ADMISSIONS

PASS/NO PASS INFORMATION

In general, Pass/No Pass was established to allow students to take courses for informational, recreational and personal reasons without having them impact upon their official academic record. However, many students take courses for P/NP only to regret their decision later. The purpose of this waiver is to inform you of the Pass/No Pass process and to prevent you from taking classes P/NP for the "wrong reasons." Your P/NP decision has implications on your official academic record at SMC and at other colleges, universities and professional programs. (Fall of 2009 the term Credit/No Credit was changed to Pass/No Pass).

TRANSFER SCHOOL IMPACT

- 1. Transfer institutions generally require letter grades (A, B, C, D, F) in MAJOR and PREREQUISITE courses.
- Pass/No Pass grades may not be accepted for GRADUATE PROFESSIONAL PROGRAMS.
- 3. No grade is calculated into the GPA; however, a P may be calculated as a "C," and a "NP" may be interpreted as a "Fail" by some transfer or graduate institutions.
- 4. Many universities prefer that English composition and college level math requirements be taken on graded basis. Students are encouraged to check with their transfer institution.

IMPORTANT!!

Each university/college has its own policy regarding courses taken PASS/NO PASS. Therefore, each student is responsible for verifying the PASS/NO PASS policy of the transfer institutions. Information can be obtained through each college's admissions office or catalog.

SANTA MONICA COLLEGE IMPACT

The completion of a Santa Monica College course as a "pass" has these SMC impacts.

- 1. A SMC "P" grade does not change a student's SMC grade point average, but it does give SMC course credit in satisfaction of AA degree, occupational certificate and course prerequisite requirements.
- 2. A SMC "NP" grade will impact negatively when computing progress probation status.
- 3. A P/NP grade will not be rescinded.

For questions regarding P/NP, please see an Academic Counselor
