Chris Fria  
Chair, Design Technology Department  
Santa Monica College  
1900 Pico Boulevard  
Santa Monica, CA 90405

Dear Professor Fria,

I am excited to hear that you're considering offering a Bachelor of Arts degree in Interaction Design at Santa Monica College. As a current student taking classes in Photovoltaic Systems, Interior Architecture and Graphic Design here at SMC, I am extremely supportive of this degree and would like to enroll in such a program. I'd be very interested in a program that combines design, user experience and technology that could prepare me for a career in Interaction Design/UX.

A high quality yet affordable bachelor's degree is important to me. Interaction Design is an exciting and expanding field and I'd love the opportunity to pursue this degree at an affordable rate.

I enthusiastically support this degree, wish you great success with your proposal and hope to be a member of the first graduating class!

Sincerely,

Royal Smith
