IV. SUPERINTENDENT'S REPORT

SMC participated in the Santa Monica Fourth of July parade with college representatives enjoying the festivities along with the SMC cheer team and Emeritus band. The following videos captured the energy and fun of the event on a beautiful day.

[Video 1](#)

[Video 2](#)

COVID-19 Update: Two-thirds of the Counties in California are now in the high COVID-19 community levels, a designation by the CDC. This prompts the recommendation of universal masking indoors. Bordering counties – Ventura and Kern are high; Los Angeles County is currently at medium; however, officials feel that it could be in that designation within the next 2-3 weeks. L.A. County Department of Public Health has pulled their guidance for higher education and is currently revising the document as of June 27, 2022. The Emergency Operations Team (EOT) will continue to monitor their latest guidance. On Sunday July 17th City will have the 20th anniversary celebration of the pool at SMC. There will be food trucks and festivities.

The EOT is in the process of implementing a COVID safety office meeting protocol for personal office meeting spaces. This protocol will provide staff safety information for in-office meetings, rather than staff creating new plans for every meeting. Throughout campus personal protective equipment (PPE) is available and regularly replenished. The most important thing for the safety of the campus is to incorporate safety activities into daily routines.

SMC has hired Student Services Clerks on a temporary basis, to continue checking the vaccination status of students entering the Student Services Center and the library, and health assistants are continuing to approve incoming vaccinations and medical exemptions. Of the students who were dropped, many have since submitted their verification of their booster or vaccine, and re-enrolled.

Notification has been enhanced so students are aware that vaccines/boosters/exemptions are required when enrolling for an on-ground class. This is especially important for hybrid classes which may not be as clear to students that this requirement stands. Now when students select a class to enroll in on-ground, there is an icon that indicates proof of vaccine is required or the class will be dropped. This is just one more piece to add to the communication plan to try and reach students from every angle possible and avoid dropping them later for not submitting. Planning for vaccination checking for on-ground services (with some exceptions) will continue for the fall.

The Operations Department continues to focus on high touch point cleaning and enhanced cleaning protocols. It will continue to monitor classrooms office supplies cleaning caddies, as it has been doing over the few months. Portable air purifiers and plexiglass barriers will be installed, as requested. The cafeteria cleanup is underway in preparation for fall.

RECOMMENDATION NO. 2 RESOLUTION: ADOPT FINDINGS PURSUANT TO GOVERNMENT CODE SECTION 54953

Requested Action: Approval
Reviewed by: Robert M. Myers, Campus Counsel

It is recommended that the Board of Trustees adopt the following findings:

1. On September 14, 2021, the Board of Trustees adopted a “RESOLUTION DECLARING THAT ONGOING EMERGENCY CONDITIONS EXIST AT SANTA MONICA COLLEGE AND FINDING THAT IN-PERSON MEETINGS UNDER THE BROWN ACT WOULD PRESENT IMMEDIATE RISKS TO THE HEALTH AND SAFETY OF ATTENDEES.”
2. In accordance with Government Code Section 54953(e)(3), the Board of Trustees has reconsidered the circumstances of the state of emergency and determined by majority vote that the state of emergency continues to directly impact the ability of members to meet safely in person.

RECOMMENDATION NO. 3 NEW COURSES AND DEGREES, SPRING 2022

Requested Action: Approval/Ratification

Requested by: Curriculum Committee

Approved by: Bradley Lane, Vice-President, Academic Affairs

New Courses

ART 53B Wheel Throwing Processes and Techniques

This course in ceramics focuses on surface treatment and enhancement. Student will learn extensive use of decorative slips, engobes and oxide washes. This course develops use of the potter’s wheel with lessons on plates, bottles, lidded vessels, and goblets. Student will gain extensive knowledge on glaze composition and materials.

BUS 15B Introduction to Life and Health Insurance

This course introduces students to the principles of Life and Health Insurance. It is designed for students that have little or limited knowledge of insurance. In addition to providing a basis for students who wish to pursue a career in life/health insurance or employee benefits, it will provide insights useful to individuals as they make choices in these essential products.

BUS 56B Entertainment Law

This course provides a broad overview of key legal issues that arise in the business of entertainment, namely in television, film, music, and new media. Topics covered include dealmaking, protections for entertainment professionals, acquisition of property rights and portrayal rights, distribution, copyrights, trademarks, defamation, and the right to privacy. The course also explores the legal relationships among talent, agents, managers, and attorneys. Sample contracts and standard agreements are reviewed. Emphasis is placed on identifying strategies that entertainment professionals can employ to minimize the risk of legal conflict.

BUS 76B Compensation and Benefits

This course reviews procedures and strategies for determining benefits and compensation in contemporary organizations. Considering both traditional and modern methods, the need for strategically focused benefits and compensation processes is addressed. The course examines the related variables that impact employee motivation and performance in a variety of organizations. Special attention is given to benefit planning & negotiation, health & welfare, retirement plans, compensation surveys, non-economic rewards, and legal issues including ERISA impact. Students will learn how to make sound compensation and benefit decisions and how to administer benefit programs.

ETH ST 6 Introduction to Chicana/o/x and Latina/o/x Studies

This introductory-level course provides an interdisciplinary exploration of historical and contemporary Chicana/o/x and Latina/o/x political, social, and cultural practices and experiences in the United States. This course examines the foundations and theories of Chicana/o/x and Latina/o/x Studies and contemporary approaches to the study of Chicana/o/x and Latina/o/x communities. Course topics include history, social movements, politics, community, art, spirituality, cultural production, intersectional identity formation, gender, sexuality, class, family, and social justice, and agency and self-affirmation. Moreover, the course critically analyzes race and ethnicity, racialization, equity, ethno-centrism, Eurocentrism, and white supremacy.

ETH ST 7 Introduction to African American and Black Studies

This course introduces students to the field of African American and Black studies. As a survey course, it traces the historical and current social conditions and contributions of Black and African-descended people in the U.S. and provides broad and interdisciplinary perspectives examining and exploring major figures, ideas, issues, and methodologies central to understanding the African American experience. Course topics include history, social movements, politics, community, art, spirituality, cultural production, intersectional identity formation, gender, sexuality, class, family, social justice, and agency and self-affirmation. Moreover, the course critically analyzes race and ethnicity, racialization, equity, ethno-centrism, Eurocentrism, and white supremacy. Students will develop critical tools, frameworks, and vocabulary for further study in the field.

POL SC E10 Music, Politics, and Social Change

This course helps Emeritus students understand how music and culture influences and is influenced by political movements. Emphasis will be placed on listening to the music of various eras in American history and discussing how the music shaped and was shaped by those historical events, and what the impacts of those events are on current American life and politics.

PSYCH 33 Introduction to Stress, Trauma, and Mental Health

This course covers the field of mental health, emphasizing the theories, goals, and methods in providing therapeutic interventions for assessing, treating, and maintaining an individual's mental wellness, with emphasis on the mental health effects of stress and trauma. Stress and trauma are primary causes of psychological distress, and any discussion of pathways to mental wellness must encompass knowledge of these effects. This course uses both didactic and experiential learning modalities such as case reviews and role-playing.

SPAN 1A Elementary Spanish 1A

This course is the equivalent to the first half of Spanish 1. Spanish 1A introduces the students to basic vocabulary and fundamental sentence structure in the present tense. Basic aural and reading comprehension is developed and students hold simple conversations and write short compositions about habitual actions in the present. This course is taught in Spanish, except in the case of linguistic difficulty as determined by the professor.

SPAN 1B Elementary Spanish 1B

This course is the equivalent to the second half of Spanish 1. Spanish 1B introduces the students to basic vocabulary and fundamental sentence structure in the present and preterit tenses. Basic aural and reading comprehension is developed and students hold simple conversations and write short compositions about present and past actions. This course is taught in Spanish, except in the case of linguistic difficulty as determined by the professor.

TH ART E22 Principles of Illusion: Close-up and Stage

In this performance-based class, students will be expected to learn and perform Close-up and Stage Magic. From card tricks to dinner table gags, the illusions covered in this class are practical, easy, and fun to do. Students will focus on entertaining friends and family while mastering the physical and mental concentration needed to create a successful trick. We will also discuss performance skills and presence on stage.

Commercial Dance Certificate of Achievement

The Commercial Dance Certificate of Achievement is specifically designed for the student seeking employment in the commercial dance world and related industries. The curriculum is designed to be completed in two semesters of study through coursework in the Santa Monica College Dance Department. Upon completion of this certificate, the student is prepared for the evolving demands of dance-related industries and demonstrates proficiency in diverse commercial dance techniques, performance and audition skills, and the presentation of artist materials. Coursework includes hip hop, jazz, tap, and world dance techniques, performance, choreography, and career preparation.

Upon completion of the Santa Monica College Commercial Dance Certificate of Achievement, students will demonstrate technical and artistic proficiency in commercial dance genres and generate artist materials needed for dance-related careers. Students will possess the industry knowledge, creative skill sets, and audition and networking strategies to pursue various dance-related employment opportunities. Students will develop greater confidence and resilience as artists and collaborators equipped for the dynamic nature of a career in the arts.

Esports Management, Production and Performance AS/Certificate of Achievement

This cross-disciplinary program gives students an introduction to esports while preparing them for careers in media and game studies. Students completing the esports degree and certificates get prepared for employment opportunities in the digital media industry and transfer into four-year degree programs. There is a wide range of employment possibilities for students training in esports, leading to careers in journalism, athletic teams coordination, sportscasting, and media production and management.

Geology AS-T

The Associates of Science Transfer degree in Geology provides the foundation needed for students to transfer to a CSU with the lower division courses required to complete a bachelor's degree in a Geoscience major. Students will have the foundational math, chemistry, and geology courses along with their IGETC requirements completed allowing the student to seamlessly transition to a CSU and complete their upper division courses.

MAJOR ITEMS OF BUSINESS

RECOMMENDATION NO. 20

SUBJECT: **FIVE-YEAR CONSTRUCTION PLAN, FISCAL YEAR 2022-2023 THROUGH FISCAL YEAR 2027-2028**

SUBMITTED BY: Vice-President, Business/Administration

REQUESTED ACTION: It is recommended that the Board of Trustees approve the filing of the Five-Year Construction Plan, fiscal year 2022-2023, through fiscal year 2027-2028 with the State Chancellor's Office.

Five Year Plan Project Listing: See list included in the agenda
 Final Project Proposal (FPP): Business Building Replacement
 Initial Project Proposal (IPP): Drescher Hall Replacement Building
 Initial Project Proposal (IPP): Classroom Replacement Building/East Quad

FUNDING SOURCE Local Bonds; State Capital Funds; District Capital Funds

COMMENT: State law requires Districts to prepare annually and submit to the California Community College Chancellor's Office (CCCCO) a Five-Year Capital Construction Plan which summarizes current and proposed capital outlay projects. The purpose of the Five-Year Plan is to inform the CCCCCO of the District's capital needs and allow for the District to apply for State funding for specific projects. The District submits projects for potential State funding through an "Initial Project Proposal" (IPP). If the state approves the IPP, then the District will develop a "Final Project Proposal" (FPP) for funding consideration.

The following projects have an approved FPP, an approved IPP, or are pending the submission of an IPP. The District only recommends projects for IPP submission that meet the States strict guidelines and are likely candidates to receive funding. These projects were included in the 1998 Facilities Master Plan, the Career and Educational Facilities Master Plan 2010 Update, and/or the draft 2020 Facilities Master Plan.

Math/Science Addition (Approved FPP – State Funding \$39,615,000 – Under Construction): This project will consolidate and increase laboratory capacity for the Mathematics and Science programs by constructing a new building that connects to the existing Science building. The Mathematics department is one of the most extensive academic programs at Santa Monica College and is growing beyond what can be reasonably accommodated for students within existing facilities. Math and Science programs are currently forced to offer classes in classrooms and laboratories located at several different buildings on campus, many of which are located across campus from each other. The proposed project includes a 69,565 ASF addition to the existing Science building that will provide 15,815 ASF classroom lecture spaces, 41,387 ASF laboratory spaces, 8,069 ASF office spaces, 2,320 ASF library spaces, and 1,974 ASF of other support spaces. The new facility would consolidate the Mathematics, Earth

Science, Life Science, and Physical Science programs into a single building. The project includes demolishing the existing Letters & Science building, Liberal Arts building, and Library Village / Math Complex Portables as a secondary effect.

Art Complex Replacement (Approved FPP – State Funding \$10,901,000 – Under Design): The Art Complex at Santa Monica College was initially constructed in 1952 and is experiencing infrastructure issues. Although the building had a minor renovation in 2002, the Art program is currently split between the main campus and Airport Arts campus due to space needs. This project will create a functionally efficient building for the Art program, enabling the program to function in a single location with dedicated space. The existing Art Complex will be demolished and the fine arts space at the Airport Campus will be inactivated as a secondary effect of the proposed project.

Business Replacement (Pending FPP): The Business Building at Santa Monica College was originally constructed in 1980 and received a minor renovation in 1997. The building currently houses multiple departments, including Business, Accounting, Information Technology, Fashion, Cosmetology, and Photography. The existing building no longer meets the various departments' instructional needs and requires significant infrastructure work. This project constructs a new Business Building, modernizing the instructional spaces and creating a design that achieves optimal classroom efficiency.

Drescher Hall Replacement Building (Pending IPP): This project constructs a replacement building for Drescher Hall which was built in the 1960s as a vocational/trades building. The new building will be located on the site where the existing Business building is currently located, which will be offline following occupancy of the Business Replacement project. The existing Drescher Hall does not adequately serve students due to facility deterioration and technological infrastructure shortages. Replacing Drescher Hall with a new building provides instructional benefits to diverse programs such as Astronomy, Biology, English, and Photography. Any major reconstruction effort within the existing building would require structural/seismic upgrades, deeming the complete building replacement a more cost-effective solution. Secondary effects of the proposed project will include demolition of the Drescher Hall following occupancy of the replacement building.

Classroom Replacement Building/East Quad (Pending IPP): The project will construct a new building to replace classroom and office space on campus, including campus police sub-station functions. The proposed building will be located on the site where the existing Student Health and Activities building is. Scope of work will include the development of a new outdoor plaza/classroom area.

RECOMMENDATION NO. 21

SUBJECT: **AWARD OF BID FOR THE SALE OF 1825 PEARL STREET, SANTA MONICA, CALIFORNIA 90405** (REAL PROPERTY ASSESSOR'S PARCEL NUMBER 4273-002-900)

SUBMITTED BY: Vice-President, Business and Administration
Campus Counsel

REQUESTED ACTION: It is recommended that the Board of Trustees review the bids received for sale of 1825 Pearl Street, Santa Monica, California 90405 (Real Property Assessor’s Parcel Number 4273-002-900) and either (1) award to the highest responsive and responsible bidder or (2) reject all bids.

SUMMARY: In accordance with public notice provided in accordance with law, bids were required to be submitted in a sealed envelope by 4:30 p.m. on June 7, 2022. Bidders were informed that in accordance with the requirements of the Education Code they would be opened at the Board of Trustees meeting beginning at 6:00 p.m.

Mitch Heskell, Dean of Education Enterprise, opened the bids and read the information from the Mandatory Bid Proposal Form. The following bids were received:

Name of Bidder	Bid Amount
Eliyahu Davidson	\$1,350,000
David Mouallen	\$1,395,000
Faramart Simab	\$1,420,000
Ilia Mitelman	\$1,602,000

The final acceptance of the highest responsive and responsible bid proposal, if at all, shall be made by the Board at or within forty-five (45) days of the June 7, 2022, Board meeting. The Board reserves the right to determine what is a responsive and responsible qualified bidder and Bid Proposal. The Board also reserves the right to waive any defect or irregularity contained in a Bid Proposal. In the event the highest responsive and responsible bidder fails to perform, the Board may, at its discretion, remove the Property from the market, call for new bid proposals, or take any other actions as determined to be in the best interest of the District, at the District's sole discretion.

Bidder David Mouallen was informed in writing that staff intended to recommend to the Board of Trustees that their bid be rejected as nonresponsive since it was not accompanied by the mandatory bid security of \$10,000.00.

In addition, bidder Ilia Mitelman was informed in writing that on or before June 27, 2022, they needed to provide the District with adequate financial assurance that you will be able to close the purchase within 30 days of bid award. A letter of credit was provided on June 27, 2022, that provides adequate financial assurance.

It is therefore recommended as follows:

1. The Board of Trustees reject the bid of David Mouallen as nonresponsive for failing to submit mandatory bid security.
2. The Board of Trustees accept the high bid of \$1,602,000 from Ilia Mitelman and authorizes the Superintendent/President to execute such documents as are necessary to close the sale.

RECOMMENDATION NO. 22

SUBJECT: **AUTHORIZATION TO NEGOTIATE AGREEMENT FOR SANTA MONICA-MALIBU UNIFIED SCHOOL DISTRICT’S USE OF SANTA MONICA COLLEGE PICO CLASSROOM COMPLEX**

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees authorize the Superintendent/President to present a proposed agreement on the Santa Monica-Malibu Unified School District’s use of Santa Monica College’s Pico Classroom Complex to the Board of Trustees at its August 2022 meeting.

SUMMARY: The Santa Monica-Malibu Unified School District, after discovering a high concentration of mold in several of its classrooms at the John Muir/SMASH elementary school site (Ocean Park Boulevard and Sixth Street), commissioned an in-depth examination. The 131-page report, released on May 17, 2022, concluded that the problems are extensive, due to poor construction, age of the building, exposure, deferred maintenance, and inappropriate installation of construction materials. School officials are operating on the assumption that all or most of the campus will need to be closed for up to two years.

Dr. Ben Drati, SMMUSD Superintendent, and Mr. Carey Upton, Chief Operating Officer, consulted with SMC’s Superintendent/President Dr. Kathryn Jeffery, Senior Director of Governmental Affairs & Institutional Communications Mr. Don Girard, Vice President of Business & Administration Mr. Chris Bonvenuto, and Vice President of Academic Affairs Dr. Bradley Lane. Out of that conversation came an idea to move the affected elementary school programs to the Michelle and Barack Obama Center for Inquiry and Exploration campus at Ocean Park Boulevard and Lincoln Boulevard (the campus was originally built as an elementary school) and to move the two high school programs now at the Obama campus to a Santa Monica College facility. On May 30, 2022, SMMUSD officials received direction from the SMMUSD Board of Education to proceed with this plan. SMMUSD and SMC staff are currently negotiating the terms of the agreement, including appropriate fees for the use of College property.

SMC has identified the Pico Classroom Complex on the main campus as an appropriate facility to house both Olympic High School (a program with approximately 50 students primarily in the 11th and 12th grades plus another 120 students in an independent studies program that meet once a week) and the Project Based Learning Program (an offshoot of Santa Monica High School, serving approximately 125 9th through 12th graders). SMC has also determined that it can dedicate the facility for up to two years to the SMMUSD programs without affecting SMC’s ability to offer the planned and projected number of on-ground classes on the main campus.

SMC staff is actively coordinating with SMMUSD staff on the work necessary for the SMMUSD classes to start on August 18, 2022. Four work groups have been formed, and meetings are ongoing. The workgroups are Facilities; MOU/Legal; Safety, Security, Student Services, and COVID; and Information Technology.

The College will be issuing a short-term facility use permit to SMMUSD so that it can begin move-in activity pending finalization of a two-year agreement to be presented at the Board of Trustees meeting on August 2, 2022. The SMMUSD governing board will also act on the agreement at its August meeting. Prior to the August meeting, the College will provide appropriate public notice of its intent to enter into the agreement with SMMUSD.

This supports the Board's 2021-2022 Annual Goal: #9, Community Relations

RECOMMENDATION NO. 23

SUBJECT: **FIRST READING, BOARD POLICY CHAPTER 5, STUDENT SERVICES**

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees conduct a first reading of Board Policy Chapter 5, Student Services.

COMMENT: This update of Board Policy Chapter 5, Student Services, is a continuation of the District’s transition to the Community College League of California (CCLC) Policy and Procedures Templates. It includes updates of current language based on the League’s templates (indicated in red text) to ensure legal compliance and address recent changes in law or accreditation standards.

Board Policy Chapter 5 was reviewed and updated by the Vice-President of Enrollment Development Teresita Rodriguez, Vice-President of Student Affairs Mike Tuitasi, and Dean of Enrollment Services Esau Tovar. It was then reviewed by the Board’s subcommittee (Louise Jaffe, Susan Aminoff and Lisa Rose) and reviewed and approved by senior administrative staff and the Superintendent/ President in June 2022.
