

notice to employees

If a work injury occurs

California law guarantees certain benefits to employees who are injured or become ill because of their jobs.

Any job related injury or illness is covered. Types of injuries and illnesses covered includes, but may not be limited to, strains, sprains, cuts, cumulative or repetitive fractures, illnesses and aggravations. Some injuries from voluntary, off duty, recreational, social or athletic activity may not be covered. Check with your supervisor or claims administrator if you have questions.

All work related injuries must be reported to your supervisor immediately. If you wait too long, you may lose your right to benefits. Your employer is required to provide you a claim form within one working day after learning about your injury.

It is a misdemeanor for an employer to discriminate against workers who are injured on the job or who testify in another employee's case. Any such employee may be entitled to compensation, reinstatement and reimbursement for lost wages and benefits.

Workers' Compensation Benefits include

MEDICAL CARE - All medical treatment - without a deductible or dollar limit. Within one working day after you file a claim form, treatment must be authorized, consistent with the applicable treating guidelines, for your alleged injury up to ten thousand dollars (\$10,000) until the claim has been accepted or rejected. Costs are paid directly by the claim administrator, so you should never see a bill. For dates of injury on or after 1/1/04 there is a limit on some medical treatment.

You may be eligible to treat with your personal physician should you become injured on the job. If eligible, you must notify your employer *in writing before* you are injured. If you have questions please contact your employer who is required to provide written information regarding workers' compensation benefits to all new employees.

MEDICAL PROVIDER NETWORKS - Your employer may be using an MPN, which is a selected network of healthcare providers to provide treatment to workers hired on the job. If you have predesignated a personal physician prior to your work injury, then you may receive treatment from your predesignated doctor. If you have not predesignated and your employer is using an MPN, you are free to choose an appropriate provider from the MPN list. If you are treating with a non-MPN doctor for an existing injury, you may be required to change to a doctor within the MPN.

PAYMENT FOR LOST WAGES - If you're temporarily disabled by a job injury or illness, you'll receive tax-free income, subject to state limits, until your doctor says you are able to return to work. Payments are two-thirds of your average weekly pay, up to a maximum set by state law. Payments aren't made for the first three days unless you're hospitalized as an inpatient or unable to work more than 14 days.

If the injury or illness results in permanent disability, additional payments will be made after recovery. If the injury results in death, benefits will be paid to surviving dependents.

SUPPLEMENTAL JOB DISPLACEMENT BENEFIT - You may be entitled to a Supplemental Job Displacement Voucher, if your employer is not able to return you to work within 60 days after temporary disability ends. SJDB is a non-transferrable voucher payable to a state approved school.
