Chris Fria
Chair, Design Technology Department
Santa Monica College
1900 Pico Boulevard
Santa Monica, CA 90405

Dear Professor Fria,

Throughout my time here at SMC, I have been so impressed with the quality and level of instruction in each of my classes that I always find myself wanting more. So, I was very excited to hear that SMC is considering a new BA program in Interaction Design.

As I approach the end of my coursework, deciding what to do next has been a troublesome task. I have been considering various options, but find that too many are unaffordable. And I'm not thrilled by the prospect of going way into debt for a course of study I'm certain would not be any better quality than what I've been receiving here at SMC. So the prospect of getting a second Bachelor's Degree from SMC is fantastic (my first one is in English from the University of Wisconsin), and wow, UX/Interaction Design is such an exciting field! I'd love the opportunity to pursue such a degree right here at SMC!

I enthusiastically support this degree and wish you success with your proposal. I can't wait to be a part of this new program.

Thank you so much!
