MESSAGE FROM THE SUPERINTENDENT/PRESIDENT

Welcome to Santa Monica College, an exceptional teaching and learning community. A pioneer of the community college movement, SMC is California's leader in transferring students to the University of California – a record unbroken for 30 years straight. SMC is also number one in transfers to USC, Loyola Marymount University, and is the top feeder west of the Mississippi to the Ivy League Columbia University.

In addition to being a leader in transfers, Santa Monica College offers over 110 career education degrees and certificates in fields ranging from the traditional (Business, Health Sciences, Early Childhood Education) to the emerging and innovative (Cloud Computing, Interaction Design, Sustainable Technologies). A highly successful STEM program, Public Policy Institute, an award-winning Film Production program, and an Interaction Design baccalaureate degree – among many others – are proof of the college's commitment to providing the highest quality, most accessible education possible. And now, nearly all classes are available on-line. Distance education is an efficient and effective way to meet students in a mode that has given tremendous flexibility especially during the COVID-19 pandemic impacting our communities.

And while the majority of classes are on-line for Fall 2021, an increasing number of classes will resume on-ground as public health conditions related to the pandemic improve. This will enable the College to transition to on-ground operations safely. Distance education will continue as an effective instructional mode.

Academic excellence at Santa Monica College has always been driven by world-class faculty who believe in the power of the student-teacher connection, and demonstrate innovation even amidst challenging circumstances. I look forward to supporting your engagement and impact on SMC's continued progress as a champion of promoting social justice and serving our diverse students in equitable and inclusive ways.

Kathryn E. Jeffery, Ph.D.
Superintendent/President
Santa Monica Community College District

PURPOSE OF HANDBOOK

This handbook is an attempt to provide brief answers to some of the most commonly asked questions concerning Santa Monica College’s policies and procedures. Complete copies of the Board of Trustees’ policies and administrative regulations are available online on the Board Policy Manual website. Most departments have their own policies concerning such matters as access to facilities, use of equipment, and textbook selection. Contact your Department Chair if you have questions about departmental policies.

If you need clarification about any of the items addressed in the guidelines below, or if you have questions about any other college policy procedure, please contact your Department Chair.

Note: Specific language relating to Articles and Appendices of the Agreement between the SMCFA and the SMCCD, herein known as the “District”, as well as Memorandum of Understanding (MOUs) can be found on the HR website at https://www.smc.edu/administration/human-resources/employee-resources/faculty-association-agreement-and-documents-of-interest.php

SECTION 2
SANTA MONICA COMMUNITY COLLEGE DISTRICT

HISTORY
The Santa Monica Community College District is a 37+ acre campus with 5 satellite locations situated in the City of Santa Monica, which is located in the western part of Los Angeles County. 1The District is in the process of updating and revising its Board Policy Manual with the assistance of the CCLC Policy and Procedure Service. Current Board Policies and Administrative Regulations will remain posted on the website as the District moves through the transition. Provisions that are currently in Board policy will not be repealed, but may be moved to another chapter or combined with other policies. A matrix illustrating the transition will also be posted on the website.
Monica and Malibu, govern the Santa Monica Community College District. A student-elected representative with an advisory vote serves on the board as student trustee.

The Santa Monica Community College District has an annual budget of $197 million, with approximately 1,900 faculty members and classified staff.

**ACCREDITATION**

https://www.smc.edu/administration/accreditation/

Santa Monica College is officially accredited by the Western Association of Schools and Colleges and is approved by the California State Department of Education and the Office of Private Post-Secondary Education for training veterans and other eligible persons under the provisions of the G.I. Bill. The University of California, California State Colleges and Universities, and private institutions of high rank give credit for transfer courses completed at Santa Monica College.

**A NOTE ABOUT COVID-19**

https://www.smc.edu/news/coronavirus/

The main focus of the campus response to the COVID-19 pandemic which began in early 2020 is driven by one main idea, the safety of our staff, faculty, and students. The following are the core principles that have guided our decisions throughout the COVID-19 crisis:

- To ensure the health, safety and wellbeing of faculty, staff, and students in the campus community
- To mitigate the risk of resurgence and spread of COVID-19 at SMC
- To maintain academic excellence
- To continue to implement equitable practices and access to higher education
- To sustain college operations and prepare the institution for the return of students

COVID-19 safety protocols have been implemented throughout the campus. The three main safety considerations you want to keep in mind are:

1. Maintain the proper social distance.
2. Wear a face covering when around others.
3. Wash your hands frequently.

For additional COVID-19 information follow the link below to SMC’s Road to Recovery webpage which contains everything related to COVID-19 safety on the campus:

*Roadmap to Recovery - Santa Monica College at*

The Santa Monica Community College District is comprised of a main campus and several satellite campuses.

Enrollment of Students in Your Classes
Note: Due to emergency declarations enacted by the California Community Colleges’ Chancellor’s Office during the COVID-19 pandemic, policies pertaining to class withdrawals, pass/no pass grading, deadlines, among others, were adjusted. For the latest information, see https://www.smc.edu/admission-aid/policies/covid-19-policy-adjustments.php

Student Self-Enrollment
Students may self-enroll in online and hybrid classes until the Sunday night before classes begin. For on-ground classes, students may self-enroll into open classes up until the night before the second class meeting. For classes that meet once per week and those that have a lab component, students may self-enroll only through the end of the night before the first class meeting. Once a class has reached 90% full, it will appear “closed” to students so that faculty can confidently give out add codes without fear of over-enrolling their class. To add a class once the class has started and 90% of your course seats are filled, the student must request an add code from the instructor (see Authorization (Add) Codes section below). Students will be prompted to use this electronic code when they enroll online through Corsair Connect at www.smc.edu/cc. Friday of the second week of classes during the Spring or Fall semesters is the last day students are allowed to add classes with an instructor’s add code. Instructors may approve that a student be added after the Friday of the second week by certifying that the student has been in attendance since the first day of class.

Class Rosters—First Day of Class
Class rosters are available prior to the start of the course through mProfessor (smc.edu/mp). You may download and print rosters at any time. Active students will be noted with an “X” on the “Active” column. Class-specific deadlines are displayed under the “Class Roster Dates and Deadlines” header. Class deadlines include: Class Census Day, Last Day to Withdraw to Receive a Refund, Last Day to Withdraw to Avoid a "W," Last Day to Withdraw to Guarantee a "W," and last day to request Pass/No Pass grading option. These deadlines are also available to students on their Corsair Connect portal. Student profile information is available for each student in the class. Just click on the student’s name on the online class roster. A photo may be available along with their math and English/ESL placement history.

Confirm Course Enrollment—First Day of Class
Students must be officially enrolled to attend the class. Students are officially enrolled if their name appears on the class roster and is marked as “Active.” The online roster will always be current. Drop any student on your online roster if they are a “no show” or they later exceed the number of absences you permit (per your syllabus).
Faculty are required to clear their rosters of “no show” students before the census date. Check your mProfessor (smc.edu/mp) portal for your course-specific census date. You will receive an email reminder asking you to verify your class’ enrollment. Be sure you clearly outline your attendance policy in your syllabus. Since it may occasionally happen that someone on your roster misses the first-class session and then arrives late for the second-class session, it is strongly advised that you delay adding students to replace "no-shows" until the end of the second-class meeting. Otherwise you may end up with more students enrolled than you have seats. An exception involves certain lab science classes for which a warning statement is included in the class schedule. The intent here is to enable an instructor to assign lab lockers, conduct safety training, and thus start the first two- or three-hour lab activity with a full complement of students. For these classes the instructor may add students to replace any students who are "no-shows" at the time of assignment of lab lockers.

Please consider that students coming directly from work to attend evening classes may be unavoidably detained due to unusually heavy traffic congestion during the first two weeks of school.

When granting Authorization Codes (see Authorization (Add) Codes section below for additional information), please adhere to the order shown on the class Wait List (see Class Wait List section for additional information). Students authorized to add your class with an Authorization Code (an add code) must enroll online using Corsair Connect, the student portal, prior to the next class. Verify students have enrolled and do not permit them to attend until they do. Auditing courses is not permitted by students at SMC.

Class Wait Lists—First Day of Class
To view a wait list, login to mProfessor. Click on “Online Class Roster Tasks” then on “View Class Waiting Lists.”

Wait List Policy. Ordered waitlists become available two weeks before the start of the semester. Students who put themselves on a wait list will receive notification if a seat opens in that section but will not be automatically added to the section. Students may place themselves on the wait list for only one section of each course and may not place themselves on the wait list for a section if they are already enrolled in another section of the same course. The idea behind starting wait lists only 2 weeks before classes begin is to ensure the wait lists are populated with students who are still interested in taking the class. Faculty should give priority to wait list students when issuing approval codes. The wait list is capped at 25% of the class seat capacity. Students are able to join any wait list, subject to course/section eligibility requirements (e.g., prerequisites, time conflicts). The wait list is dynamic—it is updated as students enroll in the class or remove themselves from it. Students are able to see their position in the wait list (“Wait List Rank”) in Corsair Connect.
**Authorization (Add) Codes**

Authorization Codes are generated overnight on Monday evening of the week before the term starts. They will be available on mProfessor by Tuesday morning. These are included on your class roster. Issue codes based on Wait List priority, and then to other students. You may not conduct any type of assessment/test in order to grant an add code. Safeguard and check who uses the codes you give as sometimes they end up with the wrong student or are sold.

Authorization (Add) Code Types. There are three type of add codes you may use:

- Regular Add (valid for 1 week);
- Late Add (expires at 50% of term);
- Reinstate (can be used to reinstate a student you dropped, but is valid only until the 89th percentile of class).

Add codes, reinstatement codes, and late add codes all essentially serve the same purpose but with different deadlines. They are all approvals to add one seat in your class, but each has a different expiration date. Tell the student the code’s expiration date and be sure you are giving a code that has not already expired. You may generate more authorization codes on-demand via mProfessor by going to “Online Class Roster Tasks” and clicking on “View/Request Instructor's Authorization Codes.”

Instructors are expected to add students up to the limit set for their class. Students who are on the wait list and attend class for the first two class sessions with the hope of becoming enrolled should be allowed to take the place of students who are enrolled but who fail to attend the first two class sessions.

**Census Day Confirmation Rosters**

Know your class’ Census Day - login in to mProfessor (click on the “Roster” button for the class; then click on “Class Roster Dates and Deadlines”). A reminder will display on mProfessor to verify your class roster PRIOR to the class census day. Census verifications are mandated by Education Code and have a major impact on funding for the College. Verify who is actively attending or participating in your classes. Drop any students who are not. **Clear your rosters before Census Day.** You will receive an email reminder one week before your class’ census.

**ASSOCIATE FACULTY STATUS**

*Article 6, Agreement between SMC FA and the District*

Advances in academic status to that of associate professor status are granted to adjunct instructors based upon length of service.
Eligibility: After five consecutive semesters of employment with the District and with an assignment of at least 5 LHE per week within a discipline for each of the five consecutive semesters, a part-time faculty member shall be designated as "Associate Faculty" provided that the part-time faculty member has not received less than a satisfactory evaluation during the qualifying five semesters. Note that no more than 60% of the part-time faculty within a discipline may have Associate Faculty status.

AUDITING CLASSES BY FACULTY
Article 10, Agreement between SMC FA and the District

Faculty shall be allowed to audit up to two courses per year at Santa Monica College provided the instructor of the class agrees and a regular student is not displaced. Note: this is an informal class audit. You cannot “enroll” in the class via the student portal or through Admissions. If you would like to take the class for credit, you must apply for admission to SMC at http://www.smc.edu/EnrollmentDevelopment/Admissions/Pages/Apply-Online.aspx.

CANCELLATION OF CLASSES DUE TO LOW ENROLLMENT
Any class with an enrollment of fewer than eighteen students is subject to cancellation. The decision to cancel a class is made by Jason Beardsley, Dean of Instruction, in consultation with the Department Chair.

Adjunct faculty are paid a minimum of two (2) weeks' pay (one week pay in summer or winter sessions) for a graded class that is canceled after the class convenes (Article 8.6, Agreement between SMC FA and the District).

A full-time faculty member whose class is canceled must be reassigned to another section; this can result in their replacing an adjunct faculty member. When the canceled class was to be taught as an overload or intersession assignment of a full-time faculty member, no faculty member is displaced.

An adjunct faculty member with Associate Faculty status whose class is canceled may be reassigned to another section if available; this can result in their replacing a non-Associate Faculty member. This provision does not apply to intersession assignments.

CLASS MEETING TIMES AND BREAKS
You are expected to meet your classes on time and for the time interval scheduled. Classes are not expected to get out early. A "three hour" class is scheduled for 185 minutes per session and
is allowed 20 total minutes of break time per session. "Two hour" classes are scheduled for 125 minutes per session and are allowed 10 minutes of break time per session. If your class meets for less than two hours, there are no breaks. It is not acceptable to save all the break time for the end of the class period so as to get out early, nor to use the break time at the start of class so as to start late.

COMMENCEMENT
All faculty are strongly encouraged to participate in the annual commencement ceremony, which customarily takes place on Corsair Field the last day of Spring semester. Academic regalia are made available for free through the Admissions Office, upon request.

CONFERENCE ATTENDANCE (see Professional Development in this section)

DEPARTMENT MEETINGS
Full-time faculty are required to attend departmental meetings. Part-time faculty are required to attend one departmental meeting. After fulfilling that obligation adjunct faculty are welcome, but not required, to attend.

ENROLLMENT IN CLASSES
*Article 10, Agreement between SMC FA and the District*
*(see Auditing Classes by Faculty in this section of the handbook)*

Enrollment, whether for credit or not, should be outside of normal working hours, and not in conflict with assigned teaching or conference hours. Please notify your Department Chair of
your intent to enroll, inform the instructor of the class of intended enrollment, and follow normal application and enrollment procedures.

**FACULTY SERVICE AREAS**

*Article 16 and Appendix I, Agreement between SMC FA and the District*

The term “faculty service area” means a service or instructional subject area or group of related services or instructional subject areas in which service is performed by faculty. The term “eligibility criteria” refers to criteria by which a faculty member is deemed competent to render service in a faculty service area.

**FIELD TRIPS & BUS TRANSPORTATION REQUESTS**

Field trips should be planned weeks in advance. Student liability release and application forms are available in your department or the Office of Academic Affairs. Student release forms should be signed by students and collected by the instructor. For day trips, only one form is needed but it should be signed by all the participating students. For overnight trips, a separate form is required for each student. A separate form is always required for student participants who are under the age of 18, even for day trips. Return completed field trip application forms to your Department Chair at least 10 business days (2 full weeks) before the trip. They will be forwarded to the Office of Academic Affairs for approval and, if approved, a copy is returned to the instructor who should keep it in possession during the trip.

**FINAL EXAMS**

*Each class is expected to have a Final Exam.* A special time schedule is provided for all semester long classes during final exam week, so as to allow three hours for each final exam and minimize conflicts. This is instructional time and must be utilized. Adhere to the final exam schedule. If your class has both lecture and lab times, select the final exam time that matches the lecture. Classes that are held on Saturday or Sunday and those that are less than a full semester in length will hold their final exam during the last class meeting. Instructors for short-term classes in the regular semester and Summer or Winter intersession are expected to administer the final examination during the last scheduled class period. Approval from your Department Chair and the Dean of Instruction is required for deviation from the final exam schedule.

**Incomplete Grades**

Issue Incompletes (I) consistent with college policy: An incomplete (I) is a temporary grade that can be given to a student who is doing C or better work but who is unable to finish the final exam or final project because of an extenuating circumstance beyond the student's control. It is not
appropriate to give an Incomplete if the student is missing more than 10% of the coursework. If the instructor agrees to give an incomplete, the instructor will do so using the online grade roster when submitting grades. The instructor will be prompted to fill out an online form. The instructor must record the conditions of the Incomplete, the default grade once the Incomplete lapses, and the deadline for the completion of the coursework. Both the instructor and the student will receive a notification by email specifying how to retrieve an auto-generated Incomplete Grade Petition to review the conditions leading to a grade change from "I" to another grade. The email will also caution students that failing to act by the prescribed deadline will result in issuance of the default grade noted on the petition. Students may access a copy of the Incomplete Grade Petition at any time by logging in to Corsair Connect, then clicking the “Enrollment Services” button; then clicking the “Student Records” option on the left side navigation bar; and finally, clicking the “Incomplete Grade Petitions” link. Students should not be permitted to attend your class to make up an Incomplete. Class attendance cannot be required in order to change the Incomplete to another grade. Students are blocked from re-enrolling in the class where they have an Incomplete grade. A message will display on Corsair Connect, which will link them to the Incomplete grade petition.

FINAL GRADES

Dates and Deadlines

Article 11, Agreement between SMC FA and the District

Submission of grades in a timely fashion is critical to ensure that students’ records are accurate and updated in a timely fashion. Final grades must be posted by the date stated in the “Dates and Deadlines” established by Admissions and Records based on the Faculty Contract. Instructors are expected to post grades no later than one week after the end of the term. Failure to submit your grades on time is considered negligent of your professional responsibility and could result in the delay of your last paycheck for the semester/term (per FA Contract). All grades submitted after the posted submission deadline must be accompanied by a Grade Change Form” for each student, available on mProfessor.

FLEX TIME

Article 11, Agreement between SMC FA and the District

Flextime is time for which faculty members are compensated for professional development activities accomplished outside of instructional time. Flextime is governed by the Collective Bargaining Agreement and by State of California regulations. Compensation for flex activities is included in faculty salaries. Failure to complete one’s flex requirement will result in a reduction in pay.
For the academic year, nine flexible calendar days are part of the calendar for full-time faculty members. This includes three department days, four individual contract days, and two institutional days.

Adjunct faculty members are obligated to participate in flex activities during the semester for a number of hours equal to the number of hours of their weekly faculty assignment. Part-time counselors and librarians are not required to complete the flex requirement unless they have a teaching assignment. Part-time counselors and librarians should consult with the Department Chair regarding the non-instructional faculty Memorandum of Understanding (MOU). You must consult with your Department Chair in regards to questions about, and/or changes to your flextime.

You will receive an email directing you to an online Flex Contract at the beginning of the semester. Enter your proposed flex activities and check the electronic signature box before you submit it for your Department Chair’s approval. Once the proposed activities are approved and you have completed those activities; return to the online Flex Contract to document their completion.

In general, activities that can be used by adjunct faculty members for flex time include participation in department meetings, extra office hours, attendance at the college-wide flex activities at the beginning of each semester, participation in departmental flex activities and attendance at professional meetings and seminars.

Please contact the Office of Human Resources, Professional Development Coordinator, if you have any questions or concerns.

**GROUP AND STEP ADVANCEMENT**

*Appendix D, Agreement between SMC FA and the District*

Group advancement earned and properly filed for by faculty shall be granted effective the beginning of the Fall semester (full-time faculty), or the beginning of Fall, Winter, Spring or Summer (part-time faculty). If you are planning to advance to a higher group on the salary schedule for the following College year, you must schedule an appointment with the Office of Human Resources and complete a course approval form (see Human Resources for the appropriate form) by April 15th.

Faculty who have full-time or partial assignments which extend over a period of at least 75% of the days that the College is in session during the Fall and Spring semester (regular session) shall...
advance one step on the salary schedule effective July 1st.

Adjunct faculty and/or full-time instructors teaching overload classes will be paid in four installments at the end of every month.

Questions regarding your salary should be directed to the Office of Human Resources.

**PASS/NO PASS (P/NP) GRADE POLICIES**

*Dates and Deadlines*

Students may enroll in a certain number of classes on a Pass/No Pass basis. Students may request to take a class on a Pass/No Pass basis through the student portal, Corsair Connect prior to the 30% point in the term. For class-specific deadlines, students should review their class schedule on Corsair Connect. Instructors are not notified which students are enrolled on a Pass/No Pass basis. The instructor assigns a regular grade (A, B, C, D, F, W) for the student. Grades A, B, or C are automatically changed to "P". Grades of D, F are changed to "NP". Neither "P" nor "NP" has any effect on a student's G.P.A.

**PROFESSIONAL DEVELOPMENT**

Conference or professional development opportunities may be available through your department or the Professional Development Committee as provided under the provisions of AB 1725 (BP 3133).
SOLICITATIONS
Solicitations are not permitted in classes. Do not allow your students to be solicited by sales or political representatives during class time.

SUBSTITUTES (RULES & MEETING TIMES)
It is every faculty member’s responsibility to meet each class for the full amount of time scheduled, including the time designated for the final exam schedule. Having colleagues substitute without authorization is a violation of the Education Code and personnel procedures. In addition, faculty members are reminded of the following institutional guidelines:

- Faculty absences must be reported by completing a District absence form. If a substitute is provided, the substitute must be selected by the Department Chair from faculty members who have a current teaching assignment or have been processed as substitutes for the current semester.
- Class substitutes for the first day of a reported absence will not be approved.
- Exceptions will be recommended by the Departmental Chair for approval by the Dean of Instruction.
- Classified staff members may serve as substitute instructors only if they are currently authorized to teach and are performing these teaching duties outside the hours of their classified assignment.
- “Trading” of classes between faculty members is allowed only with the prior approval of the Department Chair.
- “Subcontracting” (out-of-pocket payment of a substitute with no absence report) is not allowed. All faculty absences must be reported and substitutes, if approved, must be paid by the District.
- Classes should meet at the location indicated in the schedule of classes. Any change of location must have prior administrative approval and must be posted so that students are appropriately informed.
- Field trip forms must be completed if a class is to meet off campus in lieu of the regular class meeting time. (This does not apply to classes regularly scheduled to meet in off-campus locations.)

Please contact your Department Chair or Faculty Chair if you have additional questions.

TIME CONFLICT POLICY
Time Conflict Form

There is a state requirement that students have at least 10 minutes of "pass time" between
classes and a 29-minute gap if traveling from one campus to another. If a student wants to add into a class but has a time conflict, they will not be able to enroll in both courses. Students must submit a Time Conflict form to the impacted class instructor for approval. The Time Conflict form may be picked up in Admissions, or on the Admissions website under “Forms.”

If the instructor agrees to a "make up" of the time, that “make up” must be supervised by the instructor. For state auditing purposes, the instructor must maintain a log of when the student made up the missed time.

SECTION 5
COMMUNICATIONS

BULLETIN BOARD/POSTING LOCATIONS

Bulletin boards and posting locations can be found throughout the main campus and all satellite campuses for employee announcements.

Workplace labor postings, the Fraud Hotline poster, and posting locations are listed online and can be found at https://www.smc.edu/administration/human-resources/diversity-equity-inclusivity/workplace-postings.php.

ELECTRONIC MAIL (E-MAIL)
Information Technology (IT) Department
ITHELP@smc.edu, (310) 434-3010

All faculty e-mail accounts are created based on an active assignment in the ISIS system. Once the Office of Human Resources has processed the employee and his/her assignment has been entered, he/she can request an e-mail account via the internet. It is expected that all faculty use their SMC email. Critical communication from the District and your Department Chair will go to your SMC email address.

Please be sure that the Office of Human Resources has entered your information into the employment database before submitting this request and please have your assigned five-digit SMC employee ID number given to you at the time of processing.

The e-mail account or username is created using the employee’s last name followed by an underscore and the first name. The default password is SMC-##### where #### is the last four digits of the employee’s SSN.
Microsoft Outlook or a web browser are required software applications used to access e-mail on campus. If you need assistance accessing e-mail on your campus computer, please contact the Information Technology (IT) Department at (310) 434-3010.

**FACULTY & STAFF TELEPHONE DIRECTORY**
https://www.smc.edu/directory/

A campus directory is available to you online.

**MAILROOM**
Faculty Village, Bldg. 18 (CorsAir Stadium)

The main campus mailroom is located at the Northwest side of campus. It is located at 2121 16th street, underneath the Corsair Stadium bleachers.

Instructors will receive mail and parcels via the “Smart Lockers” located behind Drescher Hall. Smart Lockers will be used to distribute mail to full-time/part-time instructors. Mail must be retrieved within 10 business days as the lockers will be automatically reset.

Instructors who teach exclusively at the Bundy Campus, Emeritus Campus, SMC Performing Arts Center, Santa Monica Airport or the Center for Media and Design receive their mail at those locations. Your mailbox is the location of all written college communication, including vital information from your Department Chair and the District.

**TELEPHONES**
All full-time faculty are assigned an extension and an e-mail address on campus. Since adjunct faculty members are generally on campus only at the time their classes meet, it is recommended that you encourage your students to communicate with you through email rather than phoning the college. Since department offices are only open for limited times each day, find out from your Department Chair the department's phone number and office hours and instruct students to call only during those hours to leave truly important messages. If you have the good fortune to be "sharing" an office with a full-time faculty member, check with that person about phone messages from students.
ATHLETICS FACILITIES
Faculty and staff are welcome to use the campus athletic facilities, including the swimming pool, when they are not being used for instruction or athletic events. For information contact the Athletic Director and/or the Kinesiology Department Chair.

CLASSROOM DESKS, CHAIRS AND OTHER EQUIPMENT
Do not remove desks, chairs or other equipment from classrooms since each room is designed for several classes and the amount of equipment in the room has been established to meet fire and safety regulations.

Emergency Preparedness & Response
https://www.smc.edu/administration/emergency-preparedness/
Campus Police at 310-434-4300 or dial 911

For maximum understanding of SMC safety procedures please read the red and white "Faculty
& Staff 911/Emergency Guide” folder and the Emergency Preparedness Emergency Procedures Manual. If you do not have an updated copy of this information, email the Emergency Preparedness and Safety Facilitator at: lewis_marcia@smc.edu. Each classroom bulletin board displays an Emergency Preparedness Safety Procedures poster. If your classroom does not have a poster, email lewis_marcia@smc.edu.

Your students look to you for guidance and direction in an emergency situation. During the first week of class it is important to discuss with your students what to do if an emergency situation develops. In case of an emergency, stay calm and follow the appropriate procedures in your Emergency Preparedness Manual. In the event of a major disaster that affects the entire campus, the Campus Police will already be aware of it (BP 2415 Campus Safety, BP 2416).

LiveSafe is a free personal safety mobile app that Santa Monica College provides to all students, faculty, and staff to download. The app provides a discreet way to communicate directly with SMCPD, enhancing your overall safety.

Campus Police at 310-434-4300 or dial 911

The Santa Monica College Police Department (Campus Police) has adopted nationally accepted law enforcement response procedures to contain and neutralize such threats. The following information regarding law enforcement response will enable you to take appropriate protective actions for yourself and your students. The following instructions are intended for incidents that are emergent in nature (i.e., imminent or in progress).

We strongly suggest you watch the following video which covers an active shooter situation. Click on the arrow to begin the video.

---

**RUN. HIDE. FIGHT.**

---

If an active shooter situation develops, Santa Monica College will implement its emergency response plan and alerts will be sent out via the Connect Ed Notification System, E Mail, and Telephonic Message System for instructions to staff and students. Santa Monica College Police and the City of Santa Monica Police Department will work together to manage the situation.

Active shooter situations are dynamic and evolve rapidly, demanding immediate response and deployment from law enforcement and emergency personnel to stop the shooting and prevent further harm to the community. It is important to follow the link on [Active-Shooter-Situations](https://www.smc.edu/administration/emergency-preparedness/active-shooter-situations.php)
prior to the start of class so that you can familiarize yourself with the best practices to protect yourself, colleagues, and students from harm.

In general, how you respond to an active shooter will dictate the circumstances of the encounter. If you find yourself in an active shooter situation, try to remain calm and call the Campus Police at 310-434-4300 or dial 911 as soon as possible.

**On the Main Campus:** If you believe an individual poses an imminent threat to a member or members of the College community please contact our College Police immediately.

   IF USING A PERSONAL PHONE... DIAL 310-434-4300;
   IF USING A DISTRICT LANDLINE... DIAL EXT. 4300.

At a satellite campus: If you are located at a satellite campus and believe imminent danger is likely, please contact 911 immediately.

If you do not believe that harm is imminent, but an individual’s behavior seems threatening or that the behavior being demonstrated could lead to harm to the individual or community, you should report the concern by contacting Campus Police or the Care & Prevention Team.

**It is better to err on the side of caution and notify the appropriate individuals than to remain silent;** Santa Monica College has resources to assess situations and the individual of concern.

EMERGENCY PREPAREDNESS: Earthquakes and Other Disasters

Campus Police at 310-434-4300 or dial 911
Facilities Department (310) 434-4228

DROP, COVER AND HOLD
Wherever you are, protect yourself! You may be in situation where you cannot find shelter beneath furniture (or against a wall). It is important to think about what you will do to protect yourself wherever you are. For example, what if you are driving, in a theater, in bed, at the beach, etc.?

Unless it is safe to do so and the earthquake has stopped, do not move to another location or outside. Earthquakes occur without any warning and may be so violent that you cannot run or crawl. You are more likely to be injured if you try to move around during a strong earthquake or aftershock.

DURING THE EARTHQUAKE:

1. DROP to the ground.

2. Take COVER by getting under a sturdy desk/table or crouching down close to a wall. Remember to cover your head and stay clear of falling objects.

3. HOLD ON until the "shaking" stops (2 to 5 minutes).

If indoors, stay there. Get under a desk or table and hold on, or stand in a corner. Do not go in a doorway. Protect your head, neck, and face.

If outside, stay clear of falling objects.
If driving, pull over to the side of the road and stop. Avoid overpasses and power lines. Stay in the vehicle until the shaking is over.

If in a high-rise building, stay away from windows and outside walls. Get under a desk or table and hold on. Do not attempt to use elevators.

If in a crowded public place, do not rush for the doors. Move away from windows and shelves containing objects that could fall.

In a stadium or theater: Stay at your seat and drop to the floor between rows and protect your head and neck with your arms. Don't try to leave until the shaking is over. Once it is safe to do so, walk out slowly watching for anything that could fall on you during an aftershock.

AFTER THE EARTHQUAKE:

After the shaking subsides, turn off computers; unplug electrical equipment; replace telephone handsets; go outdoors; and stay clear of buildings, walls, power lines, and trees.

- Identify and assist the injured.
- Keep phone lines clear except when necessary to report serious hazards or injuries.
- Do not return to an evacuated building unless directed to do so by College Police or public agency personnel.
- It is possible that roads will be blocked and impassable. Be prepared to stay where you are for a few hours or for several days depending upon your location.

Earthquake Safety (PE and Dance Areas)

Santa Monica College’s Annual Security Report, and Crime Alerts and Bulletins can be found on the Santa Monica College Police Department’s webpage: https://www.smc.edu/administration/police/annual-security-report.php

ENERGY CONSERVATION

Whenever you leave a room that is not going to be occupied immediately by someone else, you should turn off the lights and, if you have access to the switch, turn off the air conditioning or heating. Also turn off any classroom technology in rooms that will not be occupied immediately. This includes the LCD projector, computer, and document camera wherever applicable.

Campus Police (Santa Monica College Police)
https://www.smc.edu/administration/police/
1718 Pearl Street, Santa Monica, CA 90405 (310) 434-4300

At Santa Monica College, the safety and well-being of our students, faculty, and staff is always our first priority. With the support of other departments, we have numerous people involved in keeping this campus safe and secure. However, a truly safe campus can only be achieved through the cooperation of all students, faculty, and staff.

Santa Monica College is an open campus in an urban area. It is the College’s policy and the responsibility of all College personnel and students to ensure that the doors to facilities are kept closed and locked at all times when the facility is not in use or has limited occupancy in order to discourage unwanted entrance.

All campus buildings are secured by Campus Police between the hours of 10:15 p.m. to 6:00 a.m. Mondays-Thursdays, and between 5:00 p.m. on Fridays and 6:00 a.m. on Mondays. Contact Campus Police at 310-434-4300 for access during these times.

FACULTY LOUNGE
The Staff Lounge is located on the west side of the Cafeteria (on the main campus). The hours of operation may vary during College breaks and other non-peak times.

FITNESS CENTER
https://www.smc.edu/academics/academic-departments/kinesiology-academics/facilities.php
CPC Building (310) 434-4741

The Fitness Center is available to both students during KIN PE 10 classes and faculty/staff during staff hours. It is located on the second floor of the Core Performance Center (CPC). It features an Aerobic Super Circuit system that combines low intensity, high repetition circuit weight training with aerobic activity stations. The system has been proven successful and is especially designed to be efficient, effective, and fun! There are resistance machines, dumbbells and cardiovascular machines.

All students, faculty and staff that use the room are required to be dressed to work out and wearing athletic shoes. Everyone is required to sign in upon entering and show a valid faculty/staff ID. Anyone that misuses the equipment will be asked to leave and not allowed back.

Faculty/staff hours are from 6am-8am M-Th and from 5pm-7pm M-Th during fall and spring semesters and winter and summer sessions only. (The facility is closed between semesters and sessions.)

GUEST PARKING
https://www.smc.edu/about/campuses/parking-transportation/

Visitor parking for the main campus is available for $11 for 8 hours from time of purchase. Purchase visitor parking passes at the kiosks located in the Student Services Building and/or by the Business Building. All students and visitors are expected to follow SMC's parking rules and regulations.

Questions regarding visitor parking should be directed to the College Police Department (310) 434-4300.

The Administration Building at 2714 Pico Blvd. has assigned parking spaces; there are no guest parking spaces available. Metered street parking is available on Pico Boulevard for short term parking. For long term (i.e., all day) or guest parking at 2714 Pico Blvd., contact Letty Kilian (Kilian_Leticia@smc.edu).
HEALTH SERVICES CENTER/EMERGENCIES
https://www.smc.edu/student-support/health-wellbeing/health-services/
(310) 434-4262

The Student Health Services Center is located near the East entrance to the cafeteria foyer.

This office handles any injuries or illnesses that occur on campus during the day and recommends that even students with minor injuries, should be examined by a staff member of the Health Services Center. For more severe injuries, the Health Services Center will send a staff member to the classroom.

The Health Services Center closes at 6:00 p.m. Phone the Campus Police at (310) 434-4300 if someone has a medical emergency when the Health Services Center is closed. They will route the paramedics to your classroom faster than if you phoned 911 directly.

LOCKS, KEYS AND SECURITY
Most of the instructional rooms and offices are assigned to departments. Keys are issued on an "as needed" basis when the appropriate Department Chair fills out and submits a key request form. If your Department Chair determines that you need keys you will receive notification in your mailbox when your keys are ready to be picked up at the College Police Department. Please do not loan your keys to anyone. If you lose your keys, notify your Department Chair and the College Police as soon as possible.

Whenever you leave a classroom or lab and it is not going to be occupied immediately by another class, you should secure the room as is appropriate.

OFFICE SPACE
Full-time faculty are assigned offices. Please see your Department Chair regarding your office location. Some departments have an arrangement whereby full-time instructors "share" their offices with other full-time or adjunct faculty. In such cases, some storage space may or may not be allotted to adjunct faculty. It is important under such an arrangement that the rights and properties of both the full-time and the adjunct faculty members be respected. See your Department Chair for details. If you do not have an office and need a place to meet with your students, see your Department Chair.

PARKING PERMITS
https://www.smc.edu/about/campuses/parking-transportation/
Permits are now automated and are tied to your license plate and or temporary plate or Vehicle
Identification Number (VIN). You must obtain a permit in advance: https://smc.the
permitstore.com/. The District sells one college-parking permit to each staff member. Multiple
vehicles may be registered to and share the same virtual permit; however, only one vehicle per
permit may be on Campus at a single time. Vehicles will need to purchase parking separately
when parked on Campus concurrently and sharing a permit. All vehicles parking on any Santa
Monica College property must have a valid Santa Monica College parking permit unless parked
in metered spaces. Personal notes left on vehicles describing reasons for parking on the campus
without the proper parking permit or for parking in an unauthorized manner do not constitute
permission to park; these vehicles will be cited accordingly.

For more information on Santa Monica College rules and regulations, call (310) 434-4608.

RECYCLING & RESOURCE MANAGEMENT
https://www.smc.edu/community/sustainability/recycling.php
Recycling (310) 434-8726

SMC has a recycling program. Cans, glass bottles, and plastic bottles are recycled in green
painted recycling containers located in various selected localities.

Outside the classrooms in various strategic areas are clearly marked stations having three
different containers for: (1) glass and plastic bottles and cans, (2) trash (food contaminated
containers and wrappers) and (3) recyclable paper. There is signage for all containers.

White paper, colored paper, envelopes (even those with windows), magazines, and newspapers
are included in the recycling program. Paper cups, tissues, and paper contaminated with food
waste are not included. Cups clog the pulping machine because they are coated with wax or
something else that makes them non-permeable to water. Paper that has any food on it
contaminates the entire container, which then must be discarded as trash and added to a landfill.

SMC has a no eating and no drinking in classroom policy. Please remind your students not to eat
in class. Please also remind your students to recycle. Together we do make a difference.

REQUISITIONING SUPPLIES
Supplies for classroom or office use are to be requisitioned through the Department Chair,
department manager, or administrative assistant.
Faculty usually bring their own markers into classrooms. Please leave erasers, erasing cloths, and cleaning fluid in the classrooms where you find them. Do not erase the boards with paper towels or anything else that will damage them. Soft rags and medical gauze work well. The boards can be cleaned with Windex. Please keep the pens capped whenever you are not using them (even for a few seconds) as this prolongs their useful life.

ROOM RESERVATIONS, CONTACT
https://ems.smc.edu/EmsWebApp/
Events Office (310) 434-3001.

You may submit a reservation request for use of College facilities on-line at https://ems.smc.edu/EmsWebApp/. Campus and satellite facilities are listed for your selection. You may also request special equipment and services at that time of the room request. You must have confirmation from Facilities Programming (Events) prior to using any district facility.

SAFETY
https://www.smc.edu/administration/police/Safety-Health-Resources.php

Santa Monica College continually strives to provide an even safer, more secure campus environment for all members of our community.

Smoking, eating, and drinking are not permitted in classrooms and other instructional areas. Student safety is the responsibility of each instructor. Report potential safety hazards to the College Police department.

**TRANSPORTATION OPTIONS**
[https://www.smc.edu/about/campuses/parking-transportation/](https://www.smc.edu/about/campuses/parking-transportation/)

Due to the limited parking available on the main campus and some of the satellite locations, the District offers sustainable transportation options and incentives (other than using a single occupant automobile) on getting to SMC and satellite locations:
- Walk, Bus, Metro (train), Carpool, Bike, Scooter
- Free evening rides to PAC, CMD, and Bundy including Lyft Shared and UberPool
For additional information on these programs, click on [https://www.smc.edu/about/campuses/parking-transportation/](https://www.smc.edu/about/campuses/parking-transportation/).

**UNAUTHORIZED OBLIGATIONS**

Facilities/Maintenance Department General Office (310) 434-4378 7:00am – 3:30pm

In the event of a major utility failure that occurs during regular working hours (7:30 a.m. - 4:00 p.m., M-F) immediately notify the Maintenance department. Any faculty member can submit a work order request. If you see a problem requiring attention, submit a work request online at https://work.mainsaver.com/1658.

SECTION 7
FACULTY GOVERNANCE AND ORGANIZATIONS

Faculty service on committees is expected of and encouraged for full-time faculty. Such service can include being a sponsor of a student club, participating in faculty organizations, and assuming responsibilities related to the broader academic and social communities in which we operate. These non-teaching responsibilities are more significant now than ever before as a result of collective bargaining and legislation (AB 1725) which has imposed operational changes in hiring procedures and faculty governance. The Board of Governors of the California Community Colleges monitors the provisions of AB 1725.

ACADEMIC SENATE
https://www.smc.edu/administration/governance/academic-senate/
(310) 434-4611

The Santa Monica College Academic Senate is composed of elected faculty senators and represents all faculty in participatory governance in such areas as academic standards, curriculum development, and other academic and professional matters as stated in the Title V of the California Administration Code for Education.

Academic Senate Officers 2021-2022:
- Jamar London, President
- Nate Donahue, Past President
- Kristin Lui-Martinez, Treasurer
- Angelo Antonio, Parliamentarian
- Ian Colmer, Recording Secretary

ACADEMIC SENATE FOR CALIFORNIA COMMUNITY COLLEGES (ASCCC)
https://www.asccc.org/
(916) 445-4753

This is a statewide professional organization, interested in all matters pertaining to education, especially on the state level, including research, legislation, dissemination of information, and faculty rights and duties. The ASCCC, like the local faculty senates and district senates, is
included in Title V of the Administration Code for Education as representative to the Board of Governors in all faculty matters not covered by collective bargaining. For further information, write to ASCCC, 910 “K” Street, Suite 300, Sacramento, CA 95814.

**FACULTY ASSOCIATION**

http://www.smcfa.org/

(310) 434-4394

The Santa Monica College Faculty Association ("FA" or "the union") is the exclusive bargaining and grievance representative for the faculty of the Santa Monica Community College District and is legally required to represent every member of the bargaining unit. Union membership is not a condition for employment but because of the Agency Shop provision of the Contract, fees are automatically deducted from salary warrants. A full-time or part-time faculty member contributes .58% of their salary (.3% contribution of salary for Emeritus faculty).

**FACULTY ASSOCIATION OF CALIFORNIA COMMUNITY COLLEGES (FACCC)**

**INSTRUCTIONAL INFORMATION AND PROCEDURES**

**CANVAS ACTIVATION**

Canvas is the online course management system used by the District and is available to all SMC faculty to provide supplemental tools to support your class. Use of Canvas is optional, but many faculty find it a very convenient tool for improving communication with students.

Canvas shells for on-campus classes are created by our SMC IT team several weeks before a term begins. Faculty who wish to use Canvas will need to go into their SMC faculty Canvas site (via
mProfessor) prior to each term and “publish” each shell that they wish to make accessible to their students.

Until a shell is published, students will not have access. While faculty can publish their shells well in advance of a term start, students will not have access until the first day of a term.

Students begin to populate the shells approximately 7 days prior to a term and have access for 14 days after a term ends but only if faculty opt to publish the shell.

Important: Faculty who want to use Canvas to send emails prior to a term start will need to first publish their shell/course.

To troubleshoot activation Issues, email: distance_ed_inquiry@smc.edu.

Help-Desk Support for Faculty (i.e., “how to use” tools, platform questions, system Connectivity Issues, Email Issues within Online Courses, etc.) is supported directly by Canvas. Their helpdesk team is available 24/7/365 via toll-free phone: Tel: (877) 740-2213.

CENTER FOR TEACHING EXCELLENCE
Media Center Building in M104
https://www.smc.edu/administration/center-for-teaching-excellence/
Email: thecenter@smc.edu

The Center for Teaching Excellence (The Center) has institutionalized faculty professional development at SMC over the past 10 years. The Center provides year-round professional development opportunities such as seminars applicable to all faculty, departmental workshops, content specific-courses, and customized individual and small group support. Starting Fall 2021, in collaboration with the Academic Senate Professional Development Committee, Classified Professional Committee, Human Resources and other key stakeholders, The Center will undergo an exciting redesign to transform into an equity-focused professional development center for all employee groups (faculty, staff and administrators) in an effort to provide the support and education needed to meet our college racial equity goals and increase the success rates of our students as they pursue their academic and career goals.

Please visit our website for updates, resources and professional development opportunities at http://www.smc.edu/thecenter. To contact The Center, please email thecenter@smc.edu.
COURSE SYLLABUS
During the first meeting of class, you should provide a course syllabus for your students. If you prefer to make your syllabus available electronically via Canvas or SMC email, you may, but you should provide a hardcopy to any student enrolled in your class upon request. You should also upload a copy of the syllabus for each class you are teaching in your mProfessor portal.

Your course syllabus should indicate what is expected of your students, including your grading policy, attendance policy, a plan of course activities, and the Student Learning Outcomes for the course. Course content, including Student Learning Outcomes, is dictated by the Course Outline of Record available from your Department Chair. The Professional Ethics and Responsibilities Academic Senate-Joint Committee has developed a "model syllabus" as a resource for faculty members. The Model LSyllabus can be accessed at their website:

https://www.smc.edu/administration/governance/academic-senate/committees/professional-ethics-responsibilities.php.

Editable word documents of the model syllabus are available in Canvas Central within Canvas. A good syllabus should include:

- Name, number, and description of course (may use description in class schedule);
- Pre-requisites, co-requisites, and/or advisories;
- A summary of course content based on approved course outlines:
  - The Student Learning Outcomes for the course based upon the approved course outline;
- Required and recommended textbooks and other materials (handout packets, calculators, safety glasses, etc.);
- Your name, how to contact you through email and campus mail, and the location of the Mailroom;
- Days, times, and rooms for class meetings;
- Tentative schedule of topics to be addressed in the course;
- Schedule of lab experiments and lab policies, if you teach a lab course;
- Tentative dates of tests, quizzes, papers, and other course assignments;
- Date of the final exam as assigned by the college;
- Description of the grading system, including the number of points allotted to tests, quizzes, papers, lab reports attendance, etc.;
- Guidelines for papers and other assignments;
- Instructor’s policy on late assignments and make-up tests;
- Instructor’s policy on attendance and tardiness (Title 5 regulations specify that students will attend class regularly, and that instructors will have a method of monitoring attendance on a regular basis to determine whether a student is still
actively pursuing the completion of the course);

- Instructor's policy on academic honesty (cheating), referring to the SMC Code of Academic Conduct (a statement such as "the academic honesty policy of Santa Monica College will be strictly enforced" is sufficient);

- A statement that you will make accommodation for disability related needs if students have a Disabled Student Center verification and let you know of these needs. The Disabled Student Center requires that a disabled student "self-identify" and also provide appropriate documentation in order to establish the existence of the disability and the need for accommodation;

- A statement that students with medical problems which might interfere with your class should let you know the nature of their problem, the action they want you to take if the problem occurs during class, the name and telephone number of their physician and/or names and numbers of people who can be called to take them home or to a place designated for their care.

You must upload a pdf copy of each of your syllabi (one per course section) in mProfessor at the beginning of each semester. In some lab classes, a copy of your syllabus must also be provided to the appropriate laboratory technician.

EXCLUSION FOR NON-ATTENDANCE
During the semester, a student may be dropped from class when, in the instructor's judgment, the number of absences has become excessive, or in the case of online classes, for lack of substantive participation. Normally this is one hour more than twice the number of hours the class is scheduled per week, unless there are extenuating circumstances and the student and the instructor come to a different agreement. Such judgment should be based exclusively on the student's prospect for successfully completing the course. Policies concerning dropping or lowering the grades of students because of excessive absences should be clearly stated in writing on your syllabus at the beginning of the semester.

Although both the College catalog and schedule of classes state that it is the student's responsibility to withdraw from the class, the state mandates that faculty shall clear their class rosters of no-shows or students no longer attending as of census day (see your class roster for specific deadline dates).

Instructors will manage their rosters online. It is important to drop students who are not actively attending your class. The definition of non-participation includes, but is not limited to, excessive unexcused absences. Students failing to attempt or complete course requirements (more than one assignment) may fall into the non-participation category. A student who drops after the “Avoid a W” deadline will receive a "W" grade regardless of the quality of work performed or the
number of previous absences. Students must drop before the 75% point in any class in order to receive a guaranteed W. The exact deadlines are posted in Corsair Connect and in the faculty member’s mProfessor portal. A student who attends after the “Guaranteed W” deadline of a given class must earn a letter grade.

Instructors may not drop a student as a result of earning substandard grades.

**FACULTY & STAFF TECHNOLOGY RESOURCES LAB**

IT Building/Media Center, M106
https://www.smc.edu/administration/information-technology/resources.php
(310) 434-4398, or email: nasr_waleed@smc.edu

Lab Business Hours:
Monday - Thursday: 7:30 a.m. - 7:30 p.m.
Fridays: 7:30 a.m. - 5 p.m.

The Faculty & Staff Technology Resources Lab is equipped with 28 PC-compatible machines as well as a Macintosh computer, two laser printers, and two Scantron machines. These computers offer the standard Microsoft Office Suite software (Word, Excel, Access, and PowerPoint), Office 365, Adobe software and much more. Image and OCR scanning is also available for faculty and staff.

This Technology Resources Lab is designed as a hub to support instructors in using computer technologies to enhance education at SMC. A staff person is always available for consultation, technology training, guidance, and technical assistance.

Contact the Resources Lab for all your technical and instruction related questions. Edit your homepage, manage your e-mail, reset password, scan pictures, create PDFs, Canvas support, MS Office, Adobe, scan your exams using Parscore, mProfessor, Flex hours tracking, etc.

**GRADING/GENERAL INFORMATION**

During the first week of class, all instructors should indicate in writing their standards and criteria for grading and should state clearly how the final grade is to be determined. This should be described in the Syllabus. Students should know how much of their final grade is affected by class participation, examinations, and other assignments. Students should also be informed in writing of penalties for missed exams and policies concerning make-up exams and submission of late assignments. A clear, written explanation of grading policies discourages student complaints and will serve as documentation for the instructor in the event a student chooses to appeal a grade. All of this information should be included in your course syllabus. Please ensure
your grading criteria is very clear. Do not use “grading” notations on assignments such as a “+”, “−”, “✓” or “✗” without actually defining the number of points for each notation used. Using undefined notations often results in grade appeals.

All students active after the 75 percentiles of a semester or term must be awarded grades of A, B, C, D, F, or I (Incomplete). For courses designated as Pass/No Pass, the symbols P or NP will be used.

"Incomplete" grades can only be given when the student is currently earning a C or better in the class and is able to show that illness, accident, emergency, or special circumstances beyond the student's control prevents the completion of immediate "end of semester" course requirements. Instructors will fill out an online form when submitting their final grades.

The "Incomplete" grade is not to be used to extend deadlines that the student might reasonably be expected to meet. A student must make up an "incomplete" grade no later than one year from the time it was assigned. The instructor must indicate at the time the "incomplete" grade is given the conditions for removal of the "incomplete" and the grade to be assigned if those conditions are not met.

The California Education Code requires that students be given the grade they earn. It is against SMC policy to give a student a D or F if they have earned a higher grade (students will sometimes negotiate for a D or F if they have earned a C so that they can retake the course and try for a higher grade).

If a student commits an act of academic dishonesty the faculty member may fail the student on that assignment or exam and should submit a report to the Campus Disciplinarian. The student cannot be failed for the entire course based on one instance of academic dishonesty. See Legal Opinion 07-12 from the Chancellor’s Office.

If a student has a grade complaint that you cannot resolve, send the student to see the Department Chair. Grade disputes that cannot be resolved by the Chair are referred to the College Ombuds Office at 310-434-3986 or email ombuds@smc.edu. The Ombuds Office will endeavor to settle the dispute through informal discussion with the instructor and the student. If the problem cannot be resolved through their efforts, a more formal Grade Appeal procedure is available to the student through the Dean of Enrollment Services. Only the instructor may change a grade unless a finding in favor of the student after undergoing a formal grade appeal is made by the Grade Appeal Committee, composed of faculty, students, and administrators. Decisions for grade changes must be based upon provisions of the California Education Code that allow changes only in cases of instructor (1) bad faith, (2) fraud, (3) incompetence, or (4) mistake.
Be sure to submit your final grade rosters online by the published deadline (usually 7 days after the term is over). Failure to do so negatively impacts students who are waiting for their transcripts to be sent so they can transfer, and it can also negatively impact their ability to receive Financial Aid. Grades that are submitted after the posted deadline must be accompanied by a “Grade Change Form” for each student.

**GUEST SPEAKERS IN CLASSROOMS**

An instructor must be present at all times while a class is in session. A guest speaker may be used in a class, without pay, provided the instructor of record (or another instructor who has been processed by the Office of Human Resources and approved by the Department Chair) is also present. When appropriate, an instructor may incorporate an off-campus activity into the class instruction. At least 10 days prior to the off-campus activity, (1) a field trip request form approved by the Department Chair and the Office of Academic Affairs, (2) a copy of the class roster, and (3) signed field trip form that all students have signed must be on file in the department office. Note that there is no mileage reimbursement.

**MULTIMEDIA (AUDIO/VISUAL EQUIPMENT)**

**Media Center/Information Technology Building**  (310) 434-4352

Nearly all SMC classrooms have A/V equipment located inside the classroom. Check at the A/V counter (located in the Media Center) or call for more information on A/V classrooms and multimedia carts, TV/VCR’S, overhead projectors, screens, etc., that can be checked out through the Media Center. Keys and equipment must be returned to the Media Center before 9:55 p.m.

You can also have educational television programs recorded for classroom use by the Media Center personnel.

Policies and Procedures for the Media Center can be found at:

**OFFICE HOURS - ADJUNCT FACULTY**

*Article 14 of the Agreement between SMC FA & SMCCD*
Adjunct faculty who are teaching load factor 1.0 courses are expected to fulfill, and are compensated for, 16 minutes of office hour time per hour of assignment in the fall and spring semesters. For example, an adjunct faculty member teaching a three-hour course is expected to hold 48 minutes of “office hour” time per week. See Article 14 and 6.4 of the faculty contract. Part-time faculty with assignments that are less than load factor 1.0 shall receive paid office hours at the parity rate of load factor 1.0 part-time assignments. For assignments with a 0.875 or 0.833 load factor, office hours will be compensated at the rate of 10.5 minutes per teaching hour per week. For assignments with a 0.75 load factor, office hours will be compensated at the rate of 3 minutes per teaching hour per week. For assignments with a .6 or .5 load factor, no office hours are required. To help students who need extra help with course material, you are expected to make time available before, during or after class to answer questions about grades or class procedures. An option you might try is to occasionally devote a short period at the beginning or end of a regular class session for "office hours" type activities or for questions about course material and policies.

You can use your classroom (if it is open). Check with your Department Chair to see if your department has a conference room that may be available for office hours. Check with your Department Chair to see if any of the full-time faculty members in your department are willing to share their offices. Some adjunct faculty use the staff lounge to meet with their students. Time spent in office hours beyond the required minimum may be used to fulfill individual flex requirements for adjunct faculty.

Adjunct Faculty must submit their office hours via the online form available in mProfessor within the first week of each class session.

OFFICE HOURS - CONTRACT FACULTY

*Article 6.4 of the Agreement between SMC FA & SMCCD*

For each full-time faculty member whose contractual (non-overload) weekly teaching assignment is 12 to 16 WTH (weekly teaching hours) per week, four hours per week of the assigned total hours shall be devoted to office hours, regularly scheduled on at least three days of each week. Faculty members whose weekly contractual teaching assignment is 17, 18, or 19 WTH per week (load factor <1) shall schedule three office hours per week, regularly scheduled on at least three days of each week. Faculty members whose weekly contractual teaching assignment is 20 WTH (load factor 0.75) or more per week shall schedule at least one office hour per week. (*Article 6.4*)

Full-time Faculty must submit their office hours via the online form available in mProfessor
within the first week of each class session.

**OFFICE HOURS – INTERSESSIONS**

*Article 9 of the Agreement between SMC FA & SMCCD*

All faculty, both full-time and part-time, are expected to fulfill, and are compensated for, a total of 60 minutes of office hour time per adjusted hour of teaching assignment in the winter and summer intersessions. For example, a faculty member teaching a course that would meet 3 hours per week in a full semester and at load factor 1.0 would hold a total of 180 minutes of office hours in summer or winter, or 30 minutes per week over a 6-week session. A faculty member teaching a course meeting 3 hours per week in a full semester at load factor 0.75 would hold a total of 135 minutes of office hours, or 22.5 minutes per week in a 6-week session.

All faculty must submit their intersession office hours via the online form available in *mProfessor* within the first week of each class session.

**PHOTOCOPYING**

*Media Center* / South side of Library (310) 434-4828.

Reprographics (located in the Media Center) will make copies of tests, quizzes, handouts, syllabi, etc. Originals should be submitted a minimum of 4 hours before they are needed, but please allow extra time during peak times, such as the beginning of the semester and during finals. You are allowed to make 10 copies per student per semester, exclusive of tests and syllabi. Originals may be submitted electronically using DSF Webprint ([https://webprint.smc.edu/](https://webprint.smc.edu/)).

For your convenience, the Bookstore and Reprographics can build and sell your "custom course packs". Simply contact the Bookstore for more information on this process, which will allow you to distribute large quantities of documents to your student at no cost to you. They want about 6-8 weeks of lead-time on major packets that are needed for the beginning of a semester. They can do smaller jobs with no copy clearance, during the semester in about 2-3 weeks. You must fill out two forms, including a copyright clearance in the Bookstore (*contact Juarez_Elease@smc.edu*) and then take your photo-ready copy to the Media Center. You can arrange to have extra "desk copies" made of your packets at no cost to you or the department. Please provide copies of any handout labs to classified support staff as is appropriate.

**RELIGIOUS HOLIDAYS**

In accord with the California Education Code, Sections 262 and 76121, Santa Monica College’s policy is that students may be required to make-up missed work from absences due to the
observation of a religious holiday, but they cannot be penalized for such absences. This extends to any work affecting a student's grade.

**STUDENT COMPUTER LABS**  
[https://www.smc.edu/administration/information-technology/student-tech-resources.php](https://www.smc.edu/administration/information-technology/student-tech-resources.php)

All Associated Student members currently enrolled at SMC may use the computers at the Cayton Associated Students Computer Lab, located on the second floor of the Cayton Building, above the cafeteria. Other labs are available only to students enrolled in specific SMC classes. However, during certain variable, non-reserved hours, some of these normally restricted labs are open to the general student population. Some labs that follow this practice are the Computer Systems and Information Systems (CSIS) Lab (Room B231 in the Business Building) and the Library Lab, as well as the English Labs in Drescher Hall 203/204 and the Science Lab in Science 240. Please access the following web page for a complete list of SMC computer labs: [http://www.smc.edu/InformationTechnology/Pages/Cayton.aspx](http://www.smc.edu/InformationTechnology/Pages/Cayton.aspx)

To see the open hours of the larger labs available to general students, please reference the following web page: [http://www.smc.edu/InformationTechnology/Pages/Lab-Schedule.aspx](http://www.smc.edu/InformationTechnology/Pages/Lab-Schedule.aspx)

**STUDENT MISCONDUCT/CHEATING**  
[https://www.smc.edu/student-support/student-judicial-affairs/program-services.php](https://www.smc.edu/student-support/student-judicial-affairs/program-services.php)  
[https://www.smc.edu/student-support/student-judicial-affairs/](https://www.smc.edu/student-support/student-judicial-affairs/)

Cheating is both academically intolerable and violates standards of student conduct. The instructor should take every step possible to prevent and discourage cheating. It is strongly suggested that instructors have alternate test forms and seat students so as to discourage cheating. Don't be naive enough to think that your students would never cheat in your class. Don't take it personally if your students do try to cheat. Just stop them from doing it or getting away with it. That's part of your job. The following are appropriate actions instructors may take in dealing with cheating:

- Issuing of an oral reprimand, and assigning a failing grade to the exam or assignment in which cheating or plagiarism has occurred.
- In more severe incidents, including, but not limited to, impersonation, stealing exams or research papers, or repeated violations, recommending suspension or expulsion may result. Such consequences are administered by the campus disciplinarian.

In any incident of academic dishonesty, the faculty member should adhere to the following procedures:
- Inform the student that academic dishonesty was the basis for the action.
- Inform the Department Chair about the incident.
- Complete the online Academic Dishonesty Report form and submit it, along with any related evidence, to the Office of Student Judicial Affairs, within five working days of the allegation. This information will remain a part of the student's disciplinary records for two years.

**STUDENT MISCONDUCT/DISRUPTIVE BEHAVIOR**

https://www.smc.edu/student-support/student-judicial-affairs/program-services.php
https://www.smc.edu/student-support/student-judicial-affairs/

"Disruptive" refers to all behaviors that interfere with the legitimate instructional, administrative, or service functions of the College. This would include the behavior of students (or non-student intruders) who verbally threaten or abuse College staff or other students, physically threaten or assault others, willfully damage College property, use illegal drugs or alcohol on College grounds, or interfere with the learning environment by disruptive verbal or behavioral expressions.

You have an obligation as the instructor in charge of the class to maintain control and not allow individuals to disturb instruction. If individuals cause a class disturbance, then you need to behave in such a way as to control the disturbance. Usually stopping what you are doing and looking at the person causing the disturbance is enough. If that doesn't work, asking the offender to step outside, and then talking privately to the offender is probably the best method.

When you get the offender outside do not allow yourself to be drawn into an argument. In a calm, firm voice say, "Think about what you are doing. Try to get control of yourself. You're disturbing the class. I can't allow that to continue. If you continue to disturb the class you will leave me with no option but to suspend you from class."

If the person tries to argue with you then say, "I don't have time now to discuss this with you. I will speak to you about this after class." Then go back into the classroom.

During the meeting after class inform the student that such behavior will not be tolerated and that if the student is unwilling or unable to accept the rules of classroom behavior, the student should withdraw from the course.

If the person refuses to cooperate with you and persists in trying to argue with you or disturbs the class in some other fashion, (1) announce to the class that there will be a fifteen-minute
break. (2) Ask to speak to the offending student in private and walk to an area of the room where there are no people. (3) As quietly, but firmly as possible, tell the offending student that he/she is removed from class. (As described below, classroom removal is a tool for an instructor to get a student out of a particular class for up to two class sessions.) Do not allow yourself to be drawn into an argument. If you believe the student's conduct presents a danger to you or any student, request immediate assistance from College Police. If the offender refuses to leave the room call the College Police; inform them that you have removed a student, and that he refuses to leave your classroom. They will know what to do next. Keep your cool. Act in a calm, resolute, rational, non-emotional manner through it all.

Under California law, the instructor may remove the student for (1) the class session in which the disruptive behavior occurred, and (2) the next class period. Whether you do one or two classes, removal should be based on the nature of the conduct. In some circumstances, a one-day removal may be sufficient to correct the student's behavior. If the instructor removes a student, the instructor must file written notification of the removal with the Office of Student Judicial Affairs, using the Class Removal Form. Please also talk to your Department Chair about what happened so that the person who will likely be dealing with the student knows what is going on. If the student is disruptive the next time the student returns to class, the instructor can remove the student again.

The conduct that results in a classroom removal could also result in a formal suspension or expulsion. These procedures require more formal due process to implement. If the student appears to have emotional problems, recommend personal counseling: https://www.smc.edu/student-support/health-wellbeing/center-for-wellness-and-wellbeing/.

**STUDENT PRIVACY RIGHTS**
https://www.smc.edu/admission-aid/student-records/ferpa.php

The Family Education Rights and Privacy Act of 1974 (FERPA) requires educational institutions to protect a student’s privacy by developing policies and implementing procedures for maintaining the student’s records to prevent unauthorized access to them, and limit the types of level of access that are permitted.

To comply with FERPA, Santa Monica College has developed policies governing student records and procedures for safeguarding those records, sharing student information with individuals and organizations, and maintaining a record of persons and organizations that request or receive information from student records.

---

2 See Disciplinary Process: https://www.smc.edu/student-support/student-judicial-affairs/
All faculty are required to complete an online training regarding FERPA. The training can be accessed at: www.smc.edu/ferpa and may be used for flex credit.

**TAPE RECORDING IN CLASSROOMS**
State law provides for the protection of instructors by requiring that the use of listening or recording devices in the classroom must have prior approval by the instructor concerned. Faculty should, however, recall that Federal law mandates "reasonable accommodation" for disabled students and such devices may be necessary for reasonable accommodation purposes. If you have questions about reasonable accommodations for students, please contact the Office of Human Resources and we will refer you to the appropriate resource/compliance officer.

**WITHDRAWALS (FOR STUDENTS FROM CLASS)**
A student enrolled in any class at Santa Monica College must attend all sessions of the class that meet during the first week of the class or in the case of online courses, must participate the first week of classes or risk being dropped from the class by the instructor.

It’s the instructor’s responsibility to clear their rosters of No-Show students prior to the census deadline (which can be found on their online roster in the faculty portal.) This is an important obligation for faculty and is outlined in Title 5 Section 58004 (c) (1)-(3).

Since attendance is essential for normal progress in a class, a student is expected to be in class regularly and on time. Faculty will determine the consequences of absences and late arrivals and should clearly outline their policy in their syllabus.

To withdraw from a class, a student may use the web enrollment system. It is the student’s responsibility to withdraw from a class; informing the instructor is NOT sufficient notice. Failure to withdraw (officially drop) from a class could result in a grade of “F” (0.0).

**DISTRICT PLANNING ADVISORY COUNCIL (DPAC)**
[https://www.smc.edu/administration/governance/district-planning-policies/](https://www.smc.edu/administration/governance/district-planning-policies/)

The Board of Trustees establishes the District Planning and Advisory Council. The Board recognizes the Council as the body primarily responsible for making recommendations to the Superintendent/President on matters that are not otherwise the primary responsibility of the Academic Senate, Associated Students or the Management Association. Issues include, but are not limited to, District budget, facilities, human resources, instruction, student services, and technology planning. Discussion of these issues by the Council will not supplant the collective bargaining process.

The District Planning and Advisory Council shall comprise representatives of the faculty ([Academic Senate](https://www.smc.edu/administration/governance/academic-senate) and [Faculty Association](https://www.smc.edu/administration/governance/academic-senate)), classified staff ([CSEA](https://www.smc.edu/administration/governance/academic-senate)), students ([Associated Students](https://www.smc.edu/administration/governance/academic-senate)) and management ([Management Association](https://www.smc.edu/administration/governance/academic-senate)), who shall mutually agree upon the numbers, privileges, and obligations of Council members. Further, it requires that all mandated reporters be provided with the Penal Code provisions.

or email Rogers_Lugina@smc.edu in the Office of Human Resource.

MINIMUM QUALIFICATIONS
http://www.cccco.edu

With the passage of Assembly Bill 1725 (1988), the issuance of credentials was discontinued in 1990. Credentials were replaced by a set of “Minimum Qualifications” that are used to determine a candidate’s eligibility for academic and administrative positions in the community college system based on their education and experience.

All public California community college districts have hiring authority and must adhere to the minimum qualifications when establishing hiring criteria and/or determining hiring eligibility. The districts may include additional criteria over and above the minimums, but can never hire below the minimums. More detailed information is available at the link, above.

Please Note: Holders of valid community college “life” credentials retain the right to serve under the terms of their credential, and are considered to meet the statewide minimum qualifications for all academic positions within their subject matter areas (EC §87355).

STATE TEACHERS RETIREMENT SYSTEM (STRS)
http://www.calstrs.com/

STRS, the retirement fund program for teachers, is funded by contributions by the State and by employees. To contact STRS, call (800) 228-5453 (Sacramento). The retirement fund program also has a home loan package for members.

TAX-SHELTERED ANNUITIES (TSA)
https://www.smc.edu/administration/human-resources/health-benefits/voluntary-403b-457b-plans.php

The Board of Trustees has adopted a resolution, which makes it possible for salaried employees to purchase tax-sheltered annuities as approved by the Internal Revenue Service. These annuities are purchased by amendment to the employment contract, reducing the employee's salary by the specific amount requested. The amount deducted for this purpose is not reported to the Internal Revenue Service or the Franchise Tax Board as taxable income during the year such annuities are purchased. Income taxes are deferred until the contributions are withdrawn. A reduction in salary for the purchase of TSAs does not reduce the gross salary reported to the State Teachers' Retirement System. Further information about TSAs is available in the Office of Human Resources through the Employee Benefits Coordinator.

TUBERCULOSIS EXAM
State law requires that all persons employed, WITHOUT EXCEPTION, in a school district submit evidence of freedom from tuberculosis upon initial employment. No person shall be initially
employed by the District in an academic assignment unless the person has submitted to an examination or assessment within the past 60 days to determine that he or she is free of active tuberculosis, by a physician licensed under the California Business and Professions Code. New employees are responsible for arranging for a TB test or assessment at the District’s Health Center before the employee begins working (Education Code §87408.6).

Permanent employees and part-time faculty are required to renew their TB certification every four years. TB clearance expiration dates will be monitored by the Office of Human Resources. Employees whose TB clearances have expired will be sent a request from the Office of Human Resources to submit proof of clearance, or to schedule a TB assessment with the Health Office.

If a positive result is obtained from the skin test, the new employee will be required to obtain an X-ray. If the employee elects to go to one of the District’s health care providers, the District is billed and there is no cost to the employee.

Employees who are medically unable to undergo a skin test or x-ray must present a physician’s statement to that effect. The physician must also certify that an examination has been performed and that the employee has been found free of the symptoms of active tuberculosis.

**UNEMPLOYMENT INSURANCE**

https://www.edd.ca.gov/Unemployment/

ARTICULATION
https://www.smc.edu/student-support/academic-support/transfer-center/

SMC recognizes that articulation is the cornerstone of the transfer process. Students who plan to transfer need to know which courses completed at Santa Monica College will be accepted at the college/university of attendance.

It is highly recommended that a student meets with an SMC counselor regularly as transfer information and requirements do change. The location and office hours for the Transfer Center can be found at https://www.smc.edu/student-support/academic-support/transfer-center/. Additional transfer options and opportunities can be found at https://www.smc.edu/student-support/academic-support/transfer-center/resources/.

All students on academic and/or progress probation are asked to complete the Back to Success online workshop offered through Canvas. When students are placed on probation, they are sent a notification of their status, and are urged to complete the workshop prior to starting the next semester. Spring semester probation students are notified during the summer, after spring
grades are posted; Fall semester probation students are notified during the winter, after fall grades are posted. It takes students approximately 60 minutes to complete the Modules. The last Module includes an Action Plan for Success which is reviewed by a counselor. The counselor responds to the plan via the comments section in Canvas. Students have access to the workshop during the subsequent semester, and can message a counselor through the workshop Inbox.

The purpose of the workshop is to define, for the students, the college’s probation policies and the consequences of probation, while providing the students with valuable information necessary for college success (topics include: college support services, time management strategies, calculating a GPA, and repeat policies). The students have an opportunity to get their questions answered from a counselor. The placement process is essential to evaluate students’ skills in English, ESL, and mathematics, to ensure students are placed into the courses that best meet their needs. This process is used only to generate English, ESL, and math placement recommendations, and not to advance students to higher-level courses once they enter a course sequence.

Supplemental Instruction is an academic assistance program at Santa Monica College that provides free out-of-class sessions to students enrolled in specific courses. The SI sessions operate differently than the services provided by the various tutoring labs on campus in the sense that SI leaders do not tutor students or assist students with homework problems. In SI sessions, SI leaders engage students in interactive group activities to help them learn course concepts, prepare for exams, and learn effective study skills. SI is typically offered for traditionally difficult basic skills courses that have a low success rate.

Tutoring is a free service for all SMC students and is offered for most students.

There are multiple tutoring areas:
- Business – Bus 150, ext. 4322
- CSIS- Bus 231, ext. 4322

The Office of Human Resources receives the Part-Time Faculty Assignment Recommendations form and supporting documentation, and contacts the individual in order to complete the processing of personnel and other employment forms. At the time of processing, the individual needs to provide two forms of identification. The Human Resources Dean reviews the authorization to hire packet; the Human Resources Specialist receives the district application and transcripts to determine the new employee's pay rate. The Academic Affairs Office, Student Affairs Office, the Mailroom, Postmaster, hiring department, and the Payroll Office are notified that the assignment is confirmed and the faculty member is cleared to work.

THREE: THE PART-TIME FACULTY ASSIGNMENT RECOMMENDATIONS INFORMATION IS ENTERED INTO THE COMPUTER

Once a new instructor's eligibility to work has been established (fingerprinting and T.B. clearance is required), information is entered into the ISIS system by HR and the Academic
Affairs staff; the instructor's class rosters will be generated by the system as well as listings in the class schedule.

FOUR: CAMPUS AUTHORIZATION TO PAY EMPLOYEE

Based on the completion of the new hire paperwork (including salary placement), the Human Resources Specialist inputs the employee's assignment into the Los Angeles County Office of Education (LACOE) system authorizing the District Payroll office to pay the new employee.

FIVE: DISTRICT PAYS EMPLOYEE

The District Payroll department sends the faculty a paycheck based on the established Payroll Schedule. Faculty are paid based on weeks and checks are mailed to the address faculty have indicated as their warrant address in the personnel processing packet, or directly deposited into a designated bank/credit union account. Adjunct faculty must reinstate their direct deposit each semester (or session) for which they are employed by the District. Pay dates are listed in the payroll schedule which faculty can obtain in the Payroll Department, or on the HR website: http://www.smc.edu/BusinessServices/payroll/Pages/Payroll-Schedules.aspx.

Any questions regarding personnel processing should be directed to the Office of Human Resources, (310) 434-4415. Any payroll questions should be directed to Payroll office, (310) 434-4234.
APPENDIX C
TIPS TO MINIMIZE DISRUPTIVE BEHAVIOR IN THE CLASSROOM

Student behavior can have a significant impact on your classroom and the learning that takes place. While SMC faculty manage their classrooms effectively under normal circumstances, even veteran faculty members occasionally find themselves faced with unusual, challenging behavioral situations that fall outside their experience.

SMC provides a wealth of resources to support faculty in such situations, to facilitate student disciplinary processes as appropriate, and to ensure that troubled students get the help they need. Based on feedback from Department Chairs, faculty leaders, members of the Crisis Prevention Team, and members of the Office of Academic Affairs, the following guidelines were developed as a tool to assist faculty in dealing with disruptive student behavior and to acquaint them with available resources. Very often taking actions such as those described below can help to minimize or stop problematic student behavior, preventing it from escalating into more serious problems.

ADDRESS BEHAVIOR PROBLEMS WHEN THEY HAPPEN

When students are disruptive in class it impacts everyone’s learning experience. It is important to address the problem behavior when it happens. If you do not, the behavior is likely to continue, and you are sending a message to the rest of the class that such behavior is acceptable. It is important to manage your own frustration with problem behavior. Do not lose your cool.

- Ask the student to stop the behavior. If you do not want to do so in front of the class, you could take a break and talk to the student in the hallway or ask the student to step outside with you for a moment.
- Be clear exactly what needs to change and what the consequences will be if they do not. “I need for you to stop having side conversations while I am lecturing. It is distracting for everyone. If you continue to do so I will dismiss you from class for two meetings and submit a disciplinary report.”
- Follow-up. If the behavior improves, acknowledge the improvement. If the behavior does not change, implement the consequences you promised.
- There are excellent online resources for faculty to help with the challenges of classroom management and discipline cases on the following webpage: [http://www.smc.edu/StudentServices/StudentJudicialAffairs/Pages/default.aspx](http://www.smc.edu/StudentServices/StudentJudicialAffairs/Pages/default.aspx).
**RIGHTS AND RESPONSIBILITIES**

- Review the Responsibilities as an SMC student at [http://www.smc.edu/StudentServices/StudentJudicialAffairs/Pages/default.aspx](http://www.smc.edu/StudentServices/StudentJudicialAffairs/Pages/default.aspx), including the following:
  - Rules of Student Conduct (AR 4410)
  - Code of Academic Conduct (AR 4411)
  - Honor Code/Council (AR 4412)

- If a student is continuously disruptive in class, negatively impacting the learning environment for everyone, you may remove that student for two class meetings—the day of the incident and the next class session. When you remove a student, you must file a disciplinary report immediately. Go to this site to submit the report: [http://www.smc.edu/StudentServices/StudentJudicialAffairs/Pages/Student-Discipline-Referral.aspx](http://www.smc.edu/StudentServices/StudentJudicialAffairs/Pages/Student-Discipline-Referral.aspx). The student has the right to return to class following the period of removal unless further disciplinary action is taken by Student Judicial Affairs.

- If you dismiss a student for being disruptive and he/she will not leave, call Campus Police at x4300.

- You can drop a student who has stopped attending an on-ground class or stopped participating in an online class based upon the extent to which he/she is unlikely to pass the course due to excessive absence.

- If you suspect a student has committed an act of academic dishonesty, you can give the student a failing grade for that assignment or exam. You must file an academic dishonesty report.

- If a student is exhibiting unusual or worrisome behavior and you are not sure what to do, contact the Crisis Prevention Team by submitting a referral to: [https://cm.maxient.com/reportingform.php?SantaMonicaCollege](https://cm.maxient.com/reportingform.php?SantaMonicaCollege).

CANVAS PRE-TERM FACULTY TIP SHEET

Canvas shells for the upcoming semester are available 1-2 months prior to a term start. Students will be enrolled approximately two weeks prior to each term start. There is at least a one-day delay between new teaching assignments loaded in ISIS being reflected/updated in Canvas.

New hires must first have activated their SMC faculty email account and have a teaching assignment in ISIS in order for their Canvas accounts to be generated.

HOW TO LOGIN TO CANVAS

To log into Canvas: http://www.smc.edu/OnlineED - click on the yellow login tab. Faculty can log into our Canvas SMC campus using the same credentials that they use to access their mProfessor (network) account. In most cases it will be: last name_first name (underscore between last and first name). Faculty will use the same password they use to access mProfessor.

CANVAS TECHNICAL AND “HOW TO” HELP INFORMATION

Faculty can make use of the Canvas helpdesk support. They are available by phone 24/7/365. Their toll-free number is (844) 303-0352. You can also find the helpdesk phone number inside the ‘Help & Academic Resources’ tab within your faculty Canvas page on the lower left.

REQUESTING ADDITIONAL EMPTY SHELLS

All faculty should have received at least one initial sandbox in Canvas. We urge faculty to use the free teaching account for any additional shell requests since it is a quick and convenient option for all.

It is amazing what Canvas allows us to offer faculty! We are excited to give faculty autonomy of creating their own shells and sharing with their colleagues if they wish. Faculty no longer have to be dependent on our office when they wish to develop content. Click on the following link for more information: https://www.instructure.com/canvas/try-canvas#free-account.

REQUESTING ALTERNATE VIEW

There is a form link available inside the ‘Help & Academic Resources’ tab on your faculty Canvas page on the lower left. ZOOM GUIDELINES

Classrooms
In the College's remote learning environment, your home has become your classroom. When you share your video camera during a Zoom session, everyone in the class can see you. This visibility has created issues resulting in complaints at Santa Monica College and other institutions. These issues have included students brandishing weapons, wearing inappropriate attire for the classroom, sharing pornographic content, making obscene gestures, and disrupting the learning environment in other ways.

All regular College rules apply during a classroom Zoom session, including those stating that each student should:

- Not engage in disruptive behavior
- Not engage in willful disobedience of the directions of your instructor
- Not abuse other students or College personnel
- Conduct oneself in a courteous and respectful manner in communications and actions toward members of the campus community

If you share your video:

- Be appropriately attired for the classroom session
- Do not have any images visible that would be inappropriate in the classroom
- Do not have any firearm or weapon visible for others to see
- Do not make any obscene gestures (e.g., flipping off someone)
- Do not smoke or drink alcohol or be under the influence of drugs or alcohol
