase orders, periodic reports, and attendance records. This also includes such items for the Human Resources and the Personnel Commission as recruitment and examination records for classified personnel. All data from these source documents has been recorded on a higher classification record that is stored.

Requested by: Kim Tran, Chief Director, Business Services
Approved by: Christopher Bonvenuto, Vice-President, Business and Administration
Requested Action: Approval

In accordance with the provisions of Section 85201 of the Education Code, authorize the County Superintendent of Schools to make appropriate transfers necessary at the close of the fiscal year 2023-2024 to permit the payment of obligations of the district incurred during the year.

Comment: This action is a recurring practice of the County Superintendent of Schools which permits the processing of warrants and liabilities for the District during the closing of the financial records for the fiscal year.
CONSENT AGENDA:  ANNUAL RECOMMENDATIONS (continued)

RECOMMENDATION NO. 4    DISPOSAL OF SURPLUS PROPERTY
Requested Action:    Approval

Comment:  Education Code Section 81450 defines surplus equipment as equipment no longer required or suitable for college use or equipment that should be disposed of for the purpose of replacement.  Surplus equipment is stored in the District warehouse which has limited space.  The District periodically needs to dispose of equipment that is in disrepair or is obsolete and is no longer needed by:

- Transfer to other Institutions;
- Transfer to State agencies;
- Sale to other eligible political sub-divisions of the state and other governmental agencies;
- Donation to a public school or public school system;

Approved by:         Christopher Bonvenuto, Vice-President, Business and Administration
Requested Action:    Approval

WHEREAS, Sufficient cash is needed to pay obligations for current operating requirements lawfully incurred in the fiscal year, and;

WHEREAS, Article XVI, Section 6, of the California Constitution allows for borrowing from the Los Angeles County Treasurer, and;

Comment: Given the instability inherent in the Apportionment payment process Fiscal Services believes it is prudent to pass this resolution to ensure that all financial responsibilities and obligations of the District can be met during the 2024-2025 fiscal year.
CONSENT AGENDA: ANNUAL RECOMMENDATIONS (continued)

The following are donations of equipment from the KCRW Foundation to the Santa Monica Community College District. In the normal course of business, the KCRW Foundation uses member donations and underwriting revenues to purchase equipment used in operating the Station. The ownership of the assets is transferred to the District and is inventoried and depreciated by the District. This Board action is primarily a recordkeeping action. The assets continue to be used in operating the Station.

SUBMITTED BY:  Superintendent/President

REQUESTED ACTION:  It is recommended that the Board of Trustees adopt the following resolution approving the Santa Monica College Tennis and Pickleball Courts Project and find that the Project is exempt from the California Environmental Quality Act (“CEQA”).

PROJECT SUMMARY:  The Project Site is located at 3400 Airport Avenue in the City of Santa Monica and is currently developed with one single-story office building totaling 29,000 square feet of floor area, three ancillary storage buildings totaling 3,700 square feet of floor area, and two associated surface parking lots with a total of 79 vehicle parking spaces. WHEREAS, Section 21084 of the Public Resources Code (P.R.C.) requires the State CEQA Guidelines to include a list of classes of projects which have been determined not to have a significant effect on the environment and which shall, therefore, be exempt from the provisions of CEQA.

WHEREAS, the State CEQA Guidelines Sections 15300 to 15333 include a list of classes of projects which have been determined to not have a significant effect on the environment, known as Categorical Exemptions. If a project falls within one of these classes, it is exempt from the provisions of CEQA, and no further environmental review is required.

WHEREAS, the State CEQA Guideline Section 15332, hereafter referred to as the Class 32 (“Infill”) Exemption, exempts infill development within urbanized areas if it meets certain criteria. The Class 32 Exemption applies to a project characterized as in-fill development meeting the conditions described below:

a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with applicable zoning designation and regulations.
b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses.
c) The project site has no value as habitat for endangered, rare or threatened species.
d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.
e) The site can be adequately served by all required utilities and public services.

WHEREAS, based on the environmental analysis and findings presented in the attached document titled 3400 Airport Avenue Tennis and Pickleball Courts Project Class 32 CEQA Exemption, dated May 2024, the BOARD OF TRUSTEES OF THE SANTA MONICA COMMUNITY COLLEGE DISTRICT hereby finds that substantial evidence supports the determination that the Project qualifies as a Class 32 Infill Development Project under the CEQA (P.R.C. 21000-21189.91), and the State CEQA Guidelines (C.C.R. Title 14, Division 6, Chapter 3, 15000-15387) and is thus exempt from further CEQA review. The Proposed Project meets all of the criteria necessary to qualify for a CEQA Exemption as a Class 32 (Infill Development Project) pursuant to CEQA Guideline Section 15332, and none of the exceptions section set forth in CEQA Guidelines Section 15300.2 apply. Therefore, no further environmental analysis is warranted.

THEREFORE, the BOARD OF TRUSTEES OF THE SANTA MONICA COMMUNITY COLLEGE DISTRICT hereby directs staff to prepare and file a Notice of Exemption (NOE) with the Office of Planning and Research State Clearinghouse (SCH) and the county clerk’s office of the County of Los Angeles, pursuant to Section 15062 of the State CEQA Guidelines.

GENERAL FUND

The 2023-2024 fiscal year is projected to close with an Unrestricted General Fund ending balance, including Designated Reserves, of $22,345,204.

For the 2024-2025 tentative budget, the District is projecting a increase in revenue of 4.22% or $9,161,689 and an increase in expenditures of 2.32% or $5,307,715. The increase in revenue is primarily due to a projected increase in non-resident tuition due to projected increase in full-time equivalent student (FTES), Cost of Living Allowance (COLA), and apportionment deficit factor which will not repeat in 2024-2025. Expenditures are projected to increase primarily due to salary step, column and longevity increases, approved salary increases for 2024-2025 and increases in retirement rates and health and welfare premiums. These changes are projected to result in a structural deficit of $7,434,323 and, with the inclusion of one-time items, an overall operating deficit of $7,823,334 resulting in an ending Unrestricted Fund Balance of $14,521,870 or 6.2% of total expenditures and transfers.

It is important to note that the revenue projections contained in the tentative budget are based on District projections of the proposals contained within the May Revise and are extremely preliminary. It is expected that variances, possibly significant in nature, will occur between the tentative and adopted budgets.

General Fund Unrestricted Revenues (01.0)

These are the only funds available for the general operations of the College. All other funds are restricted except some parts of the Auxiliary fund.

The tentative budget reflects the Governor’s FY 2024-2025 May Revision proposals including a COLA of 1.07% or $1,786,407. The tentative budget also reflects a projected increase in enrollment for resident credit FTES of 496.66 FTES or 3.0% from FY 2023-2024 levels.

The largest source of revenue for the District is Apportionment from the State. The revenue sources for Apportionment are a combination of property taxes, enrollment fees, funding from the Education Protection Account and general apportionment funds. The apportionment allocation for each district is calculated through the Student Centered Funding Formula (SCFF). The SCFF calculates Apportionment based on three main factors: base allocation (enrollment), supplemental allocation (number of students receiving financial aid), and the student success allocation (number of student success outcome achieved). The formula stipulates that for the fiscal years of 2018-19 through 2024-2025, the District will be funded at the greater of the amount calculated under the SCFF or at a “Hold Harmless” amount which is equal to the 2017-2018 funding level adjusted for COLA. The 2022-2023 Budget Act extended the revenue protections in a modified form where starting in 2025-2026, districts would continue to receive funding at the greater of the 2024-2025 funding level, without further COLA increases, or the amount calculated under the SCFF.

Local revenues are a combination of property taxes and revenue generated at the college level through the charging of fees and fines, through interest earned on cash and non-resident tuition revenue.

General Fund Unrestricted Expenditures (01.0)

The District’s largest expenditures (91.2% of the total budget) are related to salary and benefits. The salary and benefit related expenditure projections reflect hiring of new employees, approved salary increases and appropriate step, column and longevity increases for all qualified employees.
The discretionary section of the expenditure budget (Supplies, Service, Utilities and Capital) reflects an decrease of <1.54%> or <$284,504> from FY 2023-2024 projected expenditures due to one-time expenditures that will not repeat in FY 2024-2025.

The amount of $11,849,406 for the Contracts/Services line item in the tentative budget includes: Advertising 18%; Bank Fees and Bad Debt 13%; Repairs of Equipment/Maintenance 10%; Other Contract Services 8%; Rent/Lease (including Big Blue Bus) 7%; Software Licensing 7%; Consultants 5%; Managed Print Services 5%; LACOE Contracts (i.e. HRS, BEST) 5%; Off-Campus Printing 4%; Legal Services (including those for the Personnel Commission) 4%; Professional Growth 4%; Postage and Delivery Services 3%; Conferences and Training 1%; Memberships and Dues 1%; Audit 1%; Recruiting-Students 1% and Other Services – all under 1% of budget per category (e.g. Repairs-Facility, Mileage, Commencement, Fingerprinting, Board Meetings, etc.) 3%.

**Linking Budget and Planning**

The District Planning and Advisory Council (DPAC) is the District’s primary planning body and responsible for developing the annual Master Plan for Education Update, overseeing long-term planning efforts, reviewing the Vision, Mission, Values and Goals, assessing the Colleges’ planning process and developing new Strategic Initiatives. For fiscal year 2024-2025, the following action plans have been recommended by DPAC and approved by the Superintendent/President for inclusion in the Tentative Budget:

**Identify the Retention and Persistence Components of Existing College Plans and Activities and Develop Recommendations on How to Improve the Coordination of the plans and How to Assess the Annual Impact of Each Plan on Retention and Persistence**

*Budget: No cost to District*

**Purpose/Goal of Action Plan:**

Identify the retention and persistence components of existing college plans and activities (e.g., Strategic Enrollment Management (SEM) Plan, Student Equity Plan, Guided Pathways, Facilities Master Plan, Professional Development, Onboarding, Student Engagement practices); Develop a means for assessment of the implementation and success of each plan or activity; Develop a written report to present to DPAC in Spring 2025 outlining recommendations to improve the coordination of the plans/activities and assessment of the impact of each plan/activity on retention and persistence.

**RESTRICTED FUNDS**

**General Fund Restricted (01.3)**

This fund represents restricted funding that is received by the District from Federal, State, and Local sources. All grants that do not end by June 30, 2025, will be carried over to the FY 2025-2026 budget, if permissible.

The projected ending fund balance is generated from six restricted programs as required by Generally Accepted Accounting Principles: Proposition 20 Lottery, Contract Education, Parking Fees, Community Services, Health and Psychological Services and the SMC Performing Arts Center. These funds are restricted and can not be used for any other purpose than specified by law or action of the Board of Trustees.

When received, new grants will be presented to the Board of Trustees for approval, and the District’s budget will be augmented to reflect the increase.
Special Reserve Fund (40.0) Capital

This fund is also known as the Capital Outlay Fund. The major source of revenue for this fund is the reimbursement from State Capital Outlay, RDA pass-thru property tax, and non-resident capital surcharge. These funds are used for capital outlay related projects, District equipment purchases and any required expenditure matches to State capital outlay funding. State funding for capital projects are also accounted for in this fund.

All capital expenditures and revenue in the Special Reserve Fund, as well as Funds 42.4 and 42.5 reflect the total expenditure allocation and the total revenue for all projects and are not limited to the current year, thus resulting in a zero ending balance. These funds are legally restricted and may not be transferred into the unrestricted general fund.

Bond Fund Measure AA (42.4)

This fund reflects the revenue from the sale of bonds approved through Measure AA and the interest earned in the fund. The expenditures in this fund relate to the College construction plan approved under Measure AA.

Bond Fund Measure V (42.5)

This fund reflects the revenue from the sale of bonds approved through Measure V and the interest earned in the fund. The expenditures in this fund relate to the College construction plan approved under Measure V.

Bond Interest and Redemption Fund (48.0)

This fund is administered by the County of Los Angeles Department of Auditor-Controller. It reflects the receipt of property tax revenues due to voted indebtedness for bond issues, the payment of interest on those bonds, plus the redemption of the bonds that mature within the 2024-2025 fiscal year. This information is provided by the County of Los Angeles Department of Auditor-Controller through the Los Angeles County Office of Education.

Student Financial Aid Fund (74.0)

This fund consists of all student financial aid programs (PELL, SEOG, Loans, Cal Grants, Santa Monica College Promise, Student Success Completion Grant, Early Action Emergency Student Aid, Disaster Relief Emergency Student Aid, Emergency Financial Aid Grants and California Chafee Grant. The transfer line items reflect a transfer from the Unrestricted General Fund to meet the match requirements of the individual grant programs. For FY 2024-2025 award year, the District is granted a waiver of the institutional share requirement under the Federal Work Study (FWS) Program and the Federal Supplemental Educational Opportunity Grant (FSEOG) Program.

Scholarship Trust Fund (75.0)

This fund is to account for gifts, donations, bequests, and devises (subject to donor restrictions) which are to be used for scholarships or for grants in aid to students.

Auxiliary Operations

This budget reflects the revenue and expenditures of the auxiliary operations of the District, namely the Bookstore, the food and vending concessions, and college expenditures in programs such as Athletics, Music, Theatre Arts, the Corsair student newspaper and transportation.

CONCLUSION

This is the tentative budget recommended for acceptance. It is expected that changes will occur between now and the Adopted Budget. Some changes will be the result of the passage of the State budget, and others will be internal adjustments resulting from new or updated revenue information and expenditure reduction efforts.

RECOMMENDATION NO. 31

SUBJECT: FIVE-YEAR CONSTRUCTION PLAN, FISCAL YEAR 2024-2025 THROUGH FISCAL YEAR 2030-2031

SUBMITTED BY: Vice-President, Business/Administration

REQUESTED ACTION: It is recommended that the Board of Trustees approve the filing of the Five-Year Construction Plan, Fiscal Year 2024-2025, through Fiscal Year 2030-2031 with the State Chancellor's Office.

Five Year Plan Project Listing: See attached listing
Final Project Proposal (FPP): Drescher Hall Replacement Building
Initial Project Proposal (IPP): Campus Safety and Security Building

FUNDING SOURCE: Local Bonds; State Capital Funds; District Capital Funds; State Housing Grant

COMMENT: State law requires Districts to prepare annually and submit to the California Community College Chancellor’s Office (CCCCO) a Five-Year Capital Construction Plan which summarizes current and proposed capital outlay projects. The purpose of the Five-Year Plan is to inform the CCCCO of the District's capital needs and allow for the District to apply for State funding for specific projects. The District submits projects for potential State funding through an "Initial Project Proposal" (IPP). If the state approves the IPP, then the District will develop a "Final Project Proposal" (FPP) for funding consideration.

The following projects have an approved FPP, an approved IPP, or are pending the submission of an IPP or State Housing Grant. The District only recommends projects for IPP submission that meet the States strict guidelines and are likely candidates to receive funding. These projects were included in the 1998 Facilities Master Plan, the Career and Educational Facilities Master Plan 2010 Update, and/or the draft 2024 Facilities Master Plan Update.

Math/Science Addition (Approved FPP – State Funding $39,615,000 – Under Construction): This project will consolidate and increase laboratory capacity for the Mathematics and Science programs by constructing a new building that connects to the existing Science building. The Mathematics department is one of the most extensive academic programs at Santa Monica College and is growing beyond what can be reasonably accommodated for students within existing facilities. Math and Science programs are currently forced to offer classes in classrooms and laboratories located at several different buildings on campus, many of which are located across campus from each other. The proposed project includes a 69,223 ASF addition to the existing Science building that will provide 16,167 ASF classroom lecture spaces, 40,551 ASF laboratory spaces, 8,375 ASF office spaces, 2,215 ASF library spaces, and 1,915 ASF of other support spaces. The new facility would consolidate the Mathematics, Earth Science, Life Science, and Physical Science programs into a single building. The project includes demolishing the existing Letters & Science building, Liberal Arts building, and Library Village / Math Complex Portables as a secondary effect.

Art Complex Replacement (Approved FPP – State Funding $10,901,000 – Under Construction): The Art Complex at Santa Monica College was initially constructed in
1952 and is experiencing infrastructure issues. Although the building had a minor renovation in 2002, the Art program is currently split between the main campus and Airport Arts campus due to space needs. This project will create a functionally efficient building for the Art program, enabling the program to function in a single location with dedicated space. The project will construct a new building of 21,254 ASF and include 1,738 ASF of classroom lecture spaces, 17,795 ASF of laboratory spaces, and 1,721 ASF of office spaces. The existing Art Complex will be demolished and the fine arts space at the Airport Campus will be inactivated as a secondary effect of the proposed project.

**Student Housing Complex (Grant Application Submitted in July 2023):** The proposed project will construct a new affordable student housing complex on Santa Monica College’s (SMC) Bundy Campus, 1.9 miles from the main SMC campus. The new student housing complex will have the capacity to house 291 low-income students and will be approximately 45,754 Assignable Square Feet (ASF)/ 68,433 Gross Square Feet (GSF).

**Drescher Hall Replacement Building (Pending FPP):** This project constructs a replacement building for Drescher Hall which was built in the 1960s as a vocational/trades building. The new building will be located on the site where the existing Drescher Hall building is currently located. The existing Drescher Hall does not adequately serve students due to facility deterioration and technological infrastructure shortages. Replacing Drescher Hall with a new building provides instructional benefits to diverse programs such as English, Media and Communications, Early Childhood Development, English as a Second Language, and Modern Languages. Any major reconstruction effort within the existing building would require structural/seismic upgrades, deeming the complete building replacement a more cost-effective solution. Secondary effects of the proposed project will include demolition of the Drescher Hall, Faculty Village, and Pico Village. This project represents the first of two buildings to replace Drescher Hall.

**Campus Safety and Security Building (Pending IPP):** The project will construct a new building to replace the existing Campus Police A, Campus Police B, Campus Police Annex, and Campus Police Sub-Annex buildings. This project is listed as the “Campus Police Headquarters” in the College’s Facilities Master Plan. The project name has been changed for the purposes of the proposal to increase the likelihood of state funding. The project will be the home of SMC campus police and campus safety support services. The proposed building will be located on the south end of SMC on Pearl Street.
