

SANTA MONICA CHAMBER REBUILD BUSINESS DIRECTORY 2026

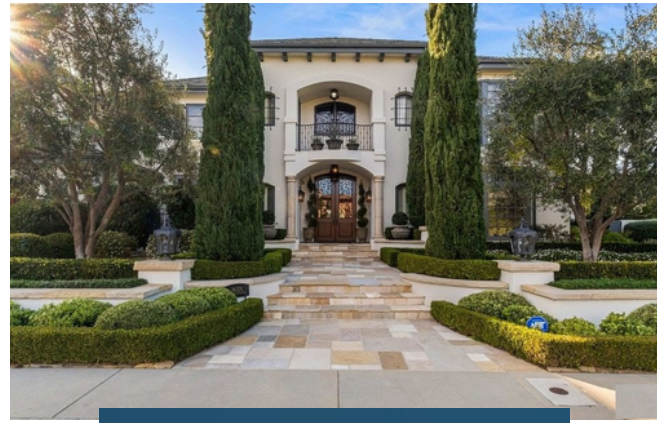

ARCHITECTS

ARCAFORMA

Arcaforma is a full-service architecture, interiors, and planning firm with over 30 years of international experience. Based in Los Angeles, we work across a wide range of sectors including residential, commercial, civic, educational, and institutional projects. Our work is guided by a commitment to design excellence and thoughtful, forward-looking solutions.

Architecture JHK

We're a husband-and-wife-led team with 20+ years designing custom homes in the Pacific Palisades and greater LA. From the first sketches through permitting, approvals, and construction, we work closely with you to create your personal, livable, nurturing haven—grounded in your style and budget, for the way you live, work, play, and welcome friends and family now and in the future.

breakformdesign

Breakform Design is a full-service architecture, design, and general contracting firm with an in-house metal fabrication specialty. Originating as a metal fabrication company, we're known for meticulous attention to detail and use of raw materials — glass, metal, wood, concrete, and landscape — to craft timeless, authentic designs. Services include feasibility studies, construction management, and interior design, creating environments that are purposeful, visually striking, and connected to their surroundings.

Bricolage, Inc.

Over the years our practice has included single family homes in the LA/Santa Monica/Marina/Malibu, areas and beyond. We have also focused on Commercial, multifamily and mixed-use and Senior Housing development. I am also a commissioner with the City of Santa Monica Building & Fire Life Safety Commission.

CATIA SANDER
ARCHITECTURE+INTERIORDESIGN

Catia Sander Design is a full-service architectural and interior design studio specializing in residential and boutique commercial projects. Our work goes beyond aesthetics - we focus on creating spaces that support how people live, feel, and rebuild. Especially in moments like this, we believe design can play a meaningful role in restoring a sense of stability, comfort, and identity within the community.

dfh
architects

DFH Architects is an independent, award-winning architecture firm with over 40 years of experience in the Southern California Area in the design and execution of commercial, mixed-use and multi-family residential projects. We excel in our ability to tackle difficult entitlements, zoning and building codes. We strive to blend artistic vision with sustainable design and take a "big picture" approach with an emphasis on community values and sound project economics.

FFD
FORM FOUND DESIGN

Form Found Design is a full-service architecture firm helping Palisades and Altadena fire survivors rebuild with fire-resilient, non-combustible homes. Our system uses partially prefabricated cold-formed steel framing with durable, termite-proof, fire-resistant materials — insurance-friendly and cost-conscious. Designs are energy-efficient and built to exceed expectations for livability and comfort. We offer one-stop services from design through turnkey finish, making the process easy and stress-free.

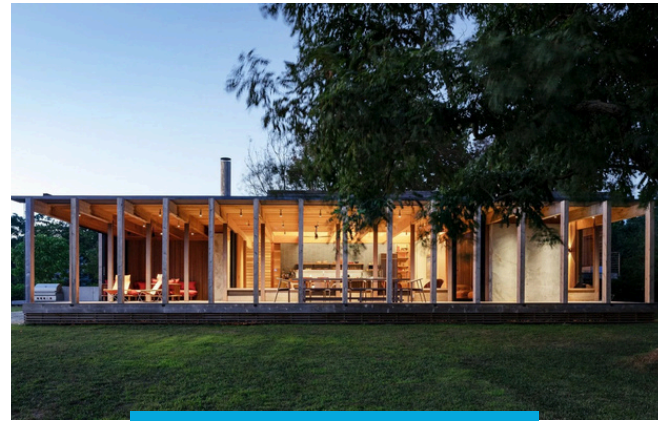

Frederick Fisher and Partners

Frederick Fisher and Partners (FF&P) is a design-first architecture practice with a simple mission: improve life through architecture — for clients, communities, and the planet. Based in Los Angeles and New York, we design cultural, learning, living, and working spaces across public and private sectors. Inspired by history, context, and sustainability, our diverse projects share a common goal: connecting people to each other and to their environment.

Inchoate Architecture is a small, women-owned architectural firm specializing in new homes, remodels, additions and ADU's with a focus on design and sustainability. Inchoate has over 20 years experience working in the greater Los Angeles area, and offers a full-service, customized approach to each project.

KoningEizenberg

KoningEizenberg is a woman-owned architecture firm founded in 1981, specializing in sustainable housing, community, and educational settings that strengthen neighborhoods and animate streets. Led by Principals Julie Eizenberg, Hank Koning, Brian Lane, and Nathan Bishop, our 20-person team is guided by humanist values and an environmental agenda. Our people-oriented, site-specific approach has earned over 200 awards for design, sustainability, and historic preservation.

MARTINKO STUDIOS

Martinko Studios, a boutique father-son architecture and design-build firm specializing in high-quality residential new construction, renovations, and value-driven transformations for discerning clients.

pba
architects+planners

Pooja Bhagat Architects + Planners (PBA) is a Los Angeles-based architecture and design practice with over 25 years of experience. We specialize in fire-resilient hillside design, guiding homeowners through rebuilding with thoughtful, site-specific solutions. Principal Pooja Bhagat brings a deeply personal commitment to the process — shaped by a lifelong connection to architecture and people's bond with place — ensuring every project is smooth, transparent, and within budget.

ROMERO THORSEN DESIGN INC.

30 years of experience in residential design and commercial design, experienced working on fire rebuilds and insurance claims. Offer flexible and full-service contracts: architectural, interior, landscape, and construction management.

SLADE
PROJECT

Slade Project Inc. has specialized in hillside and disaster rebuild projects across Northern and Southern California since 2012, with a focus on Los Angeles and Ventura County since 2018. We've completed multiple Woolsey and Mountain Fire rebuilds and are currently working with several Palisades homeowners. Operating as a one-stop shop, we pair a hands-on approach with licensed contractor partnerships and experienced consultants across all relevant fields.

STUDIO BRACKET

We are a small residential design firm based in Malibu with over 20 years of experience with high end residential projects and rebuilding after natural disasters.

DESIGN

Ecocentrix Landscape Architecture is a Los Angeles-based firm with over 30 years of experience specializing in high-end residential and complex hillside projects. We work closely with architects, contractors, and homeowners to deliver cohesive, buildable outdoor environments that integrate seamlessly with the architecture. Our work often involves challenging site conditions, including fire-affected properties, where thoughtful grading, drainage, and material strategies are critical to long-term resilience.

Noblessa provides full cabinetry design and manufacturing services for every room of the house. All produced by the larger manufacturer of cabinetry in Germany.

Our goal is to practice the art of interior design with the utmost integrity. We want to exceed our client's expectations with our professionalism, level of service and expertise. We want to balance smart planning with good design, while making sure the financial concerns of our clients are being met without exception. From concept to completion, we want our clients to know and feel they are in very good hands.

With over 10 years of experience in California, our full-service interior design firm delivers seamless, high-quality results for residential and hospitality clients including Soho House. We collaborate with architects from initial concept through every finish and furnishing specification for a cohesive, beautifully executed project. For homeowners still assembling their team, we can connect you with vetted architects and contractors we trust — so you move forward with the right people from day one.

SANTA MONICA COLLEGE

ARTS, MEDIA & ENTERTAINMENT

ARCHITECTURE

Architects design the overall look of houses, buildings, and other structures. They must ensure that the final product is both attractive and functional.

POTENTIAL CAREER OPTIONS*

JOB TITLE	TYPICAL EDUCATION	MEDIAN WAGE
Architect	Bachelor's Degree	\$74,035
Interior Architectural Designer	Bachelor's Degree	\$66,000
Landscape Designer	Bachelor's Degree	\$ 61, 978
Urban Planner	Master's Degree	\$90,469
AutoCAD Drafter	Associate Degree	\$47,202

* Careers typically require a Bachelor's degree. Students planning to transfer to a four-year college or university need to know which courses completed at Santa Monica College will be accepted at the specific college/university. Please consult your academic counselor to make an education plan.

SKILLS NEEDED

TITLE	SKILLS
Architect	AutoCAD, Revit, 3DS Max, Microsoft Office, Adobe Illustrator, Photoshop

EXPLORATION CLASSES

- **ARC 10, Studio 1**

ARC courses are not UC transferable.

CERTIFICATES & DEGREES

- **Associate in Science – Architecture**
- **Certificate of Achievement – Architecture and Interior Design Digital Production**

INTERIOR ARCHITECTURAL DESIGN

Interior designers make interior spaces functional, safe, and beautiful for various types of buildings, from residential to commercial. Interior designers must research and analyze client needs and determine the best functional and aesthetically pleasing choices. They determine space requirements, select essential and decorative items such as colors, lighting, and materials, and are able to create, understand and edit construction drawings.

POTENTIAL CAREER OPTIONS*

JOB TITLE	TYPICAL EDUCATION	MEDIAN WAGE
Interior Architectural Designer	Bachelor's Degree	\$66,000
Residential Interior Designer	Associate Degree	\$56,402
Real Estate Staging	Associate Degree	\$48,517
Set and Exhibit Designers	Bachelor's Degree	\$48,972
Retail Display Design	Bachelor's Degree	\$60,000
Commercial Interior Designers: Corporate Workplace, Healthcare, Kitchen and Bath, Sustainable, Human Centered	Bachelor's Degree	\$66,256

* Careers in residential related field do not typically require a Bachelor's degree. Careers in commercial-related design do and may need industry certification. If transfer is your goal, please consult your academic counselor to make an education plan.

SKILLS NEEDED

TITLE	SKILLS
Interior Designers	AutoCAD, Microsoft Office, Adobe Illustrator, Photoshop, SketchUp, and Revit

GENERAL CONTRACTOR

Brookfield Residential is a trusted homebuilder and community developer with 70 years of experience creating homes and neighborhoods that support every stage of life. Known for quality design and outstanding customer care, we've built tens of thousands of homes across North America, with a long history in Southern California — including communities in Altadena, Arcadia, Azusa, and Playa Vista, near Pacific Palisades.

Farnsworth Builders is a custom home builder focused on quality craftsmanship and homes built to last. We work closely with clients to bring their vision to life through a hands-on, detail-driven approach. We specialize in fire-resistant, future-proof homes and are proud to be part of the Palisades rebuilding effort — offering neighborhood discounts to support the community as it rebuilds.

Fountainhead Homes

A luxury home designer and builder crafting distinctive custom residences across West Los Angeles for over three decades.

At Frantz Construction, we specialize in custom home building services that allow you the freedom and space to build your life from the ground up. We are dedicated to providing an unparalleled experience where every detail meets your vision. From concept to completion, we build custom homes that are as unique and beautiful as they are functional — designed to redefine the way you live.

Granvia Builders Inc. is a licensed Los Angeles general contractor specializing in residential construction, including ground-up homes, fire rebuilds, and ADUs. We build across modern, contemporary, Spanish, Mediterranean, and transitional styles, tailored to each homeowner's vision. Our focus is durable construction, code compliance including WUI requirements, and high-performance systems such as thermal-break aluminum windows, wood-clad aluminum, and triple-pane glazing — with a smooth, well-managed process for families in post-fire recovery.

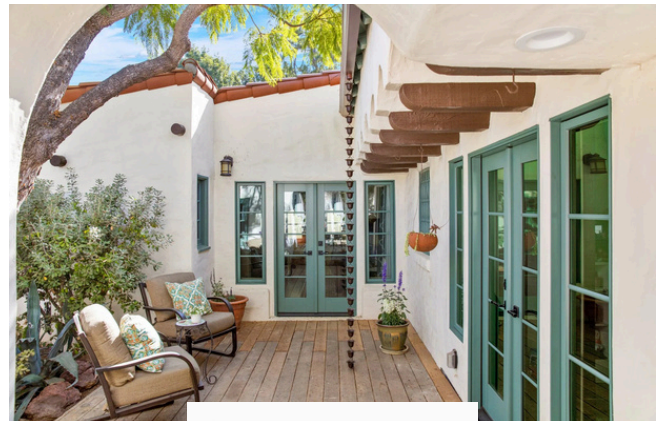

HOMEBOUND TECHNOLOGIES

Homebound supports homeowners rebuilding after catastrophic events with a streamlined, end-to-end approach. Founded after our founders lost their homes in the 2017 Tubbs Fire, we bring a deeply personal understanding to the process. By combining insurance guidance, design, permitting, and construction under one roof, we simplify an overwhelming experience — providing clarity and trusted support every step of the way.

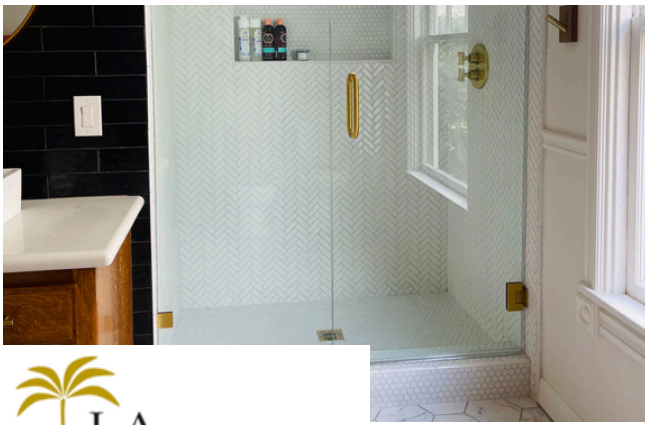

Transform your space with Kasteler Construction, the expert general contractor for restaurants and large residential remodels. Our dedicated team will work with you to create a one-of-a-kind space that you'll never want to leave.

KORRA

KOR Design Build is a licensed residential construction company with over 27 years of hands-on experience managing remodels, additions, and ground-up builds across Los Angeles. We specialize in guiding homeowners through complex projects with transparency, strong project management, and a cost-plus approach that prioritizes clarity and control. We don't mark up materials. We also consult to support homeowners navigate the rebuild process after loss.

A licensed, full-service contractor offering comprehensive in-house plumbing, electrical, HVAC, and architectural services. Keeping all core trades under one roof ensures seamless coordination, consistent quality, and efficient timelines from start to finish. Our team brings years of experience and a strong commitment to transparency, safety, and craftsmanship. We take pride in helping homeowners rebuild with confidence through reliable service and attention to detail.

We are a residential design & build company specializing in ADUs, additions, and full home remodels. Our approach focuses on delivering well-organized, code-compliant projects with clear communication and efficient execution from planning through construction.

MARTINKO STUDIOS

Martinko Construction is a design focused construction firm delivering thoughtful, high quality projects while guiding clients through challenging renovations, rebuilds, or new construction with transparency and professionalism.

MORLEY BUILDERS

Since 1947, Morley Builders has delivered high-quality general contracting across Southern California. A 100% employee-owned corporation with nearly 200 professionals, we're nationally ranked among Engineering News Record's Top 400 Contractors. Services include preconstruction, design-build, seismic strengthening, preservation, modernization, and LEED-rated sustainable construction. Built on strong client relationships, we treat every project as one-of-a-kind — transforming visionary concepts into exceptional results across a wide range of market sectors.

Oakmont Builders is a Southern California custom home builder specializing in fire-resilient construction and high-performance exterior systems. As a James Hardie Elite Preferred Contractor, we focus on rebuilding homes in fire-impacted communities like Pacific Palisades using non-combustible materials, proper detailing, and code-driven best practices. Our team manages projects from concept through completion, ensuring durability, safety, and long-term value. We are committed to helping homeowners rebuild stronger, safer, and better than before.

Thomas James Homes is the nation's leading single-lot, urban infill homebuilder, operating across Southern California, Northern California, the Pacific Northwest, and Arizona, and at the forefront of rebuilding efforts in Pacific Palisades. Through a streamlined, all-inclusive, turnkey process delivered by one integrated team, with guaranteed pricing and timelines, TJH helps homeowners navigate the complexities of rebuilding with greater certainty. The company is focused on bringing certainty, quality, and speed to the rebuilding process.

Westside Remodeling is a family-owned, veteran-owned Design & Build General Contractor serving the Los Angeles area. President Jonathan Wilcox has directly managed over 240 ground-up new construction homes over the past 12 years. Our team brings more than 75 years of combined experience in design and construction. Westside Remodeling has proudly served homeowners for over 40 years.

REAL ESTATE PROFESSIONAL

SpencerFane®

SPENCER FANE LLP

Alexandra is a real estate attorney at Spencer Fane LLP with over a decade of experience advising homeowners, property owners, and developers on a broad range of issues including real estate litigation, landlord-tenant matters, regulatory compliance, and insurance disputes. Among other things, she assists clients navigating the legal complexities that arise before, during, and after major property transactions and rebuilds — from permitting and title issues to contractor disputes and insurance claims. Based in Santa Monica, she is well-positioned to serve Palisades-area homeowners working through the recovery and rebuild process.

CREWS for Causes

Commercial Real Estate and Workplace Services

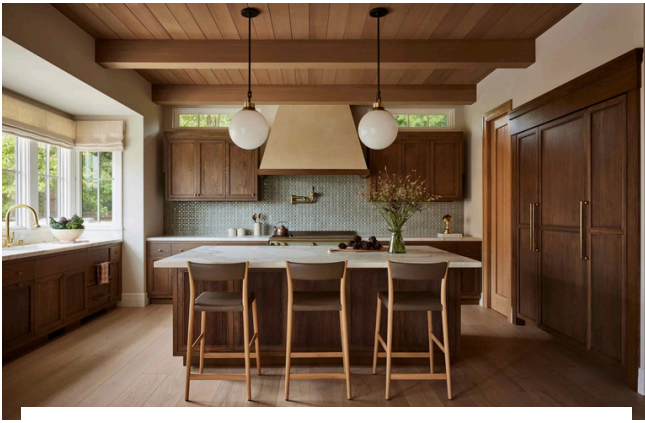

**CREWS FOR CAUSES / CALEB
RAMSAY, EXP REALTY**

I'm a licensed real estate professional with eXp Realty specializing in the Los Angeles Westside, helping displaced Palisades homeowners evaluate their options. Whether that's rebuilding, selling land, or understanding what their property is worth today. I also offer project management services for homeowners undertaking rebuilds, serving as a trusted advocate to coordinate contractors, timelines, and budgets so families aren't navigating the process alone.

SPECIALTY CONTRACTOR

reSAWN TIMBER co.™

reSAWN TIMBER co. manufactures high-performance, design-driven wood cladding and decking for residential and commercial applications. Our thermally modified wood products are engineered for durability and stability in demanding exterior environments, including coastal conditions. We offer solutions aligned with WUI requirements and are actively expanding our fire-rated line — with a Class A fire-rated cladding product soft-launching this summer and a broader release anticipated later this year.

We are a full service custom home builder and also licensed for excavation and grading, demolition, concrete and foundation, wood framing, drilling for shoring and piles and caissons, and hauling of soil, concrete, and construction debris.

**waterless
TURF**

We are experts in providing you with multi service Landscape, Hardscape, Drought Resistant, Water Saving, Plant Design, Artificial Turf Play Areas, Pet Areas, Putting Greens, with Safe and Affordable Products and Custom Design Home and Yard Improvement Solutions.

Pacific Architectural Concepts (PAC-SoCal) of Southern California is a trusted resource for building, construction, and design professionals throughout the State of California. We offer comprehensive architectural solutions by representing the highest quality manufacturers in the construction industry. Our specialized network of partners grants you access to the world's most highly sought-after manufacturers.

DSI Luxury Technology is an award-winning smart home integrator specializing in high-end residential projects throughout Los Angeles. With over 30 years of experience, DSI partners with architects, builders, and designers to seamlessly integrate audio/video systems, theaters, lighting control, networking, surveillance, and automation into some of the most sophisticated homes in the country. Known for a design-first approach and meticulous planning, DSI ensures technology enhances the home without compromising its aesthetic.

Allegro Steel is a family-owned and operated business with over 30 years of experience in professional welding, fabrication, and installation of structural steel and decorative metal. We are a fully-licensed, bonded, and insured LA City-approved steel fabricator. We take pride in the quality of our work and our commitment to perform our best for every client through collaboration.

At Malibu Glass, we've been proudly serving Malibu and the Pacific Palisades since 1971. As a family-owned and operated business, our roots run deep in this community. When our business burned down in 2007, we rebuilt. After the devastating Woolsey fire in 2018, we helped others rebuild, too. Now, after the recent fires in the Palisades, we're here once again, ready to support our neighbors and help restore what was lost. If you're in need of glass installation or repair services, we're here for you. Together, we can rebuild stronger than ever.

**PALISADES COMMUNITY
RENEWAL CENTER**

The Palisades Community Renewal Center (PCRC), a program of the Picerne Family Foundation, has recently opened in Santa Monica. Our mission is to provide a welcoming space for healing, renewal, and rebuilding—offering free therapy, arts programming, wellness activities, and community gatherings to help individuals and families recover and reconnect after the fires.

CREATIVE GEOTECHNICAL, INC.

We provide geotechnical and engineering geology reports for level and hillside properties, covering new residential and commercial developments, additions, pools, decks, renewable energy facilities, schools, hospitals, and municipal buildings. Our services span preliminary planning through post-construction, and include consultation and engineering review. Clients include homeowners, developers, schools, and government agencies. Our licensed field engineers, soils technicians, and deputy inspectors ensure quality control throughout construction. Fully licensed and insured.

REALM LIVING, INC.

Realm is a full-service home construction platform founded in 2019, connecting homeowners with vetted, licensed, bonded, and insured contractors for new builds, additions, ADUs, and major renovations across California. We've helped over 4,000 homeowners navigate construction, and are currently working with more than 200 families through the fire rebuild process. Each homeowner is paired with a dedicated Realm Advisor guiding them from budgeting through project completion.

LERMAN PROS HVAC, INC.

Lerman Pros HVAC is family-owned, licensed and insured. We provide heating, cooling and ventilation services. Our team does installations, repairs, and maintenance. We also offer air quality solutions. We are Bosch's preferred installers and Mitsubishi diamond dealers.

RBH INSULATION, INC.

RBH Insulation, Inc is a custom home residential insulation contractor. RBH buys direct from Owens Corning, Johns Manville, Rockwool and SWD (closed-cell spray foam). We are a Certified Energy Expert with Owens Corning. RBH is a NICE (national insulation contractors exchange) member, an ICAA member, a BBB member, and a proud supporter of the Gary Sinise Foundation

THE JUNKLUGGERS OF WEST LA

The Junkluggers is an eco-friendly junk and furniture hauling and removal company. We help people get rid of things they no longer need, and we do our best to keep them out of the trash by donating and recycling as much as we can. From furniture to construction debris, we haul it all!

Craig Lawson & Co., LLC

Land Use Consultants

BUILD BACK BETTER LA / CRAIG LAWSON & CO.

To support Los Angeles residential and commercial property owners impacted by the 2025 fires, we have formed an integrated rebuilding team – architects, general contractors, structural and geotechnical engineers, planning and permitting consultants, insurance experts, and others. Altadena, Malibu & Pacific Palisades have suffered immense losses. The overarching purpose of Build Back Better LA is to transform loss into renewal and restore hope to the diverse communities we serve.

H&S Roofing

Family Owned & American Made

H&S ROOFING CORPORATION

H&S Roofing is a licensed and insured roofing company serving Los Angeles and surrounding areas. We specialize in roof replacements, repairs, leak detection, and exterior restoration, with a strong commitment to quality workmanship and honest service. Our team understands the urgency homeowners face after unexpected damage, and we pride ourselves on reliable communication and dependable results.

SIGNALS AV

Signals provides custom home technology solutions for residential projects, including audio and video systems, networking, lighting control, shading, surveillance, access control, and integrated smart home automation. We work with homeowners, builders, architects, and designers to plan, install, program, and support systems that are reliable, easy to use, and tailored to each home. Our services range from early design and budgeting through final installation, training, and ongoing support.

SOUND & SECURE INNOVATIONS, INC.

Sound & Secure Innovations, Inc. has supported homeowners and businesses with their technology and security needs for over 14 years. We provide concierge-level service for security, fire and flood protection, electronic access, and entertainment systems. Our team is dedicated to helping clients make informed decisions through expert guidance and personalized support.

GUARDIAN TRAFFIC SOLUTIONS

Guardian Traffic Solutions provides lane closures, flagging services, and traffic control for the public right of way and pedestrian management. Our certified crews are called Guardians, and we are here to support the growing and rebuilding community where we are needed.

COOLVU OF WEST LOS ANGELES

CoolVu offers premium window and glass solutions for every need and budget. From window tinting, privacy and frosted glass, to architectural surfaces and security glass, we provide the products and installation expertise to improve and protect your most valuable space — your home.
